§2054. Health Facilities Authority; executive director

1. Authority. The Maine Health and Higher Educational Facilities Authority, established by Title 5, chapter 379, is constituted a public body corporate and politic and an instrumentality of the State, and the exercise by the authority of the powers conferred by this chapter is deemed and held to be the performance of an essential public function. The authority consists of 12 members, one of whom must be the Superintendent of Financial Institutions, ex officio; one of whom must be the Commissioner of Health and Human Services, ex officio; one of whom must be the Commissioner of Education, ex officio; one of whom must be the Treasurer of State, ex officio; and 8 of whom must be residents of the State appointed by the Governor. Not more than 4 of the appointed members may be members of the same political party. Three of the appointed members must be trustees, directors, officers or employees of health care facilities and one of these appointed members must be a person having a favorable reputation for skill, knowledge and experience in state and municipal finance, either as a partner, officer or employee of an investment banking firm that originates and purchases state and municipal securities, or as an officer or employee of an insurance company or bank whose duties relate to the purchase of state and municipal securities as an investment and to the management and control of a state and municipal securities portfolio. Of the 3 members first appointed who are trustees, directors, officers or employees of hospitals, one shall serve for 2 years, one for 3 years and one for 4 years. Of the 5 remaining members initially appointed, one shall serve for one year, one for 2 years, one for 3 years, one for 4 years and one for 5 years. For the 2 members whose terms expire in 1980 and 1981, the Governor shall appoint as successors, for terms of 5 years each, persons who are trustees, members of a corporation or board of governors, officers or employees of institutions for higher education. Annually, the Governor shall appoint, for a term of 5 years, a successor to the member whose term expires. Members shall continue in office until their successors have been appointed and qualified. The Governor shall fill any vacancy for the unexpired terms. A member of the authority is eligible for

reappointment. Any non-ex officio member of the authority may be removed by the Governor, after hearing, for misfeasance, malfeasance or willful neglect of duty. Each member of the authority before entering upon the member's duties must take and subscribe the oath or affirmation required by the Constitution of Maine, Article IX. A record of each such oath must be filed in the office of the Secretary of State. The Superintendent of Financial Institutions, the Treasurer of State, the Commissioner of Health and Human Services and the Commissioner of Education may designate their deputies to represent them with full authority and power to act and vote in their behalf or, in the case of the Superintendent of Financial Institutions, the Commissioner of Health and Human Services and the Commissioner of Education, any member of their staffs to represent them as members at meetings of the authority with full power to act and, in the case of the Superintendent of Financial Institutions, the Commissioner of Health and Human Services and the Commissioner of Education, to vote in their behalf.

[RR 2021, c. 2, Pt. B, §115 (COR).]

4. Powers of authority. The powers of the authority are vested in its members, and 5 members of the authority constitute a quorum at any meeting of the authority. A vacancy in the membership of the authority does not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. An action taken by the authority under this chapter may be authorized by resolution approved by a majority of the members present at any regular or special meeting, which resolution takes effect immediately, or an action taken by the authority may be authorized by a resolution circularized or sent to each member of the authority, which resolution takes effect at such time as a majority of the members have signed an assent to such resolution. Resolutions of the authority need not be published or posted. The authority may delegate by resolution to one or more of its members or its executive director such powers and duties as it considers proper.

The authority may meet by telephonic, video, electronic or other similar means of communication with less than a quorum assembled physically at the location of a public proceeding identified in the notice required by Title 1, section 406 only if:

A. Each member can hear all other members, speak to all other members and, to the extent reasonably practicable, see all other members by videoconferencing or other similar means of communication during the public proceeding, and members of the public attending the public proceeding at the location identified in the notice required by Title 1, section 406 are able to hear and, to the extent reasonably practicable, see all members participating from other locations by videoconferencing or other similar means of communication; [PL 2015, c. 449, §2 (NEW).]

B. Each member who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication

identifies all persons present at the location from which the member is participating; [PL 2015, c. 449, §2 (NEW).]

C. A member who participates while not physically present at the location of the public proceeding identified in the notice required by Title 1, section 406 does so only when the member's attendance is not reasonably practical. The reason that the member's attendance is not reasonably practical must be stated in the minutes of the meeting; and [PL 2015, c. 449, §2 (NEW).]

D. Each member who is not physically present at the location of the public proceeding and who is participating through telephonic, video, electronic or other similar means of communication has received prior to the public proceeding all documents and materials discussed at the public proceeding, with substantially the same content as those presented at the public proceeding. Documents or other materials made available at the public proceeding may be transmitted to the member not physically present during the public proceeding if the transmission technology is available. Failure to comply with this paragraph does not invalidate an action taken by the authority at the public proceeding. [PL 2015, c. 449, §2 (NEW).]

[PL 2015, c. 449, §2 (AMD).]

5. Bond. Each member of the authority shall execute a surety bond in the penal sum of \$50,000 and the executive director shall execute a surety bond in the penal sum of \$100,000, or, in lieu thereof, the chair of the authority shall execute a blanket position bond covering each member, the executive director and the employees of the authority, each surety bond to be conditioned upon the faithful performance of the duties of the office or offices covered, to be executed by a surety company authorized to transact business in this State as surety and to be approved by the Attorney General and filed in the office of the Secretary of State. The cost of each bond must be paid by the authority. [RR 2021, c. 2, Pt. B, §116 (COR).]

6. Expenses. The members of the authority shall be compensated according to the provisions of Title 5, chapter 379.

[PL 1983, c. 812, §125 (RPR).]

7. Conflict of interest. Notwithstanding any other law to the contrary, it does not constitute a conflict of interest for a trustee, director, officer or employee of a health care facility or a participating institution providing an educational program or for a trustee, member of a corporation or board of governors, officer or employee of an institution for higher education to serve as a member of the authority if that trustee, director, member of a corporation or board of governors, officer or employee abstains from deliberation, action and vote by the authority under this chapter in specific respect to the health care facility, institution for higher education or participating institution providing an educational program of which that member is a trustee, director, member of a corporation or board of governors, officer or employee.

In the discretion of the authority, any bonds issued under this chapter may be secured by a trust agreement by and between the authority and a corporate trustee or trustees, which may be any trust company or bank having the powers of a trust company within or without the State. §2063. Credit of State not pledged

Bonds and notes issued under this chapter do not constitute or create a debt or debts, liability or liabilities on behalf of the State or of a political subdivision of the State other than the authority or a loan of the credit of the State or a pledge of the faith and credit of the State or of any such political subdivision other than the authority, but are payable solely from the funds provided for the bonds and notes. All such bonds and notes must contain on the face of the bonds and notes a statement to the effect that neither the State nor a political subdivision of the State is obligated to pay the same or the interest on the bonds and notes, except from revenues of the project or the portion of the project for which they are issued and that neither the faith and credit nor the taxing power of the State or of a political subdivision of the State is pledged to the payment of the principal of or the interest on such bonds or notes. The issuance of bonds or notes under this chapter may not directly or indirectly or contingently obligate the State or a political subdivision of the State to levy or to pledge any form of taxation whatever for the bonds and notes or to make an appropriation for their payment. Nothing in this section may prevent nor be construed to prevent the authority from pledging its full faith and credit or the full faith and credit of a participating health care facility, participating institution for higher education or participating institution providing an educational program to the payment of bonds or notes or issue of notes or bonds authorized pursuant to this chapter. §2064. Rents and charges

The authority is authorized to fix, revise, charge and collect rates, rents, fees and charges for the use of and for the services furnished or to be furnished by each project and to contract with a person, partnership, association or corporation, or other body, public or private, in respect of rates, rents, fees and charges. Such rates, rents, fees and charges must be fixed and adjusted in respect of the aggregate of rates, rents, fees and charges from such project so as to provide funds sufficient with other revenues or money available for the project, if any, to pay the cost of maintaining, repairing and operating the project and each and every portion of the project, to the extent that the payment of such cost has not otherwise been adequately provided for, to pay the principal of and the interest on outstanding bonds or notes of the authority issued in respect of such project as the same become due and payable, and to create and maintain reserves required or provided for in a resolution authorizing, or trust agreement securing, such bonds or notes of the authority. Such rates, rents, fees and charges are not subject to supervision or regulation by a department, commission, board, body, bureau or agency of this State other than the authority. A sufficient amount of the revenues derived in respect of a project, except such part of such revenues as may be necessary to pay the cost of maintenance, repair and operation and to provide reserves and for renewals, replacements, extensions, enlargements and improvements

as may be provided for in the resolution authorizing the issuance of bonds or notes of the authority or in the trust agreement securing the same, must be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund that is pledged to, and charged with, the payment of the principal of and the interest on such bonds or notes as the same become due, and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge is valid and binding from the time when the pledge is made; the rates, rents, fees and charges and other revenues or other money so pledged and later received by the authority are immediately subject to the lien of such pledge without any physical delivery of the revenues or money or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice of the lien. Neither the resolution nor a trust agreement nor any other agreement nor any lease by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of money to the credit of such sinking or other similar fund are subject to the resolution authorizing the issuance of such bonds or notes or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund may be a fund for all such bonds or notes issued to finance projects at a particular participating health care facility, participating institution for higher education or participating institution providing an educational program without distinction or priority of one over another, provided the authority in any such resolution or trust agreement may provide that such sinking or other similar fund is the fund for a particular project at a participating health care facility, participating institution for higher education or participating institution providing an educational program and for the bonds issued to finance a particular project and may, additionally, permit and provide for the issuance of bonds having a subordinate lien in respect of the security authorized in this chapter to other bonds of the authority, and, in such case, the authority may create separate sinking or other similar funds in respect of such subordinate lien bonds. §2072. Agreement of the State

The State pledges to and agrees with the holders of bonds, notes and other obligations issued under this chapter, and with those parties who may enter into contracts with the authority pursuant to this chapter, that the State will not limit, alter, restrict or impair the rights hereby vested in the authority and the participating health care facilities, the participating institutions for higher education and the participating institutions providing an educational program to acquire, construct, reconstruct, maintain and operate a project as defined in this chapter or to establish, revise, charge and collect rates, rents, fees and other charges as may be convenient or necessary to produce sufficient revenues to meet the expenses of maintenance and operation of the project and to fulfill the terms of any agreements made with the holders of bonds, notes or other obligations authorized and issued by this chapter, and with the parties who may enter into contracts with the authority pursuant to this chapter, or in any way impair the rights or remedies of the holders of such bonds, notes or other obligations of such parties until the bonds, notes and such other obligations, together with interest on the bonds, notes and other obligations, with interest on any unpaid installment of interest and all costs and expenses in connection with an action or proceeding by or on behalf of the bondholders, are fully met and discharged and such contracts are fully performed on the part of the authority. Nothing in this chapter precludes such limitation or alteration if and when adequate provision is made by law for the protection of the holders of such bonds, notes or other obligations of the authority or those entering into such contracts with the authority. The authority is authorized to include this pledge and undertaking for the State in such bonds, notes or other obligations or contracts. [PL 2007, c. 354, §24 (AMD).]

§2073. Act cumulative; no notice required

Neither this chapter nor anything contained in this chapter is or shall be construed as a restriction or limitation upon any powers which the Maine Health and Higher Educational Facilities Authority might otherwise have under any laws of this State, and this chapter is cumulative of any such powers. §2075. Maine Health Facilities' Reserve Fund

1. Maine Health Facilities' Reserve Fund. The authority shall establish and maintain a reserve fund called the "Maine Health Facilities' Reserve Fund" in which is deposited all money appropriated by the State for the purpose of that fund, all proceeds of bonds required to be deposited in the fund by terms of any contract between the authority and its bondholders or any resolution of the authority with respect to the proceeds of bonds and any other money or funds of the authority that the authority determines to deposit in the fund and any other money made available to the authority only for the purposes of the fund from any other source or sources.

A. Money in the reserve fund is held and applied solely to the payment of the interest on and principal of bonds secured by the reserve fund and sinking fund payments referred to in this chapter with respect to bonds secured by the reserve fund as the interest, principal and sinking fund payments become due and payable; and for the retirement of bonds, including the payment of any redemption premium required to be paid when any bonds are redeemed or retired before maturity. Money may not be withdrawn from the fund if the withdrawal reduces the amount in the reserve fund to an amount less than the required debt service reserve, except for:

- (1) Payment of interest then due and payable on bonds;
- (2) Payment of the principal of bonds then maturing and payable;
- (3) Sinking fund payments referred to in this chapter with respect to bonds;
- (4) The retirement of bonds in accordance with the terms of any contract between the authority and its bondholders; or
- (5) The payment for which other money of the authority is not then available for payment of interest, principal or sinking fund payments or the retirement of bonds in accordance with the terms of any such contract. [PL 1991, c. 584, §6 (NEW).]

B. As used in this chapter, "required debt service reserve" means, as of any date of computation, the amount or amounts required to be on deposit in the reserve fund as provided by resolution of the authority. For purposes of this chapter, the amount of any letter of credit, insurance contract, surety bond or similar financial undertaking available to be drawn upon and applied to obligations to which money in the reserve fund may be applied is deemed to be and must be counted as money in the Maine Health Facilities' Reserve Fund, capital reserve funds or any other reserve fund as provided by resolution of the authority. The required debt service reserve is, as of any date of computation, an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the authority and holders of bonds secured by the reserve fund to be raised in the current or any succeeding calendar year for:

- (1) The payment of interest on and maturing principal of that portion of outstanding bonds secured by the reserve fund; and
- (2) Sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of those bonds. [PL 1995, c. 179, §4 (AMD).]

C. To ensure the maintenance of the required debt service reserve in the reserve fund, there must be annually appropriated and paid to the authority for deposit in the fund the sum, if any, certified by the executive director of the authority to the Governor, required to restore the reserve fund to an amount equal to the required debt service reserve. On or before December 1st of each year, the executive director shall make and deliver to the Governor a certificate stating the sum and the sum or sums so certified must be appropriated and paid to the authority during the current state fiscal year.

To ensure the maintenance of the required debt service reserve in any capital reserve fund to which, at the direction of the authority pursuant to the resolution or resolutions establishing a capital reserve fund, this provision applies, there is annually appropriated and paid to the authority for

deposit in the fund the sum, if any, certified by the executive director of the authority to the Governor, required to restore the reserve fund to an amount equal to the required debt service reserve. On or before December 1st of each year, the director shall make and deliver to the Governor a certificate stating the sum and the sum or sums so certified must be appropriated and paid to the authority during the current state fiscal year. [PL 1991, c. 584, §6 (NEW).]

[PL 1995, c. 179, §4 (AMD).]

2. Capital reserve fund. This subsection applies to capital reserve funds.

A. The authority may establish and maintain one or more special funds called "capital reserve funds" in which must be deposited:

- (1) All money appropriated by the State for the purpose of those funds;
- (2) All proceeds of bonds required to be deposited in those funds by the terms of any contract between the authority and its bondholders or any resolution of the authority with respect to the proceeds of bonds;
- (3) Any other money or funds of the authority that the authority determines to deposit in those funds; and
- (4) Any other money made available to the authority only for the purposes of the fund from any other source or sources. [PL 1991, c. 584, §6 (NEW).]

B. Money in any capital reserve fund is held and applied solely:

- (1) To pay the interest on and principal of bonds secured by the capital reserve fund and sinking fund payments referred to in this chapter with respect to bonds secured by the capital reserve fund as the interest and principal becomes due and payable; and
- (2) To retire bonds secured by the capital reserve fund, including the payment of any redemption premium required to be paid when any such bonds are redeemed or retired before maturity. [PL 1991, c. 584, §6 (NEW).]

C. The minimum amount of any capital reserve fund must be equal to the amounts required under the resolutions pursuant to which the bonds secured by the capital reserve fund are issued. These amounts are referred to in this chapter as the "required minimum reserve." With respect to bonds secured by a capital reserve fund for which the resolution authorizing the issuance of those bonds states that the provisions of subsection 1, paragraph C apply, the required minimum reserve is, as of any date of computation, an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the authority and its bondholders of the bonds to be raised in the current or any succeeding calendar year for the payment of interest on and maturing principal of that portion of the outstanding bonds or sinking fund payments required by the terms of any such contracts to sinking funds established for the payment or redemption of the bonds, all calculated on the assumption that the bonds will cease to be outstanding after the date of the computation because of the payment of the bonds at their respective maturities and the payments of the required money to sinking funds and the application of the sinking funds in accordance with the terms of all such contracts to the retirement of the bonds. [PL 1991, c. 584, §6 (NEW).]

D. Money in any capital reserve fund may not be withdrawn if the withdrawal reduces the amount in the capital reserve fund to an amount less than the required minimum reserve for all such bonds issued and to be issued that are secured by the capital reserve fund, except for:

- (1) Payment of interest then due and payable on bonds secured by the capital reserve fund then maturing and payable;
- (2) Sinking fund payments required by the terms of any such contracts to sinking funds established for the payment of redemption of the bonds;

(3) The retirement of bonds secured by the capital reserve fund in accordance with the terms of any contract between the authority and its bondholders; and

(4) The payments for which other money of the authority is not then available for payment of interest or principal or sinking fund payments or retirement of bonds secured by the capital reserve fund in accordance with the terms of any such contract. [PL 1991, c. 584, §6 (NEW).]

§2076. Authority to intercept federal and state aid

1. Treasurer to withhold funds. When the authority notifies the Treasurer of State in writing that an entity eligible to use the authority is in default as to the payment of principal or interest on any securities of that entity sold through or by the authority, or that the authority has reasonable grounds to predict that the entity will not be able to make a full payment when that payment is due, the Treasurer of State shall withhold any funds in the Treasurer of State's custody that are due or payable to the eligible entity until the amount of the principal or interest due or anticipated to be due has been paid to the authority or the trustee for the bondholders, or the authority notifies the Treasurer of State that satisfactory arrangements have been made for the payment of the principal and interest. Funds subject to withholding under this subsection include, but are not limited to, federal and state grants, contracts, allocations or appropriations.

[PL 1991, c. 584, §7 (NEW).]

2. Withheld funds to be made available to authority. If the authority further notifies the Treasurer of State in writing that no other arrangements are satisfactory, the Treasurer of State shall deposit in the General Fund and make available to the authority any funds withheld from the eligible entity under this section. The authority shall apply the funds to the costs incurred by the eligible entity, including payments required to be made to the authority or trustee for any bondholders of debt service on any debt issued by the authority for the eligible entity or required by the terms of any other law or contract to be paid to the holders or owners of debt issued on behalf of the eligible entity upon failure or default, or reasonable expectation of failure or default, of the eligible institution to pay the principal or interest on its securities when due.

[PL 1991, c. 584, §7 (NEW).]

3. Other agencies to be notified. Concurrent with any notice from the authority to the Treasurer of State under this section, the authority shall notify any other agency, department or authority of State Government that exercises regulatory, supervisory or statutory control over the operations of the eligible entity. Upon notification, the agency, department or authority shall immediately undertake reviews to determine what action, if any, that agency, department or authority should undertake to assist in the payment by the eligible entity of the money due or steps that the agencies of the State other than the Treasurer of State or the authority should take to assure the continued prudent operation of the eligible entity or provision of services to the people served by the eligible entity.

§2077. Lease finance program

1. Establishment; administration. A lease finance program under the jurisdiction and direction of the authority is established to provide for or assist with financing leases for eligible entities to acquire the use of personal or real property. The lease finance program must provide methods of direct or indirect financing, insurance, borrowing, credit enhancement and other financial tools for the lease,

lease-purchase, rental or right of use of any real or personal property or other authorized activity of an eligible entity. For the purposes authorized in this section the University of Maine System and its colleges and universities are eligible participating institutions under the definition of eligible participant for the authority.

[PL 1997, c. 385, §5 (NEW).]

2. Eligible entity defined. For purposes of this section "eligible entity" means an eligible entity, as defined in section 2053, subsection 3-B, that is organized pursuant to the United States Internal Revenue Code, Section 501.

[PL 1997, c. 385, §5 (NEW).]

3. Powers. The authority may make loans or borrow money on behalf of any eligible entity for any of the purposes of this section. The authority may purchase, refinance or enter into leases with or on behalf of any eligible entity. The authority may purchase or refinance for or on behalf of any eligible entity any lease that is held or issued by a 3rd party. The authority may issue its bonds or notes for the purchase of leases on behalf of any eligible entity or any group of those entities or for the establishment of a pool of funds to be used for the purchase, financing or other means of acquisition of leases. The authority shall establish prudent standards for the terms and conditions of any lease financing made available to any eligible entity or any group of those entities. Terms and conditions include, but are not limited to, the general obligation of the eligible entity, liens on any real or personal property held by the eligible entity whether financed by the specific lease or not and sinking funds held by or available to the eligible entity.

[PL 1997, c. 385, §5 (NEW).]

4. Application; eligibility. The authority may prescribe and require an application or procedure for an eligible entity to participate in any form of lease financing assistance made available under this section. An application must include any information that the authority decides is necessary for implementing this section, including, but not limited to, supporting documents, certifications, feasibility studies, financial data, utilization studies or other applicable information. An eligible entity may not participate in any lease finance assistance made available under this section unless, in the sole judgment of the authority, the eligible entity has satisfactorily demonstrated that it will pay the principal, interest, fees and related charges on the bond, debt, or other instrument issued by the authority on its behalf or purchased by the bank from the eligible entity as well as the costs for operation and maintenance of any real or personal property acquired or made available for use by the eligible entity by virtue of the lease assistance. Satisfactory assurance can be demonstrated if an eligible entity has:

A. Established a method of payment by fee, rate, charges, assessment or other mechanism satisfactory to the authority; or [PL 1997, c. 385, §5 (NEW).]

B. Provided collateral sufficient to ensure payment. [PL 1997, c. 385, §5 (NEW).]

[PL 1997, c. 385, §5 (NEW).]

5. State not liable. Bonds, notes, leases or other forms of debt or liability entered into or issued by the authority under this section are not in any way a debt or liability of the State and do not constitute a loan of the credit of the State or create any debt or debts, liability or liabilities on behalf of the State or constitute a pledge of the faith and credit of the State. Each bond, note, lease or other evidence of debt or liability entered into by the authority must contain a statement to the effect that the authority is obligated to pay the principal, interest, redemption premium, if any, and any other amounts payable solely from the sources pledged for that purpose by the authority and that neither the faith and credit nor the taxing power of the State is pledged to the payment of the principal, interest, premium, charge, fee or other amount of the bond, note, lease or other form of indebtedness, as the case may be.

[PL 1997, c. 385, §5 (NEW).]

6. Lease finance agreement. Lease financing and refinancing, lease purchase, loans and other forms of indebtedness or obligations incurred by an eligible entity due the authority under the terms of

this section must be evidenced by and be made in accordance with the terms and conditions specified in a lease finance agreement to be executed by the authority and any eligible entity or any group of those entities. The lease finance agreement must specify, among other things, the terms and conditions for the disbursement of lease finance proceeds, the term and interest rate of the lease, the scheduling of lease payments or bond payments, as the case may be, and any other terms and conditions determined necessary or desirable by the authority.

[PL 1997, c. 385, §5 (NEW).]

7. Utilization of municipal lease finance program. The authority, for the benefit of its eligible entities, may utilize the municipal lease finance program created in Title 30-A, section 6006-C for the purposes of this section.
