The reductions in this subsection must be allocated to each month proportionately based on the budgeted monthly transfers to the Local Government Fund as determined at the beginning of the fiscal year.

#### PART J

**Sec. J-1. 36 MRSA §111, sub-§2,** as amended by PL 2001, c. 396, §1, is repealed and the following enacted in its place:

**2. Notice.** "Notice" means written notification served personally, sent by certified mail or sent by first-class mail to the last known address of the person for whom the notification is intended. A person's last known address is the person's address as reported on the person's most recently filed Maine tax return or as otherwise specified by the person in written correspondence on file with the bureau, unless the bureau determines that a different address is the most current

address for the person, in which case the bureau must use that address. Notice by first-class mail is deemed to be received 3 days after the mailing, excluding Sundays and legal holidays. If the State Tax Assessor is required by a provision of this Title to give notice by certified mail and attempts to do so but the mailing is returned with the notation "unclaimed" or "refused" or a similar notation, the assessor may then give notice by sending the notification by first-class mail. In the case of a joint income tax return, notice may be a single joint notice except that, if the assessor is notified by either spouse that separate residences have been established, the assessor must mail a joint notice to each spouse. If the person for whom notification is intended is deceased or under a legal disability, and the assessor knows of the existence of a fiduciary relationship with respect to that person, notice must be sent by first-class mail to the last known address of the fiduciary.

**Sec. J-2. 36 MRSA §141, sub-§1,** as amended by PL 2009, c. 496, §3, is further amended to read:

**1. General provisions.** Except as otherwise provided by this Title, an amount of tax that a person declares on a return filed with the State Tax Assessor to be due to the State is deemed to be assessed at the time the return is filed and is payable on or before the date prescribed for filing the return, determined without regard to an extension of time granted for filing the return. When a return is filed, the assessor shall ~~cause it to be examined~~ examine it and may conduct audits or investigations to determine the correct tax liability. If the assessor determines that the amount of tax shown on the return is less than the correct amount, the assessor shall assess the tax due the State and provide notice to the taxpayer of the assessment. Except as provided in subsection 2, an assessment may not be made after 3 years from the date the return was filed or 3 years from the date the return was required to be filed, whichever is later. The assessor may make a supplemental assessment within the assessment period prescribed by this section for the same period, periods or partial periods previously assessed if the assessor determines that a previous assessment understates the tax due or otherwise is imperfect or incomplete in any material respect.

**Sec. J-3. 36 MRSA §141, sub-§2,** as amended by PL 2011, c. 1, Pt. BB, §1 and affected by §3, is further amended to read:

**2. Exceptions.** The following are exceptions to the 3-year time limit specified in subsection 1.

A. An assessment may be made within 6 years from the date the return was filed if the tax liability shown on the return, after adjustments necessary to correct any mathematical errors apparent on the face of the return, is less than 1/2 of the tax liability determined by the ~~State Tax Assessor as-~~

essor. In determining whether the 50% threshold provided by this paragraph is satisfied, the assessor may not consider any portion of the understated tax liability for which the taxpayer has substantial authority supporting its position.

B. An assessment may be made at any time with respect to a time period for which a fraudulent return has been filed.

C. An assessment may be made at any time with respect to a period for which a return has become due but has not been filed. If a person who has failed to file a return does not provide to the assessor, within 60 days of receipt of notice, information that the assessor considers necessary to determine the person's tax liability for that period, the assessor may assess an estimated tax liability based upon the best information otherwise available. In any proceeding for the collection of tax for that period, that estimate is prima facie evidence of the tax liability. The 60-day period provided by this paragraph must be extended for an additional 60 days if the taxpayer requests an extension in writing prior to the expiration of the original 60-day period.

E. The time limitations for assessment specified in this section may be extended to any later date to which the ~~State Tax Assessor~~ assessor and ~~person liable for tax~~ taxpayer agree in writing.

**Sec. J-4. 36 MRSA §145**, as enacted by PL 2007, c. 627, §5, is amended to read:

**§145. Declaration of jeopardy**

If the State Tax Assessor determines that the collection of any tax will be jeopardized by delay, the assessor, upon giving notice of this determination to the person liable for the tax by personal service or certified mail, may demand an immediate return with respect to any period or immediate payment of any tax declared to be in jeopardy, or both, and may terminate the current reporting period and demand an immediate return and payment with respect to that period. Notwithstanding any other provision of law, taxes declared to be in jeopardy are payable immediately, and the assessor may proceed immediately to collect those taxes by any collection method authorized by this Title. The person liable for the tax may stay collection by requesting reconsideration of the declaration of jeopardy in accordance with section 151 and depositing with the assessor, within the time period specified in section 151, 30 days from receipt of notice of the determination of jeopardy a bond or other security in the amount of the liability with respect to which the stay of collection is sought. A determination of jeopardy by the assessor is presumed to be correct, and the burden of showing otherwise is on the taxpayer.

**Sec. J-5. 36 MRSA §151, first ¶**, as amended by PL 2001, c. 583, §1, is further amended to read:

~~Any~~ A person who is subject to an assessment by the State Tax Assessor or entitled by law to receive notice of a determination of the assessor and who is aggrieved ~~as a result of~~ by that action may request in writing, within ~~30~~ 60 days after receipt of notice of the assessment or the determination, reconsideration by the assessor of the assessment or the determination. If a person who receives notice of an assessment ~~and~~ does not ~~file a~~ request ~~for~~ reconsideration of the assessment in writing within ~~the specified time period~~ 60 days, the assessor may not reconsider the assessment pursuant to this section and no review is available in Superior Court regardless of whether the ~~taxpayer~~ person subsequently makes payment and requests a refund.

**Sec. J-6. 36 MRSA §171**, as amended by PL 2001, c. 583, §3, is further amended to read:

**§171. Demand letter**

**1. Taxes imposed by this Title.** If any tax imposed by this Title is not paid on or before its due date and no further administrative or judicial review of the assessment is available under section 151, the assessor, within 3 years after administrative and judicial review have been exhausted, may give the taxpayer notice of the amount to be paid, specifically designating the tax, interest and penalty due, and demand payment of that amount within 10 days of that taxpayer's receipt of notice. The notice must be given by personal service or sent by certified mail. The notice must include a warning that, upon failure of that taxpayer to pay as demanded, the assessor may proceed to collect the amount due by any collection method authorized by this Title. The notice must also describe the procedures applicable to the levy and sale of property under section 176-A, the alternatives available to the taxpayer that could forestall levy on property, including installment agreements, and the provisions of this Title relating to redemption of property and the release of the lien on property created by virtue of the levy. If the taxpayer has filed a petition for relief under the United States Bankruptcy Code, the running of the 3-year period of limitation imposed by this section is stayed until the bankruptcy case is closed or a discharge is granted, whichever occurs first.

**2. Other debts owed to State.** In the case of a fee, fine, penalty or other obligation first owed to the State on or after January 1, 1988 and authorized to be collected by the bureau, the assessor, within 3 years after the obligation is first placed with the bureau for collection, may give the taxpayer notice of the amount to be paid, including any interest and penalties provided by law, and demand payment of that amount within 10 days of that taxpayer's receipt of notice. The notice must be given by personal service or sent by certified mail. The notice must include a warning that, upon failure of that taxpayer to pay as demanded, the assessor may proceed to collect the amount due by any

collection method authorized by section 175-A or 176-A. The notice must describe the procedures applicable to the levy and sale of property under section 176-A, the alternatives available to the taxpayer that could forestall levy on property, including installment agreements, and the provisions of this Title relating to redemption of property and the release of the lien on property created by virtue of the levy.

**Sec. J-7. 36 MRSA §172, first ¶**, as enacted by PL 1981, c. 364, §11, is amended to read:

If any tax liability imposed under this Title that has become final, other than property tax, assessed and deemed final a liability for a tax imposed under this Title Part 2, remains unpaid in an amount exceeding \$1,000 for a period greater than 60 days after the taxpayer has received notice of such that finality by personal service or certified mail, and the taxpayer ~~refuses~~ fails to cooperate with the bureau in establishing and remaining in compliance with a reasonable plan for liquidating that liability, the State Tax Assessor shall certify the liability and lack of cooperation:

**Sec. J-8. 36 MRSA §175, sub-§2,** as amended by PL 2009, c. 496, §4, is further amended to read:

**2. Failure to file or pay taxes; determination to prevent renewal, reissuance or other extension of license or certificate.** If the assessor determines that a person who holds a license or certificate of authority issued by this State to conduct a profession, trade or business has ~~neglected or refused~~ failed to file a return at the time required under this Title or to pay a tax liability due under this Title that has been demanded, other than taxes due pursuant to Part 2, and the person continues to fail to file or pay after at least 2 specific written notices, each giving 30 days to respond, have been sent by ~~certified mail or served by a civil officer~~ first-class mail, then the assessor shall notify the person ~~in writing by certified mail or personal service~~ that continued failure to file the required tax return or to pay the overdue tax liability may result in loss of the person's license or certificate of authority. If the person continues for a period in excess of 30 days from notice of possible denial of renewal or reissuance of a license or certificate of authority to fail to file or show reason why the person is not required to file or if the person continues not to pay, the assessor shall notify the person ~~in writing by certified mail or personal service~~ of the assessor's determination to prevent renewal, reissuance or extension of the license or certificate of authority by the issuing agency. A review of this determination is available by requesting reconsideration under section 151, subject to appeal to the Superior Court as provided in section 151. Either by failure to proceed to the next step of appeal or by exhaustion of the steps of appeal, the determination to prevent renewal or reissuance of the license or certificate of authority becomes final unless otherwise determined on

appeal. In any event, the license or certificate of authority remains in effect until all appeals have been taken to their final conclusion.

**Sec. J-9. 36 MRSA §176-A, sub-§1, ¶B-1** is enacted to read:

B-1. "Notice" means written notification served personally or sent by certified mail, except with respect to notice to a person who has consented in writing to some other means of notification.

**Sec. J-10. 36 MRSA §176-A, sub-§1, ¶D,** as enacted by PL 1989, c. 880, Pt. E, §3, is repealed.

**Sec. J-11. 36 MRSA §176-A, sub-§2, ¶E,** as amended by PL 2001, c. 583, §5, is further amended to read:

E. The effect of a levy on salary or wages payable to or received by a taxpayer is continuous from the date the levy is first made until the liability giving rise to the levy is satisfied. Except as otherwise provided by this paragraph, a levy on any other intangible personal property or rights to intangible personal property remains in effect until one year after the date that notice of levy ~~and demand~~ under subsection 3, paragraph A is ~~served on~~ served ~~received by~~ the person in possession of or liable to the taxpayer with respect to intangible personal property, including property that is first possessed or liabilities that arise after the date of ~~service~~ receipt of the notice of levy ~~and demand~~. In the case of a levy upon property held by a financial institution described in subsection 3, paragraph A, the levy extends only ~~extends~~ to accounts in existence on the date the notice of levy ~~and demand~~ is ~~served on~~ served ~~received by~~ the financial institution, but includes deposits made or collected in those accounts after the notice of levy is ~~served~~ received. A levy on intangible personal property or rights to intangible personal property, ownership of which is disputed ~~at on the time date~~ that notice the levy is ~~served~~ received, remains in effect until one year after the dispute is resolved ~~by competent authority~~.

**Sec. J-12. 36 MRSA §176-A, sub-§3,** as amended by PL 2005, c. 218, §6, is further amended to read:

**3. Surrender of property or discharge of obligation; exceptions; personal liability; penalty.** A surrender of property or discharge of obligation is governed by this subsection.

A. Except as otherwise provided in paragraph B, any person who is in possession of, or obligated with respect to, property or rights to property subject to levy upon which a levy has been made shall, upon demand of the assessor, surrender ~~any such~~ the property or rights or discharge ~~any such~~ the obligation to the assessor within 21 days after

receipt of the notice of levy, except that part of the property or rights ~~as that~~ is, at the time of the demand, subject to an attachment or execution under ~~any~~ judicial process. It is a defense to the liability imposed by this subsection that the person ~~refusing who fails~~ to comply with the terms of a notice of a levy or that person's bailor has a valid claim against the delinquent taxpayer ~~accruing that accrued~~ prior to ~~service receipt~~ of the notice of levy or a valid security interest or lien upon the property of the taxpayer ~~that was~~ perfected prior to ~~service receipt~~ of the notice of levy; but this defense ~~exonerates the person refusing to comply from liability is available~~ only to the extent of that claim, security interest or lien.

Any financial institution chartered under state or federal law, including, but not limited to, trust companies, savings banks, savings and loan associations, national banks and credit unions, shall surrender to the assessor any deposits, including any interest in the financial institution that would otherwise be required to be surrendered under this subsection only after 21 days after ~~service receipt of the notice~~ of levy, but not later than 30 days after ~~service receipt of the notice~~ of levy. Except as provided in subsection 5, paragraph D, with respect to a levy on salary or wages, any person in possession of, or obligated with respect to, property subject to a continuing levy against intangible personal property, which property is first possessed or which obligation first arises subsequent to ~~service receipt~~ of a notice of levy ~~on such by that~~ person, shall, upon demand of the assessor, surrender the property or rights, or discharge the obligation to the assessor within 30 days after the property is first possessed or the obligation first arises.

B. A levy with respect to a life insurance or endowment contract is governed by this paragraph.

(1) A levy on an organization with respect to a life insurance or endowment contract issued by that organization, without necessity for the surrender of the contract document, constitutes a demand by the assessor for payment of the amount described in subparagraph (2) and the exercise of the right of the person against whom the tax is assessed to the advance of that amount. The organization shall pay over the amount ~~no later than~~ 90 days after ~~service receipt of the~~ notice of levy. Notice must include a certification by the assessor that a copy of the notice has been mailed to the person against whom the tax is assessed at that person's last known address.

(2) A levy under this paragraph is deemed to be satisfied if the organization pays over to the assessor the amount that the organization

could have advanced to the person against whom the tax is assessed on the date prescribed in subparagraph (1) for the satisfaction of the levy, increased by the amount of any advance, including contractual interest, made to the person on or after the date the organization ~~had actual received~~ notice or ~~otherwise had~~ knowledge of the existence of the lien with respect to which the levy is made, other than an advance, including contractual interest, made automatically to maintain the contract in force under an agreement entered into before the organization ~~had any received~~ such notice or ~~had such~~ knowledge.

(3) The satisfaction of a levy under subparagraph (2) is without prejudice to any civil action for the enforcement of any lien imposed by section 175-A with respect to the contract.

C. Any person who fails or refuses to surrender any property or rights to property, subject to levy, upon demand by the assessor:

(1) Is liable in person and estate to the State in a sum equal to the value of the property not so surrendered, but not exceeding the amount of taxes for the collection of which the levy has been made, together with costs and interest at the rate determined pursuant to section 186 on the sum from the date of the levy. Any amount, other than costs, recovered under this paragraph must be credited against the tax liability for the collection of which the levy was made; and

(2) Without reasonable cause, is liable for a penalty equal to 50% of the amount recoverable under subparagraph (1). A part of the penalty may not be credited against the tax liability for the collection of which the levy was made.

~~It is lawful for the~~ The assessor ~~to may~~ collect the liability established by this paragraph by assessment and collection in the manner described in this Part.

D. Any person in possession of, or obligated with respect to, property subject to levy upon which a levy has been made, who, upon demand by the assessor, surrenders that property or rights to that property, or discharges the obligation to the assessor, or who pays a liability under paragraph C, subparagraph (1) is discharged from any obligation or liability to the delinquent taxpayer with respect to the property arising from the surrender or payment. In the case of a levy satisfied pursuant to paragraph B, the organization is discharged from any obligation or liability to any beneficiary arising from the surrender or payment.

**Sec. J-13. 36 MRSA §176-A, sub-§5, ¶D**, as enacted by PL 1989, c. 880, Pt. E, §3, is amended to read:

D. A levy upon salary and wages must specify the amount of percentage to be surrendered and delivered to the assessor by the taxpayer's employer for each pay period, consistent with the provisions of this paragraph. Salaries and wages are exempt from levy to the extent of 75% of the taxpayer's disposable earnings for any pay period, or an amount equal to the federal minimum hourly wage multiplied by 30, multiplied by the number of weeks in the pay period, whichever is less. A levy on salaries and wages is continuous from the date on which the notice of levy is ~~serve~~ received until the delinquency is discharged and applies to all pay periods commencing after ~~the that date on which the notice of levy is served~~. The assessor shall notify the taxpayer's employer ~~immediately~~ as soon as practicable upon discharge of the delinquency that the levy has been discontinued.

**Sec. J-14. 36 MRSA §176-A, sub-§6, ¶A**, as amended by PL 1999, c. 699, Pt. D, §27 and affected by §30, is further amended to read:

A. As soon as practicable after seizure of property, the assessor shall give notice ~~in writing~~ to the owner of the property, or, in the case of personal property, the possessor of the property, or leave notice at the owner's or possessor's usual place of abode or business, if any, within the State. If the owner or possessor cannot be readily located, or has no dwelling or place of business within the State, the notice may be ~~mailed to that person's last known address~~ sent by first-class mail. In the case of real property, the notice must be filed in the registry of deeds in the county where the property is located. The notice must specify the sum demanded and contain:

- (1) In the case of personal property, an account of the property seized; and
- (2) In the case of real property, a description with reasonable certainty of the property seized.

In the case of levy on a motor vehicle that is the subject of a Certificate of Title issued by the Secretary of State, a copy of the notice must be filed with the Secretary of State, who shall note the levy in the records of ownership of the motor vehicle in question. In the case of levy on that type of personal property, a security interest in which may be perfected by filing in the office of the Secretary of State, a copy of the notice must be filed in the office of the Secretary of State, who shall file the notice of levy as a financing statement.

**Sec. J-15. 36 MRSA §176-A, sub-§6, ¶B**, as amended by PL 2009, c. 434, §10, is further amended to read:

B. The assessor, as soon as practicable after the seizure of property, shall cause a notice to be published in a newspaper of general circulation within the county where the seizure is made, or, if there is no such newspaper, post the notice at the city or town hall nearest the place where the seizure is made and in at least 2 other public places. In the case of real property, the notice must be ~~serve~~ sent by certified mail to all persons holding an interest of record, including, without limitation, recorded leases and security interest of all types, in the property as reflected at the time the notice of levy is recorded by the indices of the registry of deeds in the county where the property is located. In the case of ~~personal property that is~~ a motor vehicle subject to a certificate of title issued by the Secretary of State, notice must be ~~serve~~ sent by certified mail to all persons holding a security interest of record in the motor vehicle as set forth in the records of the Secretary of State. In the case of personal property that ~~may be~~ is the subject of a security interest perfected by filing in the office of the Secretary of State, notice must be ~~serve~~ sent by certified mail to all secured parties claiming an interest in the property seized as reflected at the time the notice of levy is recorded in the records maintained by the Secretary of State pursuant to Title 11. The notice must specify the property to be sold, subject to the liabilities of prior encumbrances, if any, and the time, place, manner and conditions of the sale. **§4064. Tax on estate of nonresident**

A tax is imposed upon the transfer of real property and tangible personal property situated in this State

and held by an individual who dies prior to January 1, 2002 or after December 31, 2002 and who at the time of death was not a resident of this State. ~~When real or tangible personal property has been transferred into a trust or a limited liability company or other pass-through entity, the tax imposed by this section applies as if the trust or limited liability company or other pass-through entity did not exist and the property was personally owned by the decedent.~~ Maine property is subject to the tax imposed by this section to the extent that such property is either included in the decedent's federal gross estate or is Maine elective property. The amount of this tax is equal to that proportion of the federal credit that the value of the decedent's Maine real and tangible personal property in this State bears to the value of the decedent's federal gross estate. The share of the federal credit used to determine the amount of a nonresident individual's estate tax under this section is computed without regard to whether the specific real or tangible personal property located in the State is marital deduction property.

~~Proceeds from the sale of property are taxable under this section if those proceeds are included in the federal gross estate and the sale was made in contemplation of death. A sale of property made within 6 months prior to the death of the grantor is deemed to be in contemplation of death within the meaning of this section.~~

When real or tangible personal property is owned by a pass-through entity, the entity must be disregarded and the property must be treated as personally owned by the decedent if the entity does not actively carry on a business for the purpose of profit and gain; the ownership of the property in the entity was not for a valid business purpose; or the property was acquired by other than a bona fide sale for full and adequate consideration and the decedent retained a power with respect to or interest in the property that would bring the real or tangible personal property located in this State within the decedent's federal gross estate.

**Sec. M-8. 36 MRSA §4068, sub-§2, ¶B**, as enacted by PL 2005, c. 218, §43, is amended to read:

B. The federal gross estate, increased by the amount of adjusted taxable gifts made by the decedent after December 31, 1976 and by the aggregate amount of any specific gift tax exemption under former Code, Section 2521 used by the decedent after September 8, 1976 ~~exceed and by~~ Maine elective property, exceeds the exclusion and related unified credit amounts specified in section 4062, subsection 1-A.

**Sec. M-9. 36 MRSA c. 577** is enacted to read:

**CHAPTER 577****MAINE ESTATE TAX AFTER 2012****§4101. Applicability of provisions**

This chapter applies to the estates of persons who die after December 31, 2012.

**§4102. Definitions**

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings.

**1. Adjusted federal gross estate.** "Adjusted federal gross estate" means a decedent's federal gross estate as modified by Maine qualified terminable interest property, Maine elective property and the value of all taxable gifts as defined under the Code, Section 2503 made by the decedent during the one-year period ending on the date of the decedent's death.

**2. Federal gross estate.** "Federal gross estate" means the gross estate of a decedent as determined by the assessor in accordance with the Code. The termination provision contained in the Code, Section 2210 must be disregarded.

**3. Federal taxable estate.** "Federal taxable estate" means the taxable estate of a decedent as determined using the applicable provisions of the Code as of the decedent's date of death, except that the state death tax deduction contained in the Code, Section 2058 and the termination provision contained in the Code, Section 2210 must be disregarded.

**4. Maine elective property.** "Maine elective property" means all property in which a decedent at the time of death had a qualified income interest for life and with respect to which for purposes of determining the tax imposed by this chapter or chapter 575 on the estate of a predeceased spouse of the decedent the federal taxable estate of that predeceased spouse was decreased pursuant to subsection 7, paragraph A or section 4062, subsection 1-B, paragraph B. The value of Maine elective property is the value determined by the assessor in accordance with the Code as if such property were includible in the decedent's federal gross estate pursuant to the Code, Section 2044 and, in the case of estates that do not incur a federal estate tax, as if the estate had incurred a federal estate tax.

**5. Maine exclusion amount.** "Maine exclusion amount" means \$2,000,000.

**6. Maine qualified terminable interest property.** "Maine qualified terminable interest property" means property:

A. That is eligible to be treated as qualified terminable interest property under the Code, Section 2056(b)(7);

B. For which no election allowable under the Code, Section 2056(b)(7) is made with respect to the federal estate tax; and

C. With respect to which an election is made, on a return timely filed with the assessor, to treat the property as Maine qualified terminable interest property for purposes of the tax imposed by this chapter. The amount of property with respect to which the election is made may not be less than zero or greater than the amount by which the federal applicable exclusion amount under the Code, Section 2010 exceeds the Maine exclusion amount. For the purposes of this paragraph, "federal applicable exclusion amount" does not include any deceased spousal unused exclusion amount under the Code, Section 2810.

**7. Maine taxable estate.** "Maine taxable estate" means the federal taxable estate:

A. Decreased by the value of Maine qualified terminable interest property;

B. Increased by the value of Maine elective property; and

C. Increased by, notwithstanding the Code, Section 2035, the value of all taxable gifts as defined under the Code, Section 2503 made by the decedent during the one-year period ending on the date of the decedent's death.

**8. Nonresident.** "Nonresident" means a natural person domiciled in a jurisdiction other than this State at the time of death.

**9. Personal representative.** "Personal representative" means a personal representative of a decedent or, if there is no personal representative appointed, qualified and acting within this State, any person who is in the actual or constructive possession of any property included in the federal gross estate of the decedent, any Maine elective property or any taxable gifts made during the one-year period ending on the date of the decedent's death.

**10. Resident.** "Resident" means a natural person domiciled in this State at the time of death.

**11. Transfer.** "Transfer" includes the passing of property or any interest therein, in possession or enjoyment, present or future, by inheritance, descent, devise, succession, bequest, grant, deed, bargain sale, gift or appointment in the manner described in this chapter.

**12. Value.** "Value" means, when determining value for purposes of this chapter, with respect to an estate or to property included in an estate, including Maine qualified terminable interest property, the value as determined by the assessor in accordance with the Code.

**§4103. Tax on estate of resident**

**1. Imposition of tax.** A tax is imposed on the transfer of the Maine taxable estate of every person who, at the time of death, was a resident of this State. The amount of tax is determined as provided in this section.

A. If the Maine taxable estate is \$2,000,000 or less, the tax is \$0.

B. If the Maine taxable estate is more than \$2,000,000 but no more than \$5,000,000, the tax is 8% of the excess over \$2,000,000.

C. If the Maine taxable estate is more than \$5,000,000 but no more than \$8,000,000, the tax is \$240,000 plus 10% of the excess over \$5,000,000.

D. If the Maine taxable estate is more than \$8,000,000, the tax is \$540,000 plus 12% of the excess over \$8,000,000.

The amount of this tax is multiplied by a fraction, the numerator of which is the value of that portion of the decedent's adjusted federal gross estate that consists of real and tangible personal property located in this State plus the value of all intangible personal property and the denominator of which is the value of the decedent's adjusted federal gross estate.

**2. Other jurisdiction death tax credit.** A credit against the tax imposed by this section is allowed for all constitutionally valid estate, inheritance, legacy and succession taxes actually paid to another jurisdiction upon the value of real or tangible personal property owned by the decedent or subject to those taxes as a part of or in connection with the estate and located in that jurisdiction if the value of that property is also included in the value of the decedent's intangible personal property subject to taxation under this section. The credit provided by this subsection may not exceed the amount of tax otherwise due multiplied by a fraction, the numerator of which is the value of the property located in the other taxing jurisdiction subject to this credit on which tax was actually paid and the denominator of which is the value of the decedent's adjusted federal gross estate. For the purposes of this section, "another jurisdiction" means another state, the District of Columbia, a possession or territory of the United States or any political subdivision of a foreign country that is analogous to a state.

**§4104. Tax on estate of nonresident**

A tax is imposed on the Maine taxable estate of every person who, at the time of death, was a nonresident. The amount of tax equals the tax computed under section 4103, as if the nonresident were a resident, multiplied by the ratio of the value of that portion of the decedent's adjusted federal gross estate that consists of real and tangible personal property located in

this State to the value of the decedent's adjusted federal gross estate.

When real or tangible personal property is owned by a pass-through entity, the entity must be disregarded and the property must be treated as personally owned by the decedent if the entity does not actively carry on a business for the purpose of profit and gain; the ownership of the property in the entity was not for a valid business purpose; or the property was acquired by other than a bona fide sale for full and adequate consideration and the decedent retained a power with respect to or interest in the property that would bring the real or tangible personal property located in this State within the decedent's adjusted federal gross estate.

**§4105. Personal representative's liability for tax**

**1. Payment of tax.** The tax imposed by this chapter must be paid by the personal representative to the extent of assets subject to the personal representative's control. The assessor may accept payment of estate taxes in works of art in accordance with Title 27, chapter 2, subchapter 2.

**2. Certification of payment.** A final account of a personal representative of an estate may not be allowed by the Probate Court unless the personal representative has filed in the Probate Court a certificate of the assessor showing either that the amount of tax has been paid, that payment has been secured as provided in section 4108 or that no tax is due.

**§4106. Discharge of personal representative's personal liability**

If the personal representative makes a written application, accompanied by a copy of the final determination of the federal estate tax liability, if any, and other supporting documentation that the assessor may require, to the assessor for determination of the amount of the tax and discharge of personal liability for that tax, the assessor, as soon as possible and in any event within one year after the making of the application or, if the application is made before the return is filed, within one year after the return is filed, shall notify the personal representative of the amount of the tax and of any interest on that amount. The personal representative, on payment of that amount, is discharged from personal liability for any deficiency in tax subsequently found to be due and is entitled to a certificate of discharge.

**§4107. Tax due date; filing of return and payment of tax**

**1. Date due.** Except as otherwise provided by this chapter, a return required by this section is due 9 months after the date of the decedent's death and any tax due under this chapter is due at the same time. Interest accrues on any amount of tax not paid by the due date.

**2. Return required.** The personal representative shall file a Maine estate tax return whenever:

A. The Code requires that a federal estate tax return be filed; or

B. The federal gross estate, increased by the amount of adjusted taxable gifts made by the decedent after December 31, 1976 and by the aggregate amount of any specific gift tax exemption under former Code, Section 2521 used by the decedent after September 8, 1976 exceed the Maine exclusion amount.

The return must be in the form prescribed by the assessor, and it must be accompanied by a copy of the federal estate tax return, if any, and by other supporting documentation that the assessor may require.

**3. No tax liability.** In all cases where a Maine estate tax return is not required to be filed:

A. If the personal representative makes no election pursuant to section 4102, subsection 6, paragraph C, the personal representative, surviving joint tenant of real estate or any other person whose real estate might be subject to a lien for taxes pursuant to this chapter may at any time file with the assessor in the form prescribed by the assessor a statement of the value of the federal gross estate; and

B. If the personal representative makes an election pursuant to section 4102, subsection 6, paragraph C, the personal representative shall make the election on a timely filed return. The return must be in the form prescribed by the assessor, and it must be accompanied by a copy of the federal estate tax return, if any, and other supporting documentation that the assessor may require, including documentation related to an election made pursuant to section 4102, subsection 6, paragraph C.

**§4108. Extension of due date for payment of tax**

The assessor may extend the time for payment of the tax or any part of the tax for a reasonable period of time not to exceed one year from the date fixed for payment and may grant successive extensions. The aggregate of extensions with respect to any estate may not exceed 10 years, unless a longer period is called for by a payment arrangement elected pursuant to section 4109. If an extension is granted, the assessor may require the taxpayer to:

**1. Bond.** Give a bond to the Treasurer of State in an amount the assessor determines necessary; or

**2. Other security.** Deposit with the Treasurer of State bonds or other negotiable obligations of governmental entities with an aggregate value sufficient to adequately secure payment of the tax.

**§4109. Extension of time for payment of estate tax when estate consists largely of interest in closely held business**

**1. Deferred payment arrangement.** If the United States Internal Revenue Service has approved a federal estate tax deferral and installment payment arrangement under the Code, Section 6166, the personal representative may elect a similar deferred payment arrangement under this section for payment of the tax imposed by this chapter, subject to acceptance by the assessor. The assessor may approve a deferral and installment arrangement under similar circumstances and on similar terms with respect to an estate of a decedent dying after December 31, 2011 that does not incur a federal estate tax.

**2. Time and manner of election; rejection by assessor.** An election under this section may be made by attaching a payment deferral election in a form prescribed by the assessor to a timely filed Maine estate tax return, in addition to any documentation required by section 4107 and copies of all documentation required by the United States Internal Revenue Service and submitted in support of a federal payment deferral. Documentation submitted to the assessor must clearly indicate the amount of Maine estate tax and interest to be paid in installments; the number of separate installments; and the due date of each installment payment. The assessor may reject the election. An election not rejected in writing by the assessor within 60 days after the election is made is considered accepted.

**3. Interest and penalties.** The amount of Maine estate tax deferred under this section is subject to interest pursuant to section 186. Interest payable on the unpaid tax attributable to a 5-year deferral period pursuant to the Code, Section 6166 must be paid annually. Interest payable on any unpaid tax attributable to any period after the 5-year deferral period must be paid annually at the same time as, and as part of, each installment payment of the tax. If any payment of principal or interest under this section is not made on or before the due date, the penalties provided by section 187-B apply.

**§4110. Extension of time for filing return**

**1. General.** The assessor may grant a reasonable extension of time for filing a return required by this chapter on terms and conditions as the assessor may require as long as payment reasonably estimating the tax due has been made on or before the original payment due date. Except as provided in subsection 2, an extension for filing any return may not exceed 8 months.

**2. Federal extension.** When an extension of time is granted within which to file a federal estate tax return, the due date for filing the Maine estate tax return is automatically extended for an equivalent period, as long as payment reasonably estimating the tax

due has been made on or before the original payment due date.

**§4111. Effect of federal determination**

**1. Final federal determination.** Except as provided in subsection 2, a final federal determination as to any of the following issues also determines the same issue for purposes of the tax under this chapter:

A. The inclusion in the federal gross estate of any item of property or interest in property; and

B. The allowance of any item claimed as a deduction from the federal gross estate.

**2. State determination of certain estates.** The assessor is not bound by a final federal determination under subsection 1 if the assessor determines the issue for purposes of the tax under this chapter within one year of the date the return was filed or the date the return is due, whichever is later.

**3. Items entering computation of tax.** If there has been a final federal determination with respect to a decedent's federal estate tax, any item, but not its value, entering into the computation of the tax is deemed to have been the subject of the final federal determination, whether or not specifically adjusted thereby.

**4. Definition.** For purposes of this section, "final federal determination" means:

A. A decision by the United States Tax Court or a judgment, decree or other order by any court of competent jurisdiction that has become final;

B. A final disposition by the United States Secretary of the Treasury or the secretary's delegate of a claim for a refund. The disposition is deemed to have occurred:

(1) As to items of the claim that are allowed, upon allowance of a refund or upon disallowance of the claim by reason of offsetting items; and

(2) As to items of the claim that are disallowed or as to items applied by the United States Secretary of the Treasury or the secretary's delegate as an offset against the claim, upon expiration of the time for instituting suit for refund with respect to those items, unless suit is instituted before the expiration of that time, or upon filing with the assessor a written statement that suit will not be instituted;

C. A closing agreement made under the Code, Section 7121;

D. An assessment pursuant to a waiver of restrictions on assessment or a notification in writing issued by the United States Secretary of the Treasury or the secretary's delegate that the federal estate tax return has been accepted as filed, unless

the personal representative notifies the assessor that a claim for refund of federal estate taxes has been or will be filed; or

E. An assessment pursuant to a compromise entered into by the personal representative and the United States Secretary of the Treasury or the secretary's delegate.

**§4112. Lien for taxes**

All property subject to taxes under this chapter, in whatever form of investment it may happen to be, is charged with a lien for all taxes, interest and penalties that are or may become due on that property. The lien does not attach to any real or personal property after the property has been sold or disposed of for value by the personal representative, trustee or surviving joint tenant. Upon payment of those taxes, interest and penalties due under this chapter or upon determination that no tax is due, the assessor shall upon request execute a discharge of the tax lien for recording in the appropriate registry or registries of deeds.

**§4113. Authority of State Tax Assessor**

The assessor shall collect all taxes, interest and penalties provided by chapter 7 and by this chapter and may institute proceedings of any nature necessary or desirable for that purpose, including proceedings for the removal of personal representatives and trustees who have failed to pay the taxes due from estates in their hands.

The assessor may enforce the collection of any taxes secured by bond in a civil action brought on the bond regardless of the fact that some other official may be named as obligee in the bond.

**§4114. Amount of tax determined**

The assessor shall determine the amount of tax due and payable under this chapter upon any estate or part of that estate. If, after determination and certification of the full amount of the tax upon an estate or any interest in or part of an estate, the estate receives or becomes entitled to property in addition to that shown in the estate tax return filed with the assessor or the United States Internal Revenue Service changes any item increasing the estate's liability shown in the Maine estate tax return filed with the assessor, the personal representative shall within 180 days of any receipt, entitlement or change file an amended Maine estate tax return. The assessor shall determine the amount of additional tax and shall certify the amount due, including interest and penalties, to the person by whom the tax is payable.

**§4115. Authority to make refunds**

**1. Refund.** A personal representative or responsible party otherwise liable for the tax imposed by this chapter may request a refund of any tax imposed by this chapter within 3 years from the date the Maine

estate tax return was filed or 3 years from the date the tax was paid, whichever period expires later. A claim for refund must be submitted to the assessor in writing and must state the specific grounds upon which the claim is founded. The claimant may in writing request an informal conference regarding the claim for refund pursuant to section 151.

**2. Limitation on payment of interest.** Interest may not be paid by the assessor on an overpayment of the tax imposed by this chapter that is refunded within 60 days after the date prescribed or permitted by extension of time for filing the Maine estate tax return or within 60 days after the return is filed or within 60 days after a return requesting a refund of the overpayment is filed, whichever is later.

**§4116. Appointment of personal representative on probate delay**

If, upon the death of a person leaving an estate that may be liable to pay tax under this chapter, a will is not offered for probate or an application for administration is not made within 6 months after the date of death or if the personal representative does not qualify within that period, the Probate Court, upon application by the assessor, may appoint a personal representative. Nothing may prevent the assessor from petitioning for appointment within 6 months after the date of death, if in the opinion of the assessor that action is necessary.

**§4117. Persons liable**

Personal representatives, trustees, grantees or donees under nonexempt conveyances or nonexempt gifts made during the life of the grantor or donor and persons to whom beneficial interests accrue by survivorship are liable for the taxes imposed by this chapter with interest, as provided, until the taxes are paid. For purposes of this section, "nonexempt conveyances" and "nonexempt gifts" mean any transfer to a person that is includable in the federal gross estate of the decedent and with respect to which no deduction is allowed in computing the federal estate tax liability.

If the tax or any part of the tax is paid or collected out of that part of the estate passing to or in possession of any person other than the personal representative in that capacity, that person is entitled to a reimbursement out of any part of the estate still undistributed or by a just and equitable contribution by the person whose interest in the estate of the decedent would have been reduced if the tax had been paid before the distribution of the estate or whose interest in the estate is subject to an equal or prior liability for the payment of tax, debts or other charges against the estate.

**§4118. Civil action by State; bond**

Personal representatives are liable to the State on their administration bonds for all taxes assessable under this chapter and interest on those taxes. If no administration bond is otherwise required and except as

otherwise provided in this section, the judge of probate, notwithstanding any provision of Title 18-A, shall require a bond payable to the judge or the judge's successor sufficient to secure the payment of all estate taxes and interest conditioned in substance to pay all estate taxes due to the State from the estate of the deceased with interest thereon. **SUBCHAPTER 12****MAINE NEW MARKETS CAPITAL  
INVESTMENT PROGRAM****§1100-Z. Maine New Markets Capital Investment Program**

**1. Findings and intent.** The Legislature finds that encouragement of investment in qualified businesses and developments located in economically distressed areas of the State and the creation and preservation of jobs are in the public interest and promote the general welfare of the State. The Legislature further finds that the enactment of incentives as set forth in this subchapter to promote investments is necessary in order to ensure the long-term economic vitality of this State, to preserve numerous opportunities for jobs for the people of the State and to make this State more competitive in the attraction of investment capital and thus to ensure the preservation and betterment of the economy of the State for the benefit of its people. The Legislature further finds that the foregoing benefits to the State and its people far exceed the costs to the State of providing the incentives set forth in this subchapter. The Legislature further finds that the provisions of this subchapter are necessary to accomplish these objectives.

The Legislature finds that the incentives offered by the State pursuant to this subchapter are intended to induce major investments in qualified businesses and developments located in economically distressed areas of the State and that any party who accepts and reasonably relies upon these inducements in making qualified investments is entitled to the full realization of these incentives without impairment by subsequent changes in law. The Legislature finds that when determining whether a project is financially feasible an investing party must rely in good faith upon the Legislature to ensure that the promised incentives of this subchapter will be available for a period of 7 years following the date of each qualified investment and that a party's confidence in the full realization of these benefits is a critical factor in inducing the party to make the desired investment. It is the intent of this Legislature that all successor Legislatures honor the commitments held out by this subchapter.

**2. Program.** The Maine New Markets Capital Investment Program, referred to in this section as "the program," is established to encourage new investment in economically distressed areas of the State. For the purposes of this section, unless otherwise defined in this section, all terms have the same meaning as under Title 36, section 5219-GG and Section 45D of the United States Internal Revenue Code of 1986, as amended.

**3. Application for tax credits; allocation of tax credit authority.** Tax credit authority is allocated under the program as described in this subsection.

A. The authority shall provide an application form, which must be available to applicants no later than the date when the final rule implementing this section is adopted.

B. A qualified community development entity that seeks an allocation of tax credit authority shall apply to the authority. The qualified community development entity shall submit an application on a form that the authority provides. The application must include:

(1) The name, address and tax identification number of the entity and evidence of the certification of the entity as a qualified community development entity;

(2) A copy of an allocation agreement executed by the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity and the Community Development Financial Institutions Fund of the United States Department of the Treasury, which includes the State in its service area;

(3) A certificate executed by an executive officer of the qualified community development entity attesting that the allocation agreement remains in effect and has not been revoked or canceled by the Community Development Financial Institutions Fund;

(4) Information regarding the amount of tax credit authority requested and the proposed use of proceeds from the issuance of the qualified equity investment or long-term debt security; and

(5) Responses to the following 5 questions, which must be answered affirmatively or negatively without explanation or elaboration, to determine qualification for participating in the program:

(a) Whether the Community Development Financial Institutions Fund has awarded multiple rounds of federal New Markets Tax Credit allocation to the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity;

(b) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has participated as a qualified community development entity in a state New Markets Tax Credit program or has made an investment in this State that qualifies for federal New Markets Tax Credits;

(c) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has made an investment qualified for tax credits in a business located in a nonmetropolitan census tract;

(d) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has made an investment qualified for tax credits in a state where it did not previously have substantial operations; and

(e) Whether the qualified community development entity, its controlling entity or other entity controlled by the same controlling entity has explored potential investment opportunities in this State that would qualify under this subchapter.

Applicants answering affirmatively to 4 or more of the 5 questions must be determined to be qualified.

C. In the rule implementing this subchapter, the authority shall set a nonrefundable application fee, which must be paid to the authority at the time each application is submitted. The authority shall also set an annual report fee and establish a payment schedule along with requirements for the report pursuant to subsection 5.

D. Within 60 days of receipt of an application for tax credit authority, the authority shall either approve the application and, as part of that approval, indicate the amount of tax credit authority issued to the qualified community development entity or determine that the authority intends to deny the application. If the authority intends to deny the application, it shall inform the qualified community development entity by written notice of the grounds for the intended denial. Upon receipt of the notice of intended denial by the qualified community development entity:

(1) If the qualified community development entity provides any additional information required by the authority or otherwise completes its application within 15 days, the application must be considered complete as of the original date of submission and the authority has an additional 30 days to either approve or deny the application; or

(2) If the qualified community development entity fails to provide the information or complete its application within the 15-day period, the application is deemed denied and may be resubmitted in full with a new submission date.

E. The authority shall approve applications for tax credit authority in the order applications are received by the authority. Applications received on the same day are deemed to have been received simultaneously. For applications received on the same day and determined to be complete, the authority shall certify, consistent with remaining tax credit capacity, tax credit authority in proportionate percentages based upon the ratio of the amount of tax credit authority requested in an application to the total amount of tax credit authority requested in all applications received on the same day. If a pending request cannot be fully certified because of the limitations contained in this subchapter, the authority shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial credit. The authority shall provide written notification to each qualified community development entity of the approval of tax allocation authority and the amount of tax credit authority it was allocated.

F. Within 24 months after receipt of the notice of the allocation of tax credit authority, the qualified community development entity shall issue the qualified equity investments or long-term debt securities and receive cash in the amount of the total amount of tax credit authority that the qualified community development entity was allocated. The qualified community development entity shall provide the authority with evidence of the entity's receipt of the cash investment within 10 business days after receipt. If the qualified community development entity does not issue the qualified equity investment or long-term debt security and receive the cash purchase price within 24 months following receipt of the tax credit authority notice for any portion of its allocation, such unused allocation of tax credit authority lapses and the qualified community development entity may not issue the qualified equity investments or long-term debt securities without reapplying to the authority for additional tax credit authority. Any tax credit authority that lapses reverts back to the authority and may be reissued only in accordance with the application process outlined in this section.

G. Upon receipt of notice that a qualified community development entity has issued its qualified equity investments or long-term debt securities, the authority shall certify the entity's qualified equity investments or long-term debt securities as qualified equity investments and eligible for tax credits under Title 36, section 5219-GG. The authority shall provide written notice, sent by certified mail or any other means considered feasible by the authority, of the certification to the qualified community development entity, Maine Revenue Services and the Commissioner of Adminis-

trative and Financial Services. The notice must include the names of persons eligible to claim the tax credits and their respective tax credit amounts. If the names of the persons that are eligible to claim the tax credits change due to a transfer of a qualified equity investment or a change in an allocation pursuant to this subchapter, the qualified community development entity shall notify the authority of such change.

H. On the date designated by the authority, the authority shall begin accepting applications for the full \$250,000,000 of qualified equity investments under subsection 4. An applicant may not be awarded more than 25% of the total tax credit authority available.

**4. Limit on amount of tax credits authorized.**  
The maximum aggregate amount of qualified equity investments for which the authority may issue tax credit authority under this section is \$250,000,000; a tax credit claim may not exceed \$20,000,000 in any one state fiscal year over the 7 years of the tax credit allowance dates as described in Title 36, section 5219-GG, subsection 1, paragraph A.

**5. Reporting and disclosure of information.**  
The authority shall require annual reports of a qualified community development entity granted tax credit allocation authority pursuant to subsection 3. Reports may be shared with Maine Revenue Services and the Commissioner of Administrative and Financial Services. Notwithstanding section 975-A, the authority may disclose any information to Maine Revenue Services and the Commissioner of Administrative and Financial Services that it considers necessary for the administration of the program pursuant to this section, Title 36, section 2531 or Title 36, section 5219-GG.

**6. Report.** The authority shall report no later than January 1, 2015 to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs and the joint standing committee of the Legislature having jurisdiction over taxation matters on the activities of the program, including, but not limited to, the amount of private investment received and the total number of jobs created or retained.

This paragraph does not limit the holder's ability to accelerate payments on the debt instrument in situations when the qualified community development entity has defaulted on covenants designed to ensure compliance with this section; section 191, subsection 2, paragraph SS; section 2531; and Title 10, section 1100-Z or the Code, Section 45D.

In no event may the credit amount in the aggregate exceed 39% for any single qualified equity investment certified by the authority.

**3. Memorandum of agreement.** Upon receipt of the authority's written notice of the certification of a qualified equity investment's tax credit eligibility, the commissioner shall enter into an agreement on behalf of the State with the person eligible to claim the credit pursuant to Title 10, section 1100-Z, subsection 3, paragraph G. That agreement must provide that the State shall, with the exception of recapture pursuant to subsection 7, allow the tax credit as provided for in subsection 2 and recognize that the person named as eligible for tax credit pursuant to Title 10, section 1100-Z, subsection 3, paragraph G is entitled to claim the tax credits and the respective tax credit amounts in the aggregate, to the entire 39% credit amount computed with respect to the 7 credit allowance dates.

In such case, the recapture must be proportionate to the federal recapture with respect to the qualified equity investment;

B. The qualified community development entity redeems or makes a principal repayment with respect to the qualified equity investment that generated the tax credit prior to the final credit allowance date of the qualified equity investment. In such case, the recapture must be proportionate to the amount of the redemption or repayment with respect to the qualified equity investment; or

C. The qualified community development entity fails to invest at least 85% of the purchase price of the qualified equity investment in qualified low-income community investments in qualified active low-income community businesses located in the State within 24 months of the issuance of the qualified equity investment and maintain this level of investment in qualified low-income community investments in qualified active low-income community businesses located in the State until the last credit allowance date for the qualified equity investment. For purposes of calculating the amount of qualified low-income community investments held by a qualified community development entity, an investment is considered held by the qualified community development entity even if the investment has been sold or repaid as long as the qualified community development entity reinvests an amount equal to the capital returned to or recovered from the original investment, exclusive of any profits realized, in another qualified active low-income community business in this State within 12 months of the receipt of the capital. A qualified community development entity may not be required to reinvest capital returned from qualified low-income community in-

vestments after the 6th anniversary of the issuance of the qualified equity investment, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment is considered to be held by the issuer through the qualified equity investment's final credit allowance date.

The assessor shall provide written notice to the qualified community development entity of any proposed recapture of tax credits pursuant to this subsection. The qualified community development entity must be provided 90 days to cure any deficiency indicated in the authority's original recapture notice and avoid such recapture. If the entity fails or is unable to cure the deficiency within the 90-day period, the assessor shall provide the qualified community development entity and the person from whom the credit is to be recaptured with a final order of recapture. Any amount of tax credits for which a final recapture order has been issued must be recaptured from the person that actually claimed the tax credit.

**S.P. 402 - L.D. 1299**

**An Act To Allow Deferred Disposition in Juvenile Cases**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 15 MRSA §3311-A** is enacted to read:

**§3311-A. Eligibility for deferred disposition**

A juvenile who has entered an admission to a juvenile crime that would be a Class C, Class D or Class E crime or a civil offense if committed by an adult and who consents in writing to a deferred disposition is eligible for a deferred disposition pursuant to section 3311-B.

**Sec. 2. 15 MRSA §3311-B** is enacted to read:

**§3311-B. Deferred disposition**

**1. Imposition.** Following the acceptance of an admission of commission of a juvenile crime for which a juvenile is eligible for a deferred disposition under section 3311-A, the court may order disposition deferred to a date certain or determinable and impose requirements upon the juvenile to be in effect during the period of deferment that are considered by the court to be reasonable and appropriate to meet the purposes of the Juvenile Code. The court-imposed deferment requirements must include a requirement that the juvenile refrain from conduct that would constitute a juvenile crime, crime or civil offense. In exchange for the deferred disposition, the juvenile shall abide by the court-imposed deferment requirements. Unless the court orders otherwise, the department requirements are immediately in effect.

**2. Amendment of requirements.** During the period of deferment and upon application by the juvenile granted deferred disposition pursuant to subsection 1 or by the attorney for the State or upon the court's own motion, the court may, after a hearing upon notice to the attorney for the State and the juvenile, modify the requirements imposed by the court, add further requirements or relieve the juvenile of any requirement imposed by the court that, in the court's opinion, imposes an unreasonable burden on the juvenile.

**3. Motion.** During the period of deferment, if the juvenile cannot meet a deferment requirement imposed by the court, the juvenile shall bring a motion pursuant to subsection 2.

**4. Finally adjudicated.** For purposes of a deferred disposition, a juvenile is deemed to have been finally adjudicated when the court imposes a disposition under section 3314.

**Sec. 3. 15 MRSA §3311-C** is enacted to read:

**§3311-C. Court hearing as to final disposition**

**1. Court hearing; final disposition.** Unless a court hearing is sooner held under subsection 2, at the conclusion of the period of deferment, after notice, a juvenile who was granted deferred disposition pursuant to section 3311-B shall return to court for a hearing on final disposition under section 3314. If the juvenile demonstrates by a preponderance of the evidence that the juvenile has complied with the court-imposed deferment requirements, the court shall impose a dispositional alternative authorized for the juvenile crime to which the juvenile has entered an admission and consented to in writing at the time disposition was deferred or as amended by agreement of the parties in writing prior to disposition, unless the attorney for the State, prior to disposition, moves the court to allow the juvenile to withdraw the admission. Except over the objection of the juvenile, the court shall grant the State's motion. Following the granting of the State's motion, the attorney for the State shall dismiss the pending petition with prejudice. If the court finds that the juvenile has inexcusably failed to comply with the court-imposed deferment requirements, the court shall impose a dispositional alternative authorized for the juvenile crime to which the juvenile entered an admission.

**2. Violation of deferment requirement.** If during the period of deferment the attorney for the State has probable cause to believe that a juvenile who was granted deferred disposition pursuant to section 3311-B has violated a court-imposed deferment requirement, the attorney for the State may move the court to terminate the remainder of the period of deferment and impose disposition. Following notice and hearing, if the attorney for the State proves by a preponderance of the evidence that the juvenile has inexcusably failed to comply with a court-imposed deferment requirement, the court may continue the running of the period of deferment with the requirements unchanged, modify the requirements, add further requirements or terminate the running of the period of deferment and conduct a dispositional hearing and impose a disposition authorized for the juvenile crime to which the juvenile entered an admission. If the court finds that the juvenile has not inexcusably failed to comply with a court-imposed deferment requirement, the court may order that the running of the period of deferment continue or, after notice and hearing, take any other action permitted under this chapter.

**3. Hearing.** A hearing under this section or section 3311-B need not be conducted by the judge who originally ordered the deferred disposition.

**4. Rights of juvenile at hearing.** The juvenile at a hearing under this section or section 3311-B must be afforded the opportunity to confront and cross-examine witnesses against the juvenile, to present evidence on the juvenile's own behalf and to be repre-

ented by counsel. If the juvenile who was granted deferred disposition pursuant to section 3311-B cannot afford counsel, the court shall appoint counsel for the juvenile. Assignment of counsel and withdrawal of counsel must be in accordance with the Maine Rules of Criminal Procedure.

**5. Summons; failure to appear.** A summons, served in accordance with section 3304, may be used to order a juvenile who was granted deferred disposition pursuant to section 3311-B to appear for a hearing under this section. If the juvenile fails to appear after having been served with a summons, the court may issue a warrant for the arrest of the juvenile.

**6. Warrant for arrest.** If during the period of deferment the attorney for the State has probable cause to believe that a juvenile who was granted deferred disposition pursuant to section 3311-B has violated a court-imposed deferment requirement, the attorney for the State may apply for a warrant for the arrest of the juvenile.

**Sec. 4. 15 MRSA §3311-D** is enacted to read:

**§3311-D. Limited review by appeal**

A juvenile is precluded from seeking to attack the legality of a deferred disposition, including a final disposition, except that a juvenile who has been determined by a court to have inexcusably failed to comply with a court-imposed deferment requirement and thereafter has had imposed a dispositional alternative authorized for the juvenile crime may appeal to the Superior Court, but not as of right. The time for taking the appeal and the manner and any conditions for the taking of the appeal are as the Supreme Judicial Court provides by rule.

An amount sufficient to reasonably meet immediate claims costs ~~shall~~ must be held in a segregated account to be used solely for this purpose. Funds determined to be necessary to fund the program on an ongoing basis ~~shall~~ must also be held in a segregated account;

(6) Each group plan or pool established for more than one school administrative unit shall file with its members, by the last day of the 6th month following the end of the fiscal year, audited financial statements certified by an independent certified public accountant. The financial statement ~~shall~~ must include, but is not limited to:

- (a) Appropriate reserves for known claims and expenses associated with those claims;
- (b) Claims incurred but not reported and expenses associated with those claims;
- (c) Unearned contributions; and
- (d) Reserve for bad debts.

The audited financial statement ~~shall~~ must include information concerning the adequacy of the plan. This report ~~shall~~ must result from a charge by the directors to the plan's actuary and auditor and ~~shall~~ must address excess insurance, charges for coverage to members, service agents' costs and costs of administration of the program.

Two additional copies of the audited financial statements ~~shall~~ must be filed with the Superintendent of Insurance.

If a group plan or pool established for more than one school administrative unit fails to provide for the audited financial statements required, the Superintendent of Insurance shall perform or cause to be performed the audit. The group plan or pool shall reimburse the Superintendent of Insurance for the cost of the audit; and

(7) Any reimbursement plan or program for the provision of the employee benefits established and operated pursuant to this paragraph is not an insurance company, reciprocal insurer or insurer under the laws of this State and the development, administration and provision of such plans and programs does not constitute doing an insurance business;

C. Pay premiums on liability insurance for employees and school officials; and

D. Provide such other employee benefits, directly or indirectly, to their employees as any school board determines from time to time, upon such terms and conditions and in such manner as the school board determines, subject to the requirements of all applicable laws.

Nothing in this subsection or subsection 14 prohibits a school board from arranging for and offering a choice of optional health or dental insurance plans to employ-

ees and their families that may vary in benefits provided and costs.

**Sec. 2. 20-A MRS §1001, sub-§5-D** is enacted to read:

**5-D. Group self-insured options.** Notwithstanding any other provision of this section, they may arrange for a group self-insurance program to provide health or dental insurance for employees and their families, including a group self-insurance program established through an interlocal agreement with other school administrative units or municipalities established pursuant to Title 30-A, chapter 115. The following restrictions apply to self-insured group health or dental programs.

A. For purposes of this subsection, unless the context otherwise indicates, the following terms have the following meanings.

(1) "Program" means a group self-insurance health or dental program.

(2) "Program provider" means a school administrative unit that has arranged for a program under this subsection or collectively those school administrative units or municipalities that have entered an interlocal agreement to arrange for a program under this subsection.

(3) "Qualified actuary" means an actuary who is a member of the American Academy of Actuaries qualified as to health reserving methodologies.

B. To the extent the program provider assumes the risk with respect to any program provided under this subsection, the program provider shall maintain a reserve at least equal to the sum of:

(1) An amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 1/2 months; and

(2) The amount determined annually by a qualified actuary to be necessary to fund the unpaid portion of ultimate expected losses, including incurred but not reported claims, and related expenses incurred in the provision of benefits for eligible participants, less any credit, as determined by a qualified actuary, for excess or stop-loss insurance.

If the program provider self-insures for more than one program, a reserve meeting the requirements of this paragraph must be maintained for each program.

C. The program provider may purchase excess or stop-loss insurance for any program, with attachment levels and limits as recommended by a qualified actuary.

D. Paragraph B does not apply to a program in the first 2 years after the program is changed from a fully insured program to a fully or partially self-insured program. Before a program may begin its first year of operation:

(1) The reserve fund must contain a reserve at least equal to the amount estimated to be necessary to pay the claims and administrative costs with respect to the assumed risk for one full month; and

(2) The rate structure of the program, as certified by a qualified actuary, must be designed to enable the fund to attain the following reserve levels:

(a) By the end of the first year of the program, the reserve required by paragraph B, subparagraph (2) and an amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 full months; and

(b) By the end of the 2nd year of the program, the reserve required by paragraph B, subparagraph (2) and an amount estimated to be necessary to pay claims and administrative costs for the assumed risk for 2 1/2 full months.

If the program provider purchases stop-loss or excess insurance with respect to the risk, the required reserve is reduced by the credit specified in paragraph B. A self-insurance program may not continue if the reserve fund with respect to that program does not contain the amounts set forth in subparagraph (2) by the time limits established.

E. The program provider may not enter into a contract with a 3rd-party administrator that has not demonstrated compliance with all applicable state laws and that is not, at the time of entering into the contract, administering a health plan or providing health care coverage for a total number of lives equal to the number that would be covered by the program provider contract.

F. Every applicant to provide service as a 3rd-party administrator for the program shall file a fidelity bond in favor of the program provider executed by a surety company for the benefit of the program provider or beneficiaries of the program and shall maintain the fidelity bond in force while representing the program. The bond must be continuous in form and in one of the following amounts, up to \$1,000,000:

(1) For an administrator that collects contributions and premiums for a program but does not administer or pay claims, the greater of \$50,000 and 5% of contributions and premiums projected to be received or collected for

the following plan year from the program provider or from persons covered by the program:

(2) For an administrator that administers and pays claims but does not collect premiums and contributions, the greater of \$50,000 and 5% of the claims and claim expenses projected to be held for the following year to pay claims and claim expenses for persons covered by the program; or

(3) For an administrator that collects premiums and contributions and administers and pays claims, the greater of the amounts determined under subparagraphs (1) and (2).

This paragraph applies only if no other applicable state law requires bonding of 3rd-party administrators.

G. Any contract entered into by the program provider must provide for coverage that meets the same level of benefits as those that would be required by state law if the coverage were provided by a health insurance plan governed by Title 24 or Title 24-A.

H. If a group self-insurance program is established through an interlocal agreement with other school administrative units or municipalities established pursuant to Title 30-A, chapter 115, the group self-insurance program must be approved by the Superintendent of Insurance as a multiple-employer welfare arrangement pursuant to Title 24-A, chapter 81.

**Sec. 3. 20-A MRSA §1001, sub-§14, ¶D** is enacted to read:

D. In order to facilitate the competitive bidding process in procuring health insurance for a school administrative unit's employees under this subsection, a school administrative unit may request from the insurer providing health insurance coverage to its employees and retirees loss information concerning all of that school administrative unit's employees and retirees and their dependents covered under the school administrative unit's policy or contract pursuant to Title 24-A, section 2803-A.

**Sec. 4. 24-A MRSA §2803-A, sub-§2,** as amended by PL 2003, c. 428, Pt. D, §1, is further amended to read:

**2. Disclosure of basic loss information.** Upon written request, every insurer shall provide loss information concerning a group policy or contract to its policyholder ~~or~~ to a former policyholder or to a school administrative unit pursuant to Title 20-A, section 1001, subsection 14, paragraph D within 21 business days of the date of the request. This subsection does not apply to a former policyholder whose coverage

terminated more than 18 months prior to the date of a request.

**Sec. 1. 21-A MRSA §121, sub-§1-A**, as amended by PL 2005, c. 453, §12, is further amended to read:

**1-A. Identification and proof.** Registration applications taken by outside agencies must be transferred to the Secretary of State within 5 days of receipt. An applicant who attempts to register within 30 days of an election must be advised that the registrar might not receive the application before ~~that election the deadline for mail or 3rd-person registration~~, but that the applicant may register in person ~~before or on election day~~ no later than the deadline for in-person registration set forth in section 122, subsection 4-A.

Registration applications received by the Secretary of State from outside agencies 30 days or more before an election must be transferred to the appropriate registrar's office within 7 business days of receipt. Registration applications received by the Secretary of State from outside agencies less than 30 days before an election must be transferred to the appropriate registrar's office within 5 business days of receipt. Registration applications by mail or by a 3rd person must be received in the registrar's office by the close of business on the 21st day before election day in order for persons' names to appear on the incoming voting list for that election. The 20-day period before the election is the closed period for outside registrations. The registrar shall send the notice required by section 122 to all voters whose applications were received by mail or a 3rd person by the 21st day before election day no later than the 18th day before election day.

A person who registers ~~during the 20 days before election day or on election day~~ shall register in person and shall show proof of identity and residency. If satisfactory proof of identity and residency can not be provided to the registrar or deputy, the person's name is entered into the central voter registration system and placed on the incoming voting list and the person casts a challenged ballot.

**Sec. 3. 21-A MRSA §122, sub-§4**, as amended by PL 2005, c. 453, §16, is repealed.

The completed registration application must be returned to the clerk ~~by the close of the polls on election day no later than the deadline for in-person registration under subsection 4-A,~~ in order for the ballot to be counted and may not be sealed with the voted absentee ballot. An application by telephone under section 753-A, subsection 4 or an application by e-mail under section 753-A, subsection 6 does not establish a presumption of qualification under this section and the requestor must submit a properly completed voter registration application before the clerk may issue an absentee ballot.

The inclusion of a person's name on the incoming voting list entitles that person to vote on election day.

**Sec. 8. 21-A MRSA §122, sub-§8,** as enacted by PL 1985, c. 307, §1, is repealed.

**Sec. 9. 21-A MRSA §122, sub-§9,** as amended by PL 2003, c. 395, §1, is further amended to read:

**§673-A. Provisional voting**

If a person declares that the person is a registered voter in the jurisdiction in which the person desires to vote and that the person is eligible to vote in an election for federal office, but the name of the person does not appear on the incoming voting list for the voting place, such person must be permitted to cast a provisional ballot as follows.

**1. How issued.** The person must complete and sign a provisional ballot affidavit, swear to or affirm the information before the warden and show proof of identity and current residency in the municipality and voting district, if applicable. The provisional ballot affidavit must be on a form designed by the Secretary of State and must include, at a minimum, the person's name, address, party affiliation, if any, and reason that the person believes the person is a registered voter in that jurisdiction.

**2. Ballot and provisional envelope issued.** As soon as the provisional ballot affidavit form has been completed, the election clerk in charge of ballots shall give a provisional ballot and a provisional ballot envelope to the warden. The warden shall write a provisional ballot number on the affidavit form and the provisional ballot envelope and give them to the voter. In making this determination, the municipal clerk or registrar must review all voter registration information on file with the municipality, including, but not limited to, the voter registration applications and attached documentation, the incoming voter list from any previous election and information or records in the central voter registration system. **H.P. 400 - L.D. 507**

**An Act To More Closely  
Coordinate the Classification  
of Forested Farmland under  
the Farm and Open Space Tax  
Laws with the Maine Tree  
Growth Tax Law**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 36 MRSA §578, sub-§1**, as amended by PL 2009, c. 213, Pt. O, §1, is further amended to read:

**1. Organized areas.** The municipal assessors or chief assessor of a primary assessing area shall adjust the State Tax Assessor's 100% valuation per acre for each forest type of their county by whatever ratio, or percentage of current just value, is applied to other property within the municipality to obtain the assessed values. Forest land in the organized areas, subject to taxation under this subchapter, must be taxed at the property tax rate applicable to other property in the municipality.

The State Tax Assessor shall determine annually the amount of acreage in each municipality that is classified and taxed in accordance with this subchapter. Each municipality is entitled to annual payments distributed in accordance with this section from money appropriated by the Legislature if it submits an annual return in accordance with section 383 and if it achieves the minimum assessment ratio established in section 327. The State Tax Assessor shall pay any municipal claim found to be in satisfactory form by August 1st of the year following the submission of the annual return. The municipal reimbursement appropriation is calculated on the basis of 90% of the per acre tax revenue lost as a result of this subchapter. For property tax years based on the status of property on April 1, 2008 and April 1, 2009, municipal reimbursement under this section is further limited to the amount appropriated by the Legislature and distributed on a pro rata basis by the State Tax Assessor for all

timely filed claims. For purposes of this section, "classified forest lands" means forest lands classified pursuant to this subchapter as well as all areas identified as forested land within farmland parcels that are transferred from tree growth classification pursuant to section 1112 on or after October 1, 2011. For the purposes of this section, the tax lost is the tax that would have been assessed, but for this subchapter, on the classified forest lands if they were assessed according to the undeveloped acreage valuations used in the state valuation then in effect, or according to the current local valuation on undeveloped acreage, whichever is less, minus the tax that was actually assessed on the same lands in accordance with this subchapter, and adjusted for the aggregate municipal savings in required educational costs attributable to reduced state valuation. A municipality that fails to achieve the minimum assessment ratio established in section 327 loses 10% of the reimbursement provided by this section for each one percentage point the minimum assessment ratio falls below the ratio established in section 327.

The State Tax Assessor shall adopt rules necessary to implement the provisions of this section. Rules adopted pursuant to this subsection are routine technical rules for the purposes of Title 5, chapter 375, subchapter 2-A.

C. The State Tax Assessor shall distribute reimbursement under this section to each municipality in proportion to the product of the reduced tree growth valuation of the municipality multiplied by the property tax burden of the municipality. For purposes of this paragraph, unless the context otherwise indicates, the following terms have the following meanings.

- (1) "Property tax burden" means the total real and personal property taxes assessed in the most recently completed municipal fiscal year, except the taxes assessed on captured value within a tax increment financing district, divided by the latest state valuation certified to the Secretary of State.
- (2) "Undeveloped land" means rear acreage and unimproved nonwaterfront acreage that is not:
  - (a) Classified under the laws governing current use valuation set forth in chapter 105, subchapter 2-A, 10 or 10-A;
  - (b) A base lot; or
  - (c) Waste land.
- (3) "Average value of undeveloped land" means the per acre undeveloped land valuations used in the state valuation then in effect, or according to the current local valuation on

undeveloped land as determined for state valuation purposes, whichever is less.

- (4) "Reduced tree growth valuation" means the difference between the average value of undeveloped land and the average value of tree growth land times the total number of acres classified as forest land under this subchapter plus the total number of acres of forest land that is transferred from tree growth classification to farmland classification pursuant to section 1112 on or after October 1, 2011.

**Sec. 2. 36 MRSA §1112, 3rd ¶**, as amended by PL 1989, c. 555, §19 and c. 748, §6, is further amended to read:

A penalty may not be assessed at the time of a change of use from the farmland classification of land subject to taxation under this subchapter to the open space classification of land subject to taxation under this subchapter. A penalty may not be assessed upon the withdrawal of open space land from taxation under this subchapter if the owner applies for the land to be classified as and the land is accepted for classification as timberland under subchapter ~~II-A 2-A~~. There also is no penalty imposed when land classified as timberland is accepted for classification as open space land. A penalty may not be assessed upon withdrawal of open space land from taxation under this subchapter; ~~or from timberland taxation under subchapter II-A~~, if the owner applies for the land to be classified as and the land is accepted for classification as farmland under this subchapter. A penalty may not be assessed upon withdrawal of land enrolled under the Maine Tree Growth Tax Law if the owner applies for the land to be classified as and the land is accepted for classification as farmland under this chapter. The recapture penalty for withdrawal from farmland classification within 10 years of a transfer from either open space tax classification or timberland tax classification is the same imposed on withdrawal from the prior tax classification, open space or tree growth. The recapture penalty for withdrawal from farmland classification more than 10 years after such a transfer will be the regular farmland recapture penalty provided for in this section. In the event a penalty is later assessed under subchapter ~~II-A 2-A~~, the period of time that the land was taxed as farmland or as open space land under this subchapter must be included for purposes of establishing the amount of the penalty.

A. Asserted the tenant's rights pursuant to section 6021;

B. Complained as an individual, or if a complaint has been made in that individual's behalf, in good faith, of conditions affecting that individual's dwelling unit that may constitute a violation of a building, housing, sanitary or other code, ordinance, regulation or statute, presently or hereafter adopted, to a body charged with enforcement of that code, ordinance, regulation or statute, or such a body has filed a notice or complaint of such a violation;

C. Complained in writing or made a written request, in good faith, to the landlord or the landlord's agent to make repairs on the premises as required by any applicable building, housing or sanitary code, or by section 6021, or as required by the rental agreement between the parties; or

The court shall deny the forcible entry and detainer and not grant possession to the landlord if the court determines that the landlord has a duty to offer a reasonable accommodation and has failed to do so and there is a causal link between the accommodation requested and the conduct that is the subject of the forcible entry and detainer action.

The court shall grant the forcible entry and detainer if the court determines that the landlord is otherwise entitled to possession and:

A. The landlord does not have a duty to offer a reasonable accommodation;

The notice must include an itemized list of the items and containers of items of the property and advise the tenant that if the tenant does not respond to the notice within 7 days the landlord may dispose of the property as set forth in subsection 5.

**4. Continuation of storage for claimed property.** If the tenant responds to the notice sent pursuant to subsection 2, the landlord shall continue to store the property for at least ~~24~~ 14 days after the landlord sent the notice.

**5. Conditional release; sale or disposal.** A landlord shall comply with the following.

A. B. If the tenant makes the claim as set forth in paragraph A but fails to retrieve the property by the ~~24th~~ 14th day, the landlord may employ one or more of the remedies described in paragraph D.

C. If the tenant does not make an oral or written claim for the property within ~~14~~ 7 days after the notice described in subsection 2 is sent, the landlord may employ one or more of the remedies described in paragraph D.

The department's rules must establish application and renewal fees that generate revenues sufficient to offset all expenses of implementing and administering this chapter. The department may establish a sliding scale of application and renewal fees based upon a registered patient's family income and status as a veteran of the Armed Forces of the United States. The department may accept donations from private sources in order to reduce the application and renewal fees.

**CHAPTER 413  
S.P. 501 - L.D. 1570**

**An Act To Reduce Energy  
Prices for Maine Consumers**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 35-A MRSA §3210, sub-§2, ¶B-4,** as enacted by PL 2009, c. 542, §4, is amended to read:

B-4. "New" as applied to any renewable capacity resource means a renewable capacity resource that:

- (1) Has an in-service date after September 1, 2005;
- (2) Was added to an existing facility after September 1, 2005;
- (3) For at least 2 years was not operated or was not recognized by the New England independent system operator as a capacity resource and, after September 1, 2005, resumed operation or was recognized by the New England independent system operator as a capacity resource; or
- (4) Was refurbished after September 1, 2005 and is operating beyond its previous useful life or is employing an alternate technology that significantly increases the efficiency of the generation process.

For the purposes of this paragraph, "capacity resource" has the same meaning as in section 3210-C, subsection 1, paragraph A. For the purposes of this paragraph, "to refurbish" means to make an investment in equipment or facilities, other than for routine maintenance and repair, to renovate, reequip or restore the renewable capacity resource.

**Sec. 2. 35-A MRSA §3210-C, sub-§3,** as amended by PL 2009, c. 518, §3, is further amended to read:

**3. Commission authority.** The commission may direct investor-owned transmission and distribution utilities to enter into long-term contracts for:

- A. Capacity resources;
- B. Any available energy associated with capacity resources contracted under paragraph A:
  - (1) To the extent necessary to fulfill the policy of subsection 2, paragraph A; or
  - (2) If the commission determines appropriate for purposes of supplying or lowering the cost of standard-offer service or otherwise lowering the cost of electricity for the ratepayers in the State. Available energy contracted pursuant to this subparagraph may be sold into the wholesale electricity market in conjunction with solicitations for standard-offer supply bids; and
- C. Any available renewable energy credits associated with capacity resources contracted under paragraph A ~~to the extent the cost of the renewable energy credits is below market value or the purchase of renewable energy credits adds value to the transaction.~~ The price paid by the investor-

owned transmission and distribution utility for the renewable energy credits must be lower than the price received for those renewable energy credits at the time they are sold by the investor-owned transmission and distribution utility.

~~If at any time after July 1, 2011 the commission determines that the assessments on transmission and distribution utilities under section 10110, subsections 4 and 5 will not provide sufficient funds to meet the energy efficiency program budget allocations articulated in the triennial plan approved by the commission pursuant to section 10104, subsection 4 or any annual update plan approved by the commission pursuant to section 10104, subsection 6, the commission may, after providing notification to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters, direct investor owned transmission and distribution utilities to enter into long-term contracts for energy efficiency capacity resources and any available energy associated with such resources to the extent necessary to meet the energy efficiency program budget allocations articulated in the triennial plan or annual update plan.~~

~~The commission may direct investor owned transmission and distribution utilities to enter into contracts under this subsection only as agents for their customers, only when such contracts are in the best interest of customers and only in accordance with this section. The commission may permit, but may not require, investor-owned transmission and distribution utilities to enter into contracts for differences that are designed and intended to buffer ratepayers in the State from potential negative impacts from transmission development. To the greatest extent possible, the commission shall develop procedures for long-term contracts for investor-owned transmission and distribution utilities under this subsection having the same legal and financial effect as the procedures used for standard-offer service pursuant to section 3212 for investor-owned transmission and distribution utilities.~~

The commission may enter into contracts for interruptible, demand response or energy efficiency capacity resources. These contracts are not subject to the rules of the State Purchasing Agent. In a competitive solicitation conducted pursuant to subsection 6, the commission shall allow transmission and distribution utilities to submit bids for interruptible or demand response capacity resources.

Capacity resources contracted under this subsection may not exceed the amount necessary to ensure the reliability of the electric grid of this State, to meet the energy efficiency program budget allocations articulated in the triennial plan as approved by the commission pursuant to section 10104, subsection 4 or any annual update plan approved by the commission pursuant to section 10104, subsection 6 or to lower cus-

tomers costs as determined by the commission pursuant to rules adopted under subsection 10.

Unless the commission determines the public interest requires otherwise, a capacity resource may not be contracted under this subsection unless the commission determines that the capacity resource is recognized as a capacity resource for purposes of any regional or federal capacity requirements.

The commission shall ensure that any long-term contract authorized under this subsection is consistent with the State's goals for greenhouse gas reduction under Title 38, section 576 and the regional greenhouse gas initiative as described in the state climate action plan required in Title 38, section 577.

**Sec. 3. 35-A MRSA §3210-C, sub-§§11 and 12** are enacted to read:

**11. Customer benefits.** The commission may direct investor-owned transmission and distribution utilities to enter into contracts under this section only as agents for their customers and only when such contracts are in the best interest of customers and in accordance with this subsection. The commission shall adopt rules to ensure that:

A. To the extent the benefits to ratepayers of a long-term contract are projected to occur in the later years of the contract term, the commission shall ensure that adequate financial security is in place so that it is reasonably likely ratepayers will obtain the projected benefits of the long-term contract; and

B. To the extent practicable, ratepayers obtain the benefit of lower cost capacity resources of energy associated with those resources or of any renewable energy credits that may exist after the term of primary financing or subsequent replacement financing necessary for the development and construction of a generation project is completed.

**12. Triennial plan energy efficiency contracts.** The commission, in accordance with this subsection, may direct transmission and distribution utilities to enter into long-term contracts with the trust to meet the energy efficiency program budget allocations articulated in the triennial plan approved by the commission pursuant to section 10104, subsection 4.

A. If the commission determines that the assessments on transmission and distribution utilities under section 10110, subsections 4 and 5 will not provide sufficient funds to meet the energy efficiency program budget allocations articulated in the triennial plan or any annual update plan approved by the commission pursuant to section 10104, subsection 6, the commission may direct investor-owned transmission and distribution utilities to enter into long-term contracts for energy efficiency capacity resources and any avail-

able energy associated with those resources to the extent necessary to meet the energy efficiency program budget allocations articulated in the triennial plan or annual update plan. If those contracts result in a fee or assessment on ratepayers, the commission may only direct an investor-owned transmission and distribution utility to enter into those contracts if:

(1) The commission provides notification to the joint standing committee of the Legislature having jurisdiction over utilities and energy matters of the proposed contract or contracts; and

(2) The Legislature:

(a) Specifically authorizes the contract or contracts; or

(b) Allocates an amount of funds from the account established under paragraph B that is no less than the total funds that will be deposited in the account under all proposed contracts over the full terms of those contracts.

B. The Energy Efficiency Capacity Contract Account, referred to in this paragraph as "the account," is established in the Efficiency Maine Trust. The account is a nonlapsing account. Except as otherwise expressly directed by legislation approving the contract or contracts pursuant to paragraph A, subparagraph (2), division (a), all payments from contracts entered into pursuant to this subsection must be deposited in the account. Notwithstanding Title 5, section 1667-B, the State Budget Officer may not allot an amount in any fiscal year that is greater than the allocation pursuant to paragraph A, subparagraph (2), division (b).

**Sec. 4. 35-A MRSA §3210-E, sub-§5**, as enacted by PL 2009, c. 627, §5 and affected by §12, is amended to read:

**5. Electricity sales.** Notwithstanding section 3210, the sale of electricity by a competitive electricity provider to a qualified Pine Tree Development Zone business established under Title 30-A is exempt from the requirements of that section ~~and, at the request of the competitive electricity provider, sales to unless the qualified Pine Tree Development Zone businesses must be excluded from any calculation by business requests~~ the commission to determine compliance with that section waive the exemption for the sale of electricity to that Pine Tree Development Zone business.

The commission may adopt routine technical rules, as defined in Title 5, chapter 375, subchapter 2-A, to implement this subsection.

**Sec. 5. Prohibition.** Except for long-term contracts entered into pursuant to Public Law 2009, chap-

ter 615, Part A, section 6, the Public Utilities Commission may not direct transmission and distribution utilities to enter into long-term contracts pursuant to the Maine Revised Statutes, Title 35-A, section 3210-C after the effective date of this Act until the major substantive rules required under Title 35-A, section 3210-C, subsection 11 are finally adopted.

**Sec. 6. Report.** The Public Utilities Commission shall study the portfolio requirements established under the Maine Revised Statutes, Title 35-A, section 3210, subsection 3-A. The study must include an analysis of:

1. The source and cost of renewable energy credits used to satisfy the portfolio requirements;

2. The impact of renewable energy credits generated in this State on the regional renewable energy credit market;

3. The impact of the portfolio requirements on the viability of electricity generating facilities in this State that are eligible to meet the portfolio requirements;

4. The impact of the portfolio requirements on electricity costs;

5. If the portfolio requirements result in an increase in electricity costs, to the extent possible, the impact of that increase on economic development in this State;

6. The cost of the use of the alternative compliance payment mechanism under Title 35-A, section 3210, subsection 9 for electricity consumers in this State and, to the extent information is available, the reasons competitive electricity providers use the alternative compliance payment mechanism;

7. The best practices for setting the alternative compliance payment rate; and

8. To the extent possible, the benefits resulting from the portfolio requirements, including, but not limited to, tangible benefits and community benefits pursuant to Title 35-A, section 3454, economic benefits due to the creation of jobs or investments in this State including multiplier effects, research and development investment in this State, the impact on electricity rates and benefits due to diversifying this State's energy generation portfolio.

The commission may consult with the Department of Economic and Community Development and the Department of Environmental Protection to complete this report. The commission may contract with one or more qualified entities to complete the report in whole or in part.

To the extent possible, the commission shall complete the study within existing resources. If additional resources are needed, the commission may confer with the Office of the Public Advocate to identify the nec-

essary funding and may accept funds from the Office of the Public Advocate for the purposes of this section.

The commission shall submit a report of its findings and recommendations to the Joint Standing Committee on Energy, Utilities and Technology by January 31, 2012. After reviewing the report, the committee may submit a bill related to the findings in the report to the Second Regular Session of the 125th Legislature.

**Sec. 7. Application to long-term contracts for offshore wind and tidal energy.** Notwithstanding Public Law 2009, chapter 615, Part A, section 6, the portions of this Act that amend the Maine Revised Statutes, Title 35-A, section 3210-C do not apply to contracts entered into pursuant to Public Law 2009, chapter 615, Part A, section 6.

**§2407. Charter applications**

**1. Application.** An applicant for approval as a public charter school must submit an application as set out in this section. An applicant may submit an application only to an authorizer that has issued a request for proposals in accordance with section 2406. An applicant may submit a proposal for a particular public charter school to no more than one authorizer at a time. The purposes of the application are to present the proposed public charter school's academic and operational vision and plans, demonstrate the applicant's capacities to execute the proposed vision and plans and provide the authorizer a clear basis for assessing the applicant's plans and capacities.

**2. Conversion of existing noncharter public schools.** A noncharter public school or public school program may apply to its local school board to become a conversion public charter school.

**3. Start-up schools.** An application for a start-up public charter school may be submitted by a nonprofit, nonreligious organization. If the organizers of a start-up public charter school have been affiliated with a previous school or education program, they must form a separate nonprofit organization in this State to be eligible for state and federal grants.

**4. Application review process.** In reviewing and evaluating applications, authorizers shall employ procedures, practices, criteria and standards consistent with nationally recognized principles and standards for authorizing high-quality public charter schools.

A. The application review process must include, at a minimum, substantive participation by a team of reviewers who collectively possess appropriate academic expertise and operational experience with public charter schools.

B. The application review process must include a thorough evaluation of each application, an in-person interview with the applicant and a public hearing.

C. In deciding whether to approve applications, authorizers shall:

(1) Grant charters only to applicants that have demonstrated competence in each element of the authorizer's published approval criteria and are likely to open and operate a successful public charter school;

(2) Base decisions on documented evidence collected through the application review process; and

(3) Follow charter-granting policies and practices that are transparent, based on merit and avoid conflicts of interest or any appearance of a conflict of interest.

**5. Approval; denial.** No later than 90 days after the filing of an application, an authorizer shall decide to approve or deny the application. The authorizer shall make and announce all charter approval or denial decisions in a meeting open to the public.

A. An approval decision may include, if appropriate, reasonable conditions that the applicant must meet before a charter contract may be executed.

B. If the authorizer denies an application, the authorizer shall clearly state, for public record, its reasons for denial. An applicant may subsequently reapply to that authorizer or apply to any other authorizer in the State.

C. Within 10 days of taking action to approve or deny an application, the authorizer shall report to the commissioner the action it has taken. The authorizer shall provide a copy of the report to the applicant at the same time that the report is submitted to the commissioner.

D. The commissioner shall register the charters approved by all chartering authorities in chronological order by date of approval.

E. An approved application may not serve as a school's charter contract nor may it be incorporated by reference into the charter contract.

F. A decision on an application must be conveyed in writing to the applicant. A decision may grant approval or conditional approval, request resubmission or reject the application and must include written reasons for the decisions.

**§2408. Charter contracts**

**1. Charter contracts.** When an application is approved, a charter contract must be executed in accordance with this section.

A. After approval of an application and no later than 60 days prior to the opening date of the public charter school, the authorizer and the governing board shall execute a charter contract that sets forth:

(1) Performance provisions describing the academic and operational performance expectations and measures by which the public charter school will be judged; and

(2) Administrative provisions articulating the administrative relationship between the authorizer and the public charter school, including each party's rights and duties.

B. The performance provisions set forth in a charter contract under paragraph A must include but need not be limited to applicable federal and state accountability requirements.

C. The performance provisions set forth in a charter contract under paragraph A may be refined or amended by mutual agreement of the parties to the charter contract after the public charter school is operating and has collected baseline achievement data for its enrolled students.

D. A charter contract must be signed by a designated representative of the authorizer and of the public charter school's governing board.

E. A public charter school may not commence operations without a charter contract executed in accordance with this section and approved in a meeting open to the public.

**2. Virtual public charter schools.** The charter contract of a virtual public charter school must require the governing board to:

A. Provide each student enrolled in the virtual public charter school with online courses that meet or exceed state standards and all instructional materials required for the student's participation in the school;

B. Ensure that the persons who operate the virtual public charter school on a day-to-day basis comply with and carry out all applicable requirements, statutes, regulations, rules and policies of the school;

C. Ensure that a parent of each student verifies the number of hours of educational activities completed by the student each school year; and

D. Adopt a plan by which the governing board provides:

(1) Frequent, ongoing monitoring to ensure and verify that each student is participating in the virtual public charter school, including synchronous contact between teachers and students and between teachers and parents to ensure and verify student participation and learning;

(2) Regular instructional opportunities in real time that are directly related to the virtual public charter school's curricular objectives, including, but not limited to, meetings with teachers and educational field trips and outings;

(3) Verification of ongoing student attendance in the virtual public charter school;

(4) Verification of ongoing student progress and performance in each course as documented by ongoing assessments and examples of student course work; and

(5) Administration to all students in a proctored setting of all applicable assessments as required by the State.

Nothing in this subsection prohibits a virtual public charter school from reimbursing families of enrolled students for costs associated with their Internet connection for use in the program.

Only students enrolled in a virtual public charter school as full-time students may be reported in the virtual public charter school's average pupil count to the department for the purposes of receiving local, state and federal funds.

**§2409. Public charter school performance framework**

**1. Performance framework.** The performance provisions of a charter contract must be based on a performance framework developed by the authorizer that sets forth the academic and operational performance indicators that will guide the authorizer's evaluations of each public charter school.

**2. Data elements.** The performance framework developed under subsection 1 must include, at a minimum, indicators for:

A. Student academic proficiency;

B. Student academic growth;

C. Achievement gaps in both proficiency and growth between major student subgroups;

D. Attendance;

E. Recurrent enrollment from year to year;

F. With respect to high school, postsecondary readiness;

G. Financial performance and sustainability;

H. Governing board performance and stewardship; and

I. Parent and community engagement.

**3. Annual performance targets.** Annual performance targets must be set by a public charter school in conjunction with its authorizer and must be designed to help each school meet applicable federal and state requirements and authorizer expectations.

**4. Data disaggregation.** The performance framework developed under subsection 1 must require the disaggregation of all student performance data by major student subgroups.

**5. Reports for multiple campuses.** With respect to a public charter school that contains multiple campuses operating under a single charter contract or overseen by a single governing board, the performance framework developed under subsection 1 must require the performance of each campus to be reported separately and must hold each campus independently accountable for its performance.

**§2410. Oversight**

**1. Data collection; monitoring.** For each public charter school it oversees, the authorizer is responsible for collecting, analyzing and reporting all data from state assessments in accordance with the performance framework developed under section 2409, subsection 1. An authorizer shall monitor the performance and legal compliance of the public charter schools it oversees, including collecting and analyzing all data to support ongoing evaluation according to the charter contract.

**2. Notification of unsatisfactory performance or compliance.** In the event that a public charter school's performance or legal compliance appears unsatisfactory, the authorizer shall promptly notify the public charter school of perceived problems and provide reasonable opportunity for the school to remedy the problems.

**§2411. Charter term and renewal**

**1. Initial charter term.** The term for an initial charter may not commence before July 1, 2012. An initial charter must be granted for a term of 5 operating years. The charter term commences on the public charter school's first day of operation. An approved public charter school may delay its opening for one school year in order to plan and prepare for the school's opening. If the public charter school requires an opening delay of more than one school year, the public charter school must request an extension from its authorizer. The authorizer may grant or deny the extension depending on the particular public charter school's circumstances.

**2. Charter renewal term.** A charter may be renewed for successive terms of 5 years, although an authorizer may grant a renewal for a term not to exceed 15 years based on the performance, demonstrated capacities and particular circumstances of each public charter school. If a charter is renewed for more than 5 years, the authorizer shall still issue a public charter school performance report every 5 years as called for by subsection 3. An authorizer may grant renewal with specific conditions for necessary improvements to a public charter school.

**3. Authorizer renewal responsibilities.** No later than June 30th of a public charter school's 4th year of operation under each 5-year term of a charter contract, the authorizer shall issue a public charter school performance report. If the charter of the public charter school is expiring, the authorizer shall offer charter renewal application guidance to the school.

A. The performance report required in this subsection must summarize the public charter school's performance record to date, based on the data required by this chapter and the charter contract, and must provide notice of any weaknesses or concerns perceived by the authorizer concern-

ing the school that may jeopardize its position in seeking renewal if not timely rectified. The school must be given the opportunity to respond to the performance report and submit any corrections or clarifications for the report.

B. The renewal application guidance required by this subsection must include or refer explicitly to the criteria and standards that will guide the authorizer's renewal decisions, which must be based on the performance framework under section 2409 set forth in the charter contract and consistent with this chapter. The renewal application guidance must, at a minimum, require and provide an opportunity for the public charter school to:

- (1) Present additional evidence, beyond the data contained in the performance report, supporting its case for charter renewal;
- (2) Describe improvements undertaken or planned for the school; and
- (3) Detail the school's plans for the next charter term.

**4. Renewal application.** No later than September 30th of a public charter school's 5th year of operation under a term of a charter contract or September 30th of a public charter school's final authorized year of operation under a term of a charter contract, the governing board of a public charter school seeking renewal shall submit a renewal application to the authorizer pursuant to any renewal application guidance offered by the authorizer under subsection 3.

**5. Renewal decision.** An authorizer shall rule by resolution on a renewal application under this section no later than 45 days after the filing of the renewal application. In making charter renewal decisions, every authorizer shall:

- A. Ground its decisions in evidence of the public charter school's performance over the term of the charter in accordance with the performance framework under section 2409 set forth in the charter contract;
- B. Ensure that data used in making renewal decisions are available to the public charter school and the public; and
- C. Provide a public report summarizing the evidence basis for each decision.

**6. Charter revocation and nonrenewal.** A decision by an authorizer to revoke or not to renew the charter of a public charter school must be made in accordance with this subsection.

A. A charter may be revoked at any time or not renewed if the authorizer determines that the public charter school failed to comply with the provisions of this chapter or:

(1) Committed a material violation of any of the terms, conditions, standards or procedures required under this chapter or the charter contract;

(2) Failed to meet or make sufficient progress toward the performance expectations set forth in the charter contract;

(3) Failed to meet generally accepted standards of fiscal management; or

(4) Violated any provision of law from which the school was not exempted.

B. If an authorizer revokes or does not renew a charter, the authorizer shall clearly state, in a resolution of its governing entity, the reasons for the revocation or nonrenewal.

**7. Notification to commissioner.** Within 10 days of taking action to renew, not renew or revoke a charter under this section, the authorizer shall report to the commissioner the action taken and shall provide a copy of the report to the public charter school at the same time that the report is submitted to the commissioner. The report must include a copy of the governing entity of the authorizer's resolution setting forth the action taken and reasons for the decision.

**8. School closure and dissolution.** If a public charter school closes for any reason:

A. The authorizer shall oversee and work with the closing public charter school to ensure timely notification to parents, orderly transition of students and student records to new schools and proper disposition of school funds, property and assets in accordance with the requirements of this chapter; and

B. The assets of the public charter school must be distributed first to satisfy outstanding payroll obligations for employees of the public charter school and then to creditors of the public charter school. Any remaining funds must be paid to the Treasurer of State to the credit of the General Fund. If the assets of the public charter school are insufficient to pay all parties to whom the public charter school owes compensation, the prioritization of the distribution of assets may be determined by decree of a court of law.

**9. Charter transfers.** A charter contract and its oversight may not be transferred from one authorizer to another before the expiration of the charter contract term except by mutual agreement of all parties.

## **§2412. Operations**

**1. Legal status.** Notwithstanding any provision of law to the contrary, to the extent that any provision of this chapter is inconsistent with any other state or local law, rule or regulation, the provisions of this chapter govern and are controlling.

A. A public charter school is subject to all federal laws and authorities, to local law not inconsistent with this chapter and to the charter contract.

B. A charter contract may include one or more schools, to the extent approved by the authorizer and consistent with applicable law. Each public charter school that is part of a charter contract must be separate and distinct from any others.

C. A single governing board may be issued one or more charter contracts. Each public charter school operating under its own contract is a discrete legal entity, separate and distinct from any others.

**2. Local educational agency status.** The following provisions govern the status of public charter schools as local educational agencies.

A. In the case of a public charter school authorized by a local school board:

(1) The school administrative unit in which the public charter school is located remains the local educational agency and the public charter school is a school within that local educational agency;

(2) The public charter school receives services, resources and support in the same manner as other school administrative unit noncharter public schools, except that the public charter school is treated as a local educational agency for purposes of applying for competitive federal grants; and

(3) The school administrative unit retains responsibility for special education and serves students in public charter schools in a manner consistent with local educational agency obligations under applicable federal, state and local law and the charter contract.

B. In the case of a public charter school authorized by the commission:

(1) The public charter school functions for all purposes as a local educational agency and is a school administrative unit independent of the school administrative unit in which the school is located. School administrative unit status does not preclude a public charter school from developing links to local school districts for services, resources and programs, by mutual agreement or by formal contract;

(2) To the extent permitted by federal, state or local laws, the public charter school is responsible for meeting the requirements of local educational agencies under applicable federal, state and local laws, including those relating to special education, receipt of funds

and compliance with funding requirements; and

(3) To the extent permitted by federal, state or local laws, the public charter school has primary responsibility for special education at the school, including identification and provision of service, and is responsible for meeting the needs of enrolled students with disabilities.

**3. Powers of public charter schools.** A public charter school has all the powers necessary for carrying out the terms of its charter contract, including the powers to:

A. Receive and disburse funds for school purposes;

B. Contract or cooperate with noncharter public schools for service for students with special needs, English language learner students and other specialized populations, as well as for mutually agreed administrative services;

C. Secure appropriate insurance and enter into contracts and leases, free from prevailing wage laws;

D. Contract with an education service provider for a limited scope of education services and resources related to the management and operation of the public charter school, as long as the public charter school's governing board retains authority over the oversight and management of the public charter school;

E. Incur debt in reasonable anticipation of the receipt of public or private funds, except that an authorizer is not responsible for any debt incurred by the public charter school;

F. Pledge, assign or encumber its assets to be used as collateral for loans or extensions of credit;

G. Solicit and accept any gifts or grants for public charter school purposes subject to applicable laws and the terms of its charter contract;

H. Acquire real property for use as its facility or facilities from public or private sources; and

I. Sue and be sued in its own name.

**4. General requirements.** A public charter school is subject to the general requirements set out in this subsection.

A. A public charter school may not discriminate against any person on the basis of race, color, sex, sexual orientation, physical or mental disability, religion, age, ancestry or national origin or on any other basis that would be unlawful if done by a noncharter public school.

B. A public charter school may not engage in any religious practices in its educational program, admissions or employment policies or operations.

C. A public charter school may not charge tuition and may only charge such fees as may be imposed by other noncharter public schools in the State. A public charter school may charge tuition to an out-of-state student admitted to the school on a space-available basis.

D. A public charter school must have a plan that describes how the school will meet the transportation needs of its students.

E. The powers, obligations and responsibilities set forth in a charter contract may not be delegated or assigned by either party, except as provided in section 2411, subsection 9.

**5. Applicability of other laws, rules and regulations.** The applicability of other laws, rules and regulations to public charter schools is as set out in this subsection.

A. Public charter schools are subject to the same civil rights and health and safety requirements applicable to other noncharter public schools in the State, except as otherwise specifically provided in this chapter.

B. Public charter schools are subject to the same student assessment and accountability requirements applicable to other noncharter public schools in the State, but nothing in this chapter precludes a public charter school from establishing additional student assessment measures that go beyond state requirements if the school's authorizer approves such measures.

C. Governing boards are subject to and must comply with Title 1, chapter 13.

D. Except as provided in this chapter and its charter contract, a public charter school is exempt from all statutes and rules applicable to a noncharter public school, a local school board or a school administrative unit. School administrative units may not interpret this paragraph as reducing their obligation to provide education for their residents.

E. A public charter school is exempt from the restrictions normally associated with any state-funded categorical education funding program.

F. Employees and other public charter school personnel are subject to criminal history record checks and fingerprinting requirements applicable to other noncharter public schools.

**6. Teachers.** This subsection governs teacher employment in a public charter school.

A. A public charter school must comply with applicable federal laws and regulations regarding the

qualification of teachers and other instructional staff.

B. All full-time teachers in a public charter school must either hold an appropriate teaching certificate or become certified within 3 years of the date they are hired, except for those with an advanced degree, professional certification or unique expertise or experience in the curricular area in which they teach.

C. Teachers at a public charter school may choose to bargain collectively or form a professional group in accordance with this paragraph.

(1) Teachers who are employees of the public charter school have the same rights as other teachers in public education to organize and bargain collectively. Bargaining units at the public charter school must be separate from other bargaining units, such as a district bargaining unit. Staff at noncharter public schools converting to public charter schools have a right to employment benefits as stated in applicable collective bargaining agreements or they may vote to be represented in alternative ways.

(2) A teacher who is an employee of the public charter school may choose to be part of a professional group that operates the instructional program under an agreement with the public charter school, forming a partnership or producer cooperative that the teachers collectively own.

(3) Teachers who are employees of the public charter school may not be required to be members of any existing collective bargaining agreement between a school administrative unit and its employees. A public charter school may not interfere with civil service laws or other applicable rules protecting the rights of employees to organize and be free from discrimination.

**7. External audit.** A public charter school shall adhere to generally accepted accounting principles and shall annually engage an external auditor to do an independent audit of the school's finances. The public charter school shall submit the audit to its authorizer and to the department.

### **§2413. Funding**

**1. Enrollment count.** Students enrolled in and attending public charter schools must be reported to the department, for attendance and funding purposes, as provided in department rules.

**2. Revenue provisions.** All state and local operating funds follow each student to the public charter school attended by the student, except that the school administrative unit of the student's residence may re-

tain up to 1% of the per-pupil allocation described in this subsection to cover associated administrative costs.

A. For each public charter school student, the school administrative unit in which the student resides must forward the per-pupil allocation to the public charter school attended by the student as follows.

(1) The per-pupil allocation amount is the EPS per-pupil rate for the school administrative unit in which the student resides, as calculated pursuant to section 15676, based on the student's grade level and adjusted as appropriate for economic disadvantage and limited English proficiency pursuant to section 15675, subsections 1 and 2. For transportation expenses, the average per-pupil expense in each school administrative unit of residence must be calculated and a per-pupil allocation of that amount must be forwarded to the public charter school attended on the same basis as the per-pupil allocations for operating funds. Debt service and capital outlays may not be included in the calculation of these per-pupil allocations. The department shall adopt rules governing how to calculate these per-pupil allocations, including those for gifted and talented programs, vocational, technical and career education programs, and targeted funds for assessment technology and kindergarten to grade 2 programs.

(2) For students attending public charter schools, the school administrative unit of residence shall forward the per-pupil allocations described in subparagraph (1) directly to the public charter school attended. These per-pupil allocations must be forwarded to each public charter school on a quarterly basis, as follows. For each fiscal year, allocations must be made in quarterly payments on September 1st, December 1st, March 1st and June 1st. The September payment must be based on the number of students enrolled or anticipated to be enrolled in the public charter school at the opening of school for that school year, which may not exceed the maximum enrollment approved in the charter contract for that year unless a waiver is obtained from the authorizer. In February of the school year, if the number of students is higher or lower than the number of students at the beginning of the school year, adjustments must be made in the June payment, with 50% of the annual per-pupil allocation added for additional students or subtracted if the total number of students is lower.

B. The following provisions govern special education funding.

(1) For each enrolled special education pupil, a public charter school must receive the average additional allocation calculated by the department for each school administrative unit for its special education students. These allocations must be paid on the same basis as the per-pupil allocations for operating funds.

(2) The school administrative unit of residence shall pay directly to the public charter school any federal or state aid attributable to a student with a disability attending the public charter school in proportion to the level of services for the student with a disability that the public charter school provides directly or indirectly.

C. Except as otherwise provided in this chapter, the State shall send applicable federal funds directly to public charter schools attended by eligible students. Public charter schools with students eligible for funds under Title I of the federal Elementary and Secondary Education Act of 1965, 20 United States Code, Section 6301 et seq. must receive and use these funds in accordance with federal and state law. During the first year of operation, a public charter school must receive Title I funds on the basis of an estimated enrollment of eligible students, as agreed with its authorizer.

D. A public charter school may receive gifts and grants from private sources in any manner that is available to a school administrative unit.

E. A public charter school may not levy taxes or issue bonds secured by tax revenues.

F. In the event of the failure of the school administrative unit to make payments required by this section, the Treasurer of State shall deduct from any state funds that become due to the school administrative unit an amount equal to the unpaid obligation. The Treasurer of State shall pay over the amount to the public charter school upon certification by the department. The department shall adopt rules to implement the provisions of this paragraph.

G. Any money received by a public charter school from any source and remaining in the school's accounts at the end of any budget year remains in the school's accounts for use by the school during subsequent budget years and may not revert to the authorizer or to the State.

H. Nothing in this chapter may be construed to prohibit any person or organization from providing funding or other assistance for the establishment or operation of a public charter school. The governing board of a public charter school may

accept gifts, donations or grants of any kind made to the school and expend or use such gifts, donations or grants in accordance with the conditions prescribed by the donor except that a gift, donation or grant may not be accepted if subject to a condition that is contrary to any provision of law or term of the charter contract.

I. Public charter schools have the same access as other noncharter public schools to any risk pool for high-cost special education services and to any fund for fiscal emergencies.

J. The department may establish a method of transferring funds to public charter schools that is an alternative to the method provided in this subsection.

#### **§2414. Facilities**

**CHAPTER 422  
H.P. 510 - L.D. 683**

**An Act To Enhance Long-term Care Services for Maine Citizens**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 22 MRSA c. 1622-A** is enacted to read:

**CHAPTER 1622-A**

**CONSOLIDATION OF LONG-TERM CARE SERVICES**

**§7316. Consolidation of long-term care services**

Beginning July 1, 2012, all long-term care services provided directly or indirectly under the MaineCare program or other state-funded programs by the department under this Title must be combined into one program, referred to in this chapter as "the program," with a single set of rules, coordinated criteria for assessment and qualifications and a single budget.

**§7317. In-home and community support services; nursing facility services**

In-home and community support services and nursing facility services must be provided under the program, giving priority to expenditures that serve first those consumers with the greatest needs and the lowest service costs in accordance with the provisions of this section.

**1. Intake and eligibility assessment.** The department shall develop for the program a single system for intake and eligibility determination for all consumers, regardless of diagnosis, type of disability or age or other demographic factors, using the multidisciplinary teams designated by the commissioner pursuant to section 7323. The intake process, application and forms must be standardized despite differences in the criteria for eligibility for services under different provisions of the MaineCare program state plan or federally approved waiver under Medicaid or under state-funded services.

**2. Needs assessment.** The department shall assess a consumer for benefits determination periodically, as appropriate to the consumer, based on assessments of functional, health care and financial needs performed by an agency that is available to the consumer for case management services but that does not directly or indirectly provide in-home and community support services or nursing facility services. The assessment of the consumer's functional, health care and financial needs for in-home and community support services and nursing facility services must

include a medical evaluation conducted by the consumer's primary care provider or health care specialist, as appropriate, and an evaluation by the department of the requirements for personal care assistant services and the hours of service necessary to maintain the consumer in a home-based or community-based setting.

**3. Benefits determination; service delivery model selection.** Once the needs assessment under subsection 2 has been completed for a consumer, the department shall determine the benefits that are available for the consumer and the consumer may choose which services to purchase. The consumer may select service delivery through the following models: the model in which the consumer directs the consumer's care and employs the persons who provide care, with or without a surrogate or unpaid representative to assist the consumer; the agency model in which an agency directs the consumer's care and employs the persons who provide care; and the residential care model or nursing facility care model. If a consumer does not indicate a preference of service delivery model, the department shall assign the consumer to a self-directed model of in-home and community support services unless self-direction is determined to be inappropriate for the consumer.

**4. Plan of care.** The department shall develop and authorize a plan of care for each consumer determined to be eligible under this chapter or Title 34-B, chapter 5, subchapter 3, article 2. The plan of care must be based on the needs assessment under subsection 2 and must be designed to meet the needs of the consumer identified in the assessment, giving consideration to the consumer's living arrangement and informal supports and, to avoid duplication of services, services provided by other private and public funding sources.

**5. Transitional facilities and services.** The program must provide a consumer with transitional facilities and services to assist with changing functional needs and health care status.

**6. Nursing facility diversion.** The program must include a nursing facility diversion component to encourage the use of facilities and services consistent with the consumer's needs assessment under subsection 2 and as chosen by the consumer under subsection 3.

**7. Reimbursement.** The program must provide reimbursement for skilled nursing care and in-home and community support services based on a uniform rate-setting process that is consistent across types of care and services, that reduces administrative costs and that is realistic regarding access to care and services. The process must set aside a fixed percentage of the rate for wages and benefits of the direct-care workers.

**8. Implementation.** In implementing the program the department shall:

A. Establish best practices training standards in a common module-based format with standard designations for direct-care workers;

B. Create structures for service delivery that apply to all types of payors;

C. Promote the use of assistive technology;

D. Integrate the delivery of skilled nursing care and personal care and services;

E. Establish a system to designate qualified providers who must:

(1) Provide the full range of services in the self-directed and agency models under subsection 3;

(2) Have the organizational and administrative capacity to administer and monitor a complete range of in-home and community support services, including, but not limited to, serving as a resource regarding service options, coordinating and implementing consumer services, ensuring the services are delivered, providing skills training, responding to questions and problems, performing administrative services, ensuring compliance with policies and performing utilization review functions; and

(3) Submit proposals for coordinated in-home and community support services in response to a solicitation for proposals to qualified provider agencies from the department, in the form and manner required by the department as specified in rules. Rules adopted pursuant to this subparagraph are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

F. Promote consumer choice by investing in needed care and services that consumers choose; and

G. Develop expanded financing options to encourage private investment in residential care and nursing facilities.

**Sec. 2. Integrate accounts.** The Department of Health and Human Services shall combine long-term care accounts to implement the consolidation of long-term care services under the Maine Revised Statutes, Title 22, chapter 1622-A for fiscal years 2011-12 and 2012-13. The accounts that must be integrated into a single budget include the Office of Elder Services - Central Office account, the Long-term Care - Human Services account, the Nursing Facilities account and the Independent Housing with Services account.

**Sec. 3. Report on progress.** By January 5, 2012 and by November 1, 2012, the Department of Health and Human Services shall report to the joint

standing committee of the Legislature having jurisdiction over health and human services matters regarding the progress in implementing consolidation of long-term care services under the Maine Revised Statutes, Title 22, chapter 1622-A.

**Be it enacted by the People of the State of Maine as follows:**

**PART A**

**Sec. A-1. 22 MRSA §328, sub-§16,** as amended by PL 2009, c. 383, §3, is further amended to read:

**16. Major medical equipment.** "Major medical equipment" means a single unit of medical equipment or a single system of components with related functions used to provide medical and other health services that costs ~~\$1,600,000~~ \$3,200,000 or more. "Major medical equipment" does not include medical equipment acquired by or on behalf of a clinical laboratory to provide clinical laboratory services if the clinical laboratory is independent of a physician's office and a hospital and has been determined to meet the requirements of the United States Social Security Act, Title XVIII, Section 1861(s), paragraphs 10 and 11. In determining whether medical equipment costs more than the threshold provided in this subsection, the cost of studies, surveys, designs, plans, working drawings, specifications and other activities essential to acquiring the equipment must be included. If the equipment is acquired for less than fair market value, the term "cost" includes the fair market value. Beginning January 1, 2013 and annually thereafter, the threshold amount for review must be updated by the commissioner to reflect the change in the United States Department of Labor, Bureau of Labor Statistics Con-

sumer Price Index medical care services index, with an effective date of January 1st each year.

**Sec. A-2. 22 MRSA §328, sub-§17-A,** as amended by PL 2009, c. 383, §4, is further amended to read:

B. The addition of a health service that is to be offered by or on behalf of a new or existing health care facility that was not offered on a regular basis by or on behalf of the health care facility within the 12-month period prior to the time the services would be offered and that, for the 3rd fiscal year of operation, including a partial first year following addition of that service, is projected to entail incremental annual operating costs directly attributable to the addition of that health service of at least ~~\$400,000~~ \$1,000,000. For the purposes of this paragraph, the compensation attributable to the health care practitioner is not included in the calculation of 3rd-year operating costs; or

C. The addition in the private office of a health care practitioner, as defined in Title 24, section 2502, subsection 1-A, of new technology that costs ~~\$1,600,000~~ \$3,200,000 or more. The department shall consult with the Maine Quality Forum Advisory Council established pursuant to Title 24-A, section 6952, prior to determining whether a project qualifies as a new technology in the office of a private practitioner. With regard to the private office of a health care practitioner, "new health service" does not include the location of a new practitioner in a geographic area.

Beginning January 1, 2013 and annually thereafter, the threshold amounts for review in paragraphs A, B and C must be updated by the commissioner to reflect the change in the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index, with an effective date of January 1st each year.

"New health service" does not include a health care facility that extends a current service within the defined primary service area of the health care facility by purchasing within a 12-month time period new equipment costing in the aggregate less than the threshold provided in ~~section 328~~, subsection 16;

- (2) The use of major medical equipment on a temporary basis in the case of a natural disaster, major accident or major medical equipment failure.

**Sec. A-4. 22 MRSA §329, sub-§3**, as amended by PL 2009, c. 383, §6 and affected by §16, is further amended to read:

**3. Capital expenditures.** Except as provided in subsection 6, the obligation by or on behalf of a new or existing health care facility of any capital expenditure of ~~\$3,100,000~~ \$10,000,000 or more. Beginning January 1, 2013 and annually thereafter, the threshold amount for review must be updated by the commissioner to reflect the change in the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index, with an effective date of January 1st each year;

**Sec. A-5. 22 MRSA §329, sub-§4-A**, as enacted by PL 2007, c. 440, §4, is amended to read:

**4-A. New health care facility.** The construction, development or other establishment of a new health care facility. The following requirements apply to certificate of need for new health care facilities.

B. A new health care facility other than a nursing facility must obtain a certificate of need:

(1) If it requires a capital expenditure of more than \$3,000,000; or

(2) If it is a new health service;

**Sec. A-6. 35-A MRSA §10122** is enacted to read:

**§10122. Health care facility program**

The trust shall develop and implement a process to review projects undertaken by health care facilities that are directed solely at reducing energy costs through energy efficiency, renewable energy technology or smart grid technology and to certify those projects that are likely to be cost-effective. If a project is certified as likely to be cost-effective by the trust, the review process serves as an alternative to the certificate of need process established pursuant to Title 22, section 329, subsection 3.

**PART B**

**Sec. B-1. 22 MRSA §329, sub-§6**, as repealed and replaced by PL 2009, c. 652, Pt. A, §29, is amended to read:

**6. Nursing facilities.** The obligation by a new or existing nursing facility, when related to nursing services provided by the nursing facility, of any capital expenditures of ~~\$510,000~~ \$5,000,000 or more ~~and, beginning January 1, 2010, the obligation by a nursing facility, when related to nursing services provided by the nursing facility, of any capital expenditures of \$1,000,000 or more. Beginning January 1, 2013 and annually thereafter, the threshold amount for review must be updated by the commissioner to reflect the change in the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index medical care services index, with an effective date of January 1st each year.~~

A certificate of need is not required for the following:

A. A nursing facility converting beds used for the provision of nursing services to beds to be used for the provision of residential care services. If such a conversion occurs, MaineCare and other public funds may not be obligated for payment of services provided in the converted beds unless approved by the department pursuant to the provisions of sections 333-A and 334-A. In order to approve a conversion under this paragraph, the department must determine that any increased MaineCare residential care costs associated with the converted beds are fully offset by reductions in the MaineCare costs from the reduction in MaineCare nursing facility costs associated with the converted beds;

B. Capital expenditures in the case of a natural disaster, major accident or equipment failure;

C. Replacement equipment, other than major medical equipment as defined in section 328, subsection 16;

D. Information systems, communication systems, parking lots and garages; and

E. Certain energy-efficient improvements, as described in section 334-A, subsection 4.

**Sec. B-2. 22 MRSA §333, sub-§1, ¶A-1**, as enacted by PL 2007, c. 440, §8, is amended to read:

A-1. Beginning with anniversary dates occurring after July 1, 2007, annually provide notice to the department no later than 30 days after the anniversary date of the effective date of the license reduction of the nursing facility's intent to retain these reserved beds, ~~subject to the time limitations set forth in subsection 2, paragraph B;~~ and

**Sec. B-3. 22 MRSA §333, sub-§1, ¶B**, as enacted by PL 2001, c. 664, §2, is amended to read:

B. Obtain a certificate of need to convert beds back under section 335, except that, if no construction is required for the conversion of beds back, the application must be processed in accordance with subsection 2. The department in its review shall evaluate the impact that the nursing facility beds to be converted back would have on those existing nursing facility beds and facilities within 30 miles of the applicant's facility and shall determine whether to approve the request based on current certificate of need criteria and methodology.

**Sec. B-4. 22 MRSA §333, sub-§2, ¶B**, as amended by PL 2007, c. 440, §9, is further amended to read:

~~B. Conversion of beds back under this section must be requested within 4 years of the effective date of the license reduction. If the nursing facility fails to provide the annual notices required by subsection 1, paragraph B, the nursing facility's ability to convert beds back under this section lapses, and the beds must be treated as lapsed beds for purposes of this section and sections 333-A and 334-A.~~

**Sec. B-5. 22 MRSA §333-A, sub-§1**, as amended by PL 2009, c. 429, §2, is further amended to read:

**1. Nursing facility MaineCare funding pool.** Except as set forth in subsection 3 ~~3-A~~ and section 334-A, savings to the MaineCare program as a result of delicensing of nursing facility beds on or after July 1, 2005, including savings from lapsed beds but excluding savings from reserved beds, must be credited to the nursing facility MaineCare funding pool, which must be maintained by the department to provide for the development of new beds or other improvements

requiring a certificate of need. ~~The~~ For those nursing facility projects that propose to add new nursing facility beds to the inventory of beds within the State, the balance of the nursing facility MaineCare funding pool, as adjusted to reflect current costs consistent with the rules and statutes governing reimbursement of nursing facilities, serves as a limit on the MaineCare share of all incremental 3rd-year operating costs of nursing facility such projects requiring review under this chapter, except as set forth in subsection 3 and unless such projects are approved under applicable provisions of section 334-A. Nursing facility projects that do not add new nursing facility beds to the inventory of beds within the State are not subject to the nursing facility MaineCare funding pool.

**Sec. B-6. 22 MRSA §333-A, sub-§2**, as amended by PL 2007, c. 681, §4, is further amended to read:

**2. Procedure.** The balance of the nursing facility MaineCare funding pool must be used for development of additional nursing facility beds in areas of the State where additional beds are needed to meet the community need. The department must assess needs throughout the State and issue requests for proposals for the development of additional beds in areas where need has been identified by the department, except in the event of an emergency, when the department may use a sole source process. Proposals must be evaluated based on consideration of quality of care and cost, and preference must be given to existing nursing facilities in the identified need area that may increase licensed capacity by adding on to or renovating the existing facility. ~~Projects that exceed the review thresholds require a certificate of need, but no additional assessment of need will be conducted as part of that process. Except as set forth in section 334-A, subsection 2, a project requiring certificate of need approval may not increase MaineCare costs beyond the total amount appropriated for nursing facility care plus the available balance of the nursing facility MaineCare funding pool.~~

**Sec. B-7. 22 MRSA §333-A, sub-§3**, as amended by PL 2011, c. 90, Pt. J, §4, is repealed.

**Sec. B-8. 22 MRSA §333-A, sub-§3-A** is enacted to read:

**3-A. Transfers between nursing facility and residential care facility.** A nursing facility may delicense and sell or transfer beds to a residential care facility for the purpose of permitting the residential care facility to add MaineCare-funded beds to meet identified needs for such beds. Such a transfer does not require a certificate of need but is subject to prior approval of the department on an expedited basis. When the average then current occupancy rate for existing state-funded residential care beds within 30 miles of the applicant facility is 80% or less, the department in its review under section 335 shall evaluate

the impact that the proposed additional state-funded residential care beds would have on these existing state-funded residential care beds and facilities. Beds and MaineCare resources transferred pursuant to this subsection are not subject to the nursing facility MaineCare funding pool. In order for the department to approve delicensing, selling or transferring under this subsection, the department must determine that any increased MaineCare residential care costs associated with the converted beds are fully offset by reductions in the MaineCare costs from the reduction in MaineCare nursing facility costs associated with the converted beds.

**Sec. B-9. 22 MRSA §334-A, sub-§1**, as repealed and replaced by PL 2009, c. 429, §3, is repealed.

**Sec. B-10. 22 MRSA §334-A, sub-§1-A** is enacted to read:

**1-A. Projects that expand current bed capacity.** Nursing facility projects that propose to add new nursing facility beds to the inventory of nursing facility beds within the State may be considered under either of the following 2 options:

A. These projects may be grouped for competitive review purposes consistent with funds available from the nursing facility MaineCare funding pool and may be approved if sufficient funds are available from the nursing facility MaineCare funding pool or are added to the pool by an act of the Legislature, except that the department may approve, without available funds from the pool, projects to reopen beds previously reserved by a nursing facility through a voluntary reduction pursuant to section 333 if the annual total of reopened beds approved does not exceed 100; or

B. Petitioners proposing such projects may elect not to participate in a competitive review under paragraph A and the projects may be approved if:

(1) The petitioner, or one or more nursing facilities or residential care facilities or combinations thereof under common ownership or control, has agreed to delicense a sufficient number of beds from the total number of currently licensed or reserved beds, or is otherwise reconfiguring the operations of such facilities, so that the MaineCare savings associated with such actions are sufficient to fully offset any incremental MaineCare costs that would otherwise arise from implementation of the certificate of need project and, as a result, there are no net incremental MaineCare costs arising from implementation of the certificate of need project; or

(2) The petitioner, or one or more nursing facilities or residential care facilities or combinations thereof under common ownership or

control, has acquired bed rights from another nursing facility or facilities or residential care facility or facilities or combinations thereof that agree to delicense beds or that are ceasing operations or otherwise reconfiguring their operations, and the MaineCare revenues associated with these acquired bed rights and related actions are sufficient to cover the additional requested MaineCare costs associated with the project.

With respect to the option described in this paragraph, when the average then current occupancy rate for existing nursing facility beds at facilities within 30 miles of the applicant facility exceeds 85%, the department in its review under section 335 shall evaluate the impact that the proposed additional nursing facility beds would have on those existing nursing facility beds and facilities and shall determine whether to approve the request based on current certificate of need criteria and methodology.

Certificate of need projects described in this paragraph are not subject to or limited by the nursing facility MaineCare funding pool.

**Sec. B-11. 22 MRSA §334-A, sub-§2, ¶B**, as amended by PL 2009, c. 429, §4, is further amended to read:

B. May be approved by the department upon a showing by the petitioner that the petitioner has acquired bed rights from another nursing facility or facilities that agree to delicense beds, or that are ceasing operations or otherwise reconfiguring their operations, and that the MaineCare revenues associated with these acquired bed rights and related actions are sufficient to cover the additional requested MaineCare costs associated with the project fulfills all pertinent requirements and the review criteria set forth in section 335.

**Sec. B-12. 22 MRSA §334-A, sub-§2-A**, as enacted by PL 2009, c. 429, §5, is amended to read:

**2-A. Other types of certificate of need projects.** Other types of nursing facility projects that do not add new nursing facility beds to the inventory of nursing facility beds within the State and do not propose to relocate beds from one facility to another existing or new facility and that propose any renovation, replacement, transfer of ownership or other actions requiring certificate of need review, such as capital expenditures for equipment and renovations that are above applicable thresholds, or that propose actions that do not require a certificate of need, such as the addition of residential care beds to be funded by the MaineCare program, may be approved by the department upon a showing that: the project fulfills all pertinent requirements and the review criteria set forth in section 335.

~~A. The petitioner, or one or more nursing facilities under common ownership or control, has agreed to delicense a sufficient number of beds from the total number of currently licensed or reserved beds, or is otherwise reconfiguring its operations, so that the MaineCare savings associated with such actions are sufficient to fully offset any incremental MaineCare costs that would otherwise arise from implementation of the certificate of need project and, as a result, there are no net incremental MaineCare costs arising from implementation of the certificate of need project; or~~

~~B. The petitioner, or one or more nursing facilities under common ownership or control, has acquired bed rights from another nursing facility or facilities that agree to delicense beds or that are ceasing operations or otherwise reconfiguring their operations, and that the MaineCare revenues associated with these acquired bed rights and related actions are sufficient to cover the additional requested MaineCare costs associated with the project.~~

Certificate of need projects described in this subsection are not subject to or limited by the nursing facility MaineCare funding pool.

**Sec. B-13. 22 MRSA §334-A, sub-§2-B** is enacted to read:

**2-B. Emergencies and necessary nursing facility projects.** If the department determines that an emergency exists, it may approve a necessary nursing facility certificate of need application on an expedited basis when the applicant proposes capital expenditures for renovations and improvements that are necessary:

- A. To achieve compliance with code and related regulatory requirements;
- B. To comply with the federal Health Insurance Portability and Accountability Act of 1996 and related patient privacy standards;
- C. To address other patient safety requirements and standards; or
- D. To address other necessary and time-sensitive patient safety or compliance issues.

Certificate of need projects described in this subsection are not subject to or limited by the nursing facility MaineCare funding pool.

**Sec. B-14. 22 MRSA §334-A, sub-§3,** amended by PL 2009, c. 430, §§2 to 4, is further amended to read:

**3. Evaluating costs.** Beginning with all applications pending on ~~January 1, 2003~~ February 15, 2012, in evaluating whether a project will increase MaineCare expenditures for a nursing facility for the purposes of this section, the department shall:

~~A. Allow gross square footage per licensed bed of not less than 500 square feet unless the applicant specifies a smaller allowance for the project;~~

~~B. Exclude the projected incremental cost associated with replacement of equipment; and~~

~~C. Exclude the incremental cost of energy-efficient improvements as defined in the rules governing MaineCare reimbursement for nursing facilities.~~

**Sec. B-15. 22 MRSA §335, sub-§1,** as amended by PL 2011, c. 90, Pt. J, §5, is further amended to read:

**1. Basis for decision.** Based solely on a review of the record maintained under subsection 6, the commissioner shall approve an application for a certificate of need if the commissioner determines that the project:

- A. Meets the conditions set forth in subsection 7;
- C. Ensures high-quality outcomes and does not negatively affect the quality of care delivered by existing service providers;
- D. Does not result in inappropriate increases in service utilization, according to the principles of evidence-based medicine adopted by the Maine Quality Forum, as established in Title 24-A, section 6951, when the principles adopted by the Maine Quality Forum are directly applicable to the application; and
- ~~E. Can be funded within the capital investment fund or, in the case of a nursing facility, is consistent with the nursing facility MaineCare funding pool and other provisions of sections 333-A and 334-A.~~
- F. In the case of a nursing facility project that proposes to add new nursing facility beds to the inventory of nursing facility beds within the State, is consistent with the nursing facility MaineCare funding pool and other applicable provisions of sections 333-A and 334-A.

**PART C**

Rule amendment.** No later than January 1, 2012, the Department of Health and Human Services shall amend its rules on certificate of need under the Maine Revised Statutes, Title 22, chapter 103-A to permit applications to be filed at any time, rather than on a cycle, and to allow applicants to waive having a technical assistance meeting.

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 36 MRSA §2020** is enacted to read:

**§2020. Refund of sales tax on purchases of parts and supplies for windjammers**

**1. Definition.** For purposes of this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Parts and supplies" means any products used directly and primarily for the operation, repair or maintenance of a windjammer, including, but not limited to, sails, rope, wood, rigging, masts, paints, varnishes, undersealers, engines and pumps, and lubricants and fuel.

B. "Windjammer" means a United States Coast Guard-certified sailing vessel based in the State of traditional construction and designed to a historic standard that is used primarily for providing overnight passenger cruises along the Maine coast for a fee.

**2. Refund authorized.** The State Tax Assessor shall refund to a person that purchases parts and supplies for use in the operation, repair or maintenance of a windjammer the amount of sales tax paid with respect to those parts and supplies upon the person's presenting evidence that the purchase is eligible for a refund under this section. The refund claim must be submitted on a form prescribed by the assessor and must be accompanied by a copy or copies of that portion of the purchaser's most recent filing under the Code indicating that the purchaser is engaged in the

operation of a windjammer and such additional information as the assessor may require. An application for a refund under this subsection must be filed with the assessor within 36 months of the date of purchase.

**3. Purchases made free of tax with certificate.**

Sales tax need not be paid on the purchase of parts and supplies for use in the operation, repair or maintenance of a windjammer if the purchaser has obtained a certificate from the assessor stating that the purchaser is engaged in the operation of a windjammer and authorizing the purchaser to purchase parts and supplies for use in the operation, repair and maintenance of a windjammer without paying Maine sales tax. The seller shall obtain a copy of the certificate together with an affidavit as prescribed by the assessor, to be maintained in the seller's records, attesting to the qualification of purchases for exemption pursuant to this section.

The claimant may seek reconsideration of the assessment pursuant to section 151.

**5. Payment of claims.** The assessor shall pay the approved amount to qualified applicants under this section within 30 days after receipt of a properly completed claim. Interest is not allowed on any payment made to a claimant pursuant to this section.

### **ARTICLE 8-A**

#### **MAINE TRUTH-IN-LENDING**

##### **§8-501. Short title**

This Article may be known and cited as the "Maine Consumer Credit Code - Truth-in-Lending."

##### **§8-502. Findings and declaration of purpose**

The Legislature finds that economic stabilization would be enhanced and the competition among the various financial institutions and other firms engaged in the extension of consumer credit would be strengthened by the informed use of credit. The informed use of credit results from an awareness of the cost thereof by consumers. It is the purpose of this Article to ensure a meaningful disclosure of credit terms so that the consumer will be able to compare more readily the

various credit terms available to the consumer and avoid the uninformed use of credit and to protect the consumer against inaccurate and unfair credit billing and credit card practices.

##### **§8-503. Conformity with federal law**

Unless the context otherwise indicates, any word or phrase that is not defined in this Article but that is defined in the Federal Truth in Lending Act, Title I of the federal Consumer Credit Protection Act, 15 United States Code, Section 1601 et seq. or its implementing regulation, Regulation Z, 12 Code of Federal Regulations, Section 226.1 et seq., has the meaning set forth in the Federal Truth in Lending Act and its implementing regulations.

##### **§8-504. Maine Consumer Credit Code - Truth-in-Lending**

**1. Compliance with Federal Truth in Lending Act.** Notwithstanding any other law, a creditor shall comply with the Federal Truth in Lending Act, Title I of the federal Consumer Credit Protection Act, 15 United States Code, Section 1601 et seq. and its implementing regulations, Regulation Z, 12 Code of Federal Regulations, Section 226.1 et seq. and Regulation M, 12 Code of Federal Regulations, Section 213.1 et seq., including any final regulations issued on or before July 21, 2011.

**2. Rule-making authority.** Consistent with the purposes of Title X and Title XIV of the federal Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111-203 and with the purposes set forth in sections 1-102 and 8-502 and notwithstanding other law, the administrator may adopt rules substantially similar to or that afford more protection for consumers than those codified in 12 Code of Federal Regulations, Part 226 and 12 Code of Federal Regulations, Part 213. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. In adopting rules pursuant to this subsection, the administrator shall specifically consider whether there is a substantial impact on consumer protection before adopting rules affecting the following provisions of section 8-506:

A. The rate thresholds pertaining to high-cost mortgage loans in section 8-506, subsection 1, paragraph H;

B. The prepayment penalties for high-cost mortgage loans in section 8-506, subsection 2, paragraph D;

C. The assignee liability for high-cost mortgage loans in section 8-506, subsection 3;

D. The ability to repay in section 8-506, subsection 4;

E. The prohibition against flipping and the principles of tangible net benefit in section 8-506, subsection 5; or

F. The enhanced penalties for violations in section 8-506, subsection 6.

The rules may contain classifications, differentiations or other provisions and may provide for adjustments and exceptions for any class of transactions subject to this Title that in the judgment of the administrator are necessary or proper to effectuate the purposes of this Title, or to prevent circumvention or evasion of or to facilitate compliance with, the provisions of this Title.

**3. Compliance with rules prior to effective date.** A creditor may comply with any rules adopted by the administrator pursuant to subsection 2 prior to the effective date of those rules.

### **§8-505. Enforcement**

**1. Enforcement under Article 6.** The administrator shall enforce this Article under the provisions of Article 6. When the Superintendent of Financial Institutions is acting as administrator, the superintendent may, in addition to the enforcement authority under Article 6, use any authority provided in Title 9-B for the supervision of financial institutions.

**2. Reimbursement.** The administrator may adopt by rule a reimbursement program such that creditors subject to an administrative order under section 6-108 may be ordered to make whatever adjustments are necessary to ensure that any person will not be required to pay a finance charge in excess of the finance charge actually disclosed or the dollar equivalent of the annual percentage rate actually disclosed, whichever is lower. In determining any readjustment, the administrator shall apply, with respect to the annual percentage rate, a tolerance allowed under the Federal Truth in Lending Act, 15 United States Code, Section 1607 and its implementing regulation, Regulation Z, 12 Code of Federal Regulations, Section 226.1 et seq. and, with respect to the finance charge, a corresponding numerical tolerance as generated by the tolerance allowed by the Federal Truth in Lending Act and its implementing regulations for the annual percentage rate. The administrator may order partial adjustment or partial payments over an extended period if the administrator determines that a partial adjustment or making partial payments over an extended period is necessary to avoid causing the creditor to become undercapitalized pursuant to the Federal Deposit Insurance Act.

**3. Criminal liability for willful and knowing violation.** Whoever willfully and knowingly gives false or inaccurate information or fails to provide information that the person is required to disclose under the provisions of this Article or any regulation issued thereunder, uses any chart or table authorized by the administrator under this Article in such a manner as to

consistently understate the annual percentage rate determined under this Article or otherwise fails to comply with any requirement imposed under this Article is guilty of a Class D crime.

**4. Penalties inapplicable to governmental agencies.** A civil or criminal penalty provided under this Article for any violation thereof may not be imposed upon the United States or any agency thereof, or upon any state or political subdivision thereof, or any agency of any state or political subdivision thereof.

**5. Civil liability.** Except as otherwise provided for transactions subject to section 8-506, subsection 6, any creditor that fails to comply with the requirements imposed under this Article with respect to any person is liable to that person as provided for in the Federal Consumer Credit Protection Act, 15 United States Code, Section 1640.

**6. Liability of assignees.** Except as otherwise provided for transactions subject to section 8-506, subsection 3, any civil action for a violation of this Article that may be brought against a creditor may be maintained against any assignee of such creditor as provided for in the federal Consumer Credit Protection Act, 15 United States Code, Section 1641.

**7. Attorney General.** The Attorney General has jurisdiction to enforce this Article against mortgage brokers as defined in section 8-506, subsection 1, paragraph J and supervised lenders that are not supervised financial organizations through their general regulatory powers and through civil process. The administrator, through the Attorney General, may bring a civil action to restrain any person from violating this Article.

### **§8-506. Enhanced restrictions on certain creditors**

In addition to the compliance requirements of section 8-504, subsection 1, unless otherwise required by rules adopted pursuant to section 8-504, subsection 2, a creditor shall comply with the following enhanced restrictions.

**1. Definitions.** The following definitions apply to the enhanced restrictions set forth in this section.

A. "Administrator" has the same meaning as set forth in section 1-301.

B. "Bona fide discount points" means an amount knowingly paid by a borrower for the express purpose of reducing, and that in fact does result in a bona fide reduction of, the interest rate applicable to a residential mortgage loan, as long as the undiscounted interest rate for the residential mortgage loan does not exceed the conventional mortgage rate by more than 2 percentage points for a residential mortgage loan secured by a first lien or by 3 1/2 percentage points for a residential mortgage loan secured by a subordinated lien.

C. "Borrower" means any natural person obligated to repay a loan, including a coborrower, co-signer or guarantor.

D. "Conventional mortgage rate" means the most recently published annual yield on conventional mortgages published by the Board of Governors of the Federal Reserve System, as published in statistical release H.15 or any superseding publication, as of the applicable time set forth in 12 Code of Federal Regulations, Section 226.32(a)(1)(i).

E. "Conventional prepayment penalty" means any prepayment penalty or fee that may be collected or charged in a residential mortgage loan and that is authorized by law other than this section, as long as the residential mortgage loan does not have an annual percentage rate that exceeds the conventional mortgage rate by more than 2 percentage points and does not permit any prepayment fees or penalties that exceed 2% of the amount prepaid.

F. "Creditor" has the same meaning as set forth in section 1-301, subsection 17. For purposes of this section, "creditor" also includes an entity defined as a lender as set forth in 24 Code of Federal Regulations, Section 3500.2, including a mortgage broker.

G. "Excluded points and fees" means, in connection with a residential mortgage loan, all bona fide fees paid to a federal or state government agency that insures payment of some portion of a residential mortgage loan plus an amount not to exceed 2% of the total loan amount attributable to bona fide discount points or a conventional prepayment penalty.

H. "High-cost mortgage loan" means a residential mortgage loan in which the terms of the loan meet or exceed one or more of the following thresholds:

(1) Rate threshold, which, for a residential mortgage loan, is the point at which the annual percentage rate equals or exceeds the rate set forth in 12 Code of Federal Regulations, Section 226.32(a)(1)(i) without regard to whether the residential mortgage loan may be considered a "residential mortgage transaction" or an extension of "open-end credit" as those terms are set forth in 12 Code of Federal Regulations, Section 226.2; or

(2) The total points and fees threshold, which is:

(a) For loans in which the total loan amount is \$40,000 or more, the point at which the total points and fees payable in connection with the residential mortgage

loan less any excluded points and fees exceed 5% of the total loan amount; and

(b) For loans in which the total loan amount is less than \$40,000, the point at which the total points and fees payable in connection with the residential mortgage loan less any excluded points and fees exceed 6% of the total loan amount.

I. "Higher-priced mortgage loan" has the same meaning as set forth in the Federal Truth in Lending Act and its implementing regulation, Regulation Z, 12 Code of Federal Regulations, Section 226.35(a). "Higher-priced mortgage loan" also includes a residential mortgage loan that is a non-traditional mortgage as described in the "Inter-agency Guidance on Nontraditional Mortgage Product Risks" issued September 29, 2006 and published in 71 Federal Register, 58609 on October 4, 2006 and as updated from time to time, except that "higher-priced mortgage loan" does not include a mortgage that does not allow a borrower to defer repayment of principal or interest.

J. "Mortgage broker" has the same meaning as set forth in 24 Code of Federal Regulations, Section 3500.2, except as otherwise provided in this Article.

K. "Points and fees" has the same meaning as set forth in 12 Code of Federal Regulations, Section 226.32(b)(1). In addition, "points and fees" includes:

(1) The maximum prepayment fees and penalties that may be charged or collected under the terms of the loan documents;

(2) All prepayment fees and penalties that are incurred by the borrower if the loan refinances a previous loan made or currently held by the same creditor or an affiliate of the creditor; and

(3) All compensation paid directly or indirectly to a mortgage broker from any source, including a mortgage broker that originates a loan in its own name in a table-funded transaction.

For open-end loans, points and fees are calculated by adding the total points and fees known at or before closing, including the maximum prepayment penalties that may be charged or collected under the terms of the loan documents and the minimum additional fees the borrower would be required to pay to draw down an amount equal to the total credit line.

L. "Residential mortgage loan" means an extension of credit, including an open-end credit plan, in which:

(1) The loan does not exceed the maximum original principal obligation as set forth in and from time to time adjusted according to the provisions of 12 United States Code, Section 1454(a)(2).

(2) The loan is considered a federally related mortgage loan as set forth in 24 Code of Federal Regulations, Section 3500.2;

(3) The loan is not a reverse mortgage transaction or a loan made primarily for business, agricultural or commercial purposes;

(4) The loan is not a construction loan; and

(5) The loan is secured by the borrower's principal dwelling.

M. "Servicing" has the same meaning as set forth in 24 Code of Federal Regulations, Section 3500.2 and includes any other activities or responsibilities undertaken in connection with a residential mortgage loan by a person who acts as a servicer with respect to that residential mortgage loan, including collection and default management functions.

N. "Total loan amount" means the principal of a loan minus those points and fees that are included in the principal amount of the loan. For open-end loans, the total loan amount must be calculated using the total line of credit allowed under the residential mortgage loan at closing.

**2. High-cost mortgage loans; restrictions.** A high-cost mortgage loan is subject to the provisions applying to certain closed-end home mortgages covered by Regulation Z, 12 Code of Federal Regulations, Section 226.32 and the following restrictions.

A. In connection with a high-cost mortgage loan, a creditor may not directly or indirectly finance any points or fees.

B. In addition to the limitation on balloon payments found in Regulation Z, 12 Code of Federal Regulations, Section 226.32, a high-cost mortgage loan may not contain a scheduled payment that is more than twice as large as the average of earlier scheduled payments. This paragraph does not apply when the payment schedule is adjusted to the seasonal or irregular income of the borrower.

C. A creditor may not make a high-cost mortgage loan without first receiving certification from a counselor with a 3rd-party, nonprofit organization approved by the United States Department of Housing and Urban Development, a housing financing agency of this State or the Department of Professional and Financial Regulation, Bureau of Consumer Credit Protection that the borrower has received counseling on the advisability of the loan transaction.

D. A prepayment fee or penalty may not be included in the loan documents or charged under the terms of a high-cost mortgage loan.

**3. High-cost mortgage loans; assignee liability.**

The following provisions apply to a claim made by a borrower against a purchaser or assignee of a high-cost mortgage loan.

A. Any person who purchases or is otherwise assigned a high-cost mortgage loan is subject to all affirmative claims and any defenses with respect to the loan that the borrower may assert against a creditor of the loan, except that this paragraph does not apply if the purchaser or assignee demonstrates by a preponderance of the evidence that it:

(1) Has in place, at the time of the purchase or assignment of the subject loan, policies that expressly prohibit the purchaser or assignee's purchase or acceptance of assignment of any high-cost mortgage loan;

(2) Requires by contract that a seller or assignor of residential high-cost mortgage loans to the purchaser or assignee represent and warrant to the purchaser or assignee that neither the seller or assignor will sell or assign any high-cost mortgage loans to the purchaser or assignee, nor that the seller or assignor is a beneficiary of a representation and warranty from a previous seller or assignor to that effect; and

(3) Exercises reasonable due diligence, at the time of purchase or assignment of residential mortgage loans or within a reasonable period of time after the purchase or assignment of such residential mortgage loans, intended by the purchaser or assignee to prevent the purchaser or assignee from purchasing or taking assignment of any high-cost mortgage loan. For purposes of this subparagraph, reasonable due diligence must provide for sampling and may not require loan-by-loan review.

B. Notwithstanding paragraph A, liability pursuant to this subsection may not accrue to a purchaser or assignee of a high-cost mortgage loan as a result of an alleged violation by a creditor of subsection 5.

**4. Ability to repay.** A creditor may not extend a high-cost mortgage loan or a higher-priced mortgage loan to a consumer based on the value of the consumer's collateral without regard to the consumer's repayment ability as of consummation, including the consumer's current and reasonably expected income, employment, assets other than the collateral, credit history, debt-to-income ratio, current obligations and mortgage-related obligations.

A. For purposes of this subsection, mortgage-related obligations are expected property taxes, premiums for mortgage-related insurance required by the creditor, such as insurance against loss of or damage to property or against liability arising out of the ownership or use of the property or insurance protecting the creditor against the consumer's default or other credit loss, and similar expenses.

B. Under this subsection, a creditor must verify the consumer's repayment ability as follows.

(1) A creditor must verify amounts of income or assets that it relies on to determine repayment ability, including expected income or assets, by the consumer's federal Internal Revenue Service Form W-2, tax returns, payroll receipts, financial institution records or other 3rd-party documents that provide reasonably reliable evidence of the consumer's income or assets. For the purposes of this subparagraph, "reasonably reliable evidence of the consumer's income or assets" includes, but is not limited to, statements from investment advisors, broker-dealers and others in a fiduciary relationship with the consumer as long as the statements reflect the consumer's actual income and not estimated, projected or anticipated income or a range of earnings for a consumer's type or class of employment.

(2) A creditor must verify the consumer's current obligations.

C. A creditor is presumed to have complied with this subsection with respect to a transaction if the creditor:

(1) Verifies the consumer's repayment ability as provided in paragraph B;

(2) Determines the consumer's repayment ability using the largest payment of principal and interest scheduled in the first 7 years following consummation and taking into account current obligations and mortgage-related obligations; and

(3) Assesses the consumer's repayment ability taking into account at least one of the following:

(a) The ratio of total debt obligations to income; and

(b) The income the consumer will have after paying debt obligations.

D. Notwithstanding paragraph C, no presumption of compliance is available for a transaction for which:

(1) The regular periodic payments for the first 7 years would cause the principal balance to increase; or

(2) The term of the loan is less than 7 years and the regular periodic payments when aggregated do not fully amortize the outstanding principal balance.

E. This subsection does not apply to a temporary or so-called "bridge" loan with a term of 12 months or less, such as a loan to purchase a new dwelling when the consumer plans to sell a current dwelling within 12 months.

**5. Flipping.** A creditor or a mortgage broker may not knowingly or intentionally engage in the act or practice of flipping a residential mortgage loan when making a high-cost mortgage loan or higher-priced mortgage loan. The administrator may adopt rules defining with reasonable specificity the requirements for compliance with this subsection. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A. For the purposes of this subsection, "flipping a residential mortgage loan" means the making of a residential mortgage loan to a borrower that refinances an existing residential mortgage loan when the new loan does not have reasonable, tangible net benefit to the borrower considering all the circumstances, including, but not limited to, the terms of both the new and refinanced loans, the cost of the new loan and the borrower's circumstances.

**6. Special liability.** This subsection applies to any violation of this section in connection with the origination, brokering or servicing of a residential mortgage loan. This subsection does not apply to a purchaser or assignee of a residential mortgage loan except as permitted in subsection 3.

A. Any person who has been found in violation of this section with regard to residential mortgage loans may be liable to the borrower for the following:

(1) Actual damages, including consequential and incidental damages. The borrower may not be required to demonstrate reliance in order to receive actual damages;

(2) Punitive damages for violations of subsections 2 and 5, when the violation was malicious or reckless;

(3) Costs, including reasonable attorney's fees; and

(4) Statutory damages as follows:

(a) For violations described in subsection 2, statutory damages equal to 2 times the finance charge paid under the loan

and forfeiture of the remaining interest under the loan; and

(b) For any other violations of this section, statutory damages in the amount of \$5,000 per violation.

B. A borrower may be granted injunctive, declaratory and other equitable relief that the court determines appropriate in an action to enforce compliance with this section.

C. The right of rescission granted under 15 United States Code, Chapter 41, Subchapter I, Part A for a violation of that law is available to a borrower acting only in an individual capacity by way of recoupment as a defense against a party foreclosing on a residential mortgage loan at any time during the term of the loan. Any recoupment claim asserted pursuant to this provision is limited to amounts required to reduce or extinguish the borrower's liability under the residential mortgage loan plus amounts required to recover costs, including reasonable attorney's fees. This paragraph may not be construed to limit recoupment rights available to the borrower under any other law.

D. The remedies provided in this subsection are not intended to be the exclusive remedies available to a borrower, nor must the borrower exhaust any administrative remedies provided under this subsection or any other applicable law before proceeding under this subsection.

E. Any person who knowingly violates a provision of this section is guilty of a Class E crime.

F. A creditor in a residential mortgage loan who, when acting in good faith, fails to comply with any provision of this section related to residential mortgage loans is deemed not to have violated this section if the creditor establishes that either:

(1) Within 30 days of the loan closing and prior to receiving any notice of the compliance failure, the creditor has made appropriate restitution to the borrower and appropriate adjustments have been made to the loan; or

(2) Within 60 days of the loan closing and prior to receiving any notice of the compliance failure, when the compliance failure was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adopted to avoid such errors, the borrower is notified of the compliance failure, appropriate restitution is made to the borrower and appropriate adjustments are made to the loan. Examples of a bona fide error include clerical, calculation, computer malfunction and programming and printing errors. An error of legal judgment with re-

spect to a person's obligations under this section is not a bona fide error.

G. The remedies provided in this subsection are cumulative.

H. Notwithstanding any other provision of law, a residential mortgage loan agreement may not include any provision that waives any borrower's remedies available at law or equity, whether acting individually or on behalf of others similarly situated, or the borrower's rights to civil discovery or appeal. Any such provision is unenforceable and void as a matter of law.

I. Without regard to whether a borrower is acting individually or on behalf of others similarly situated, any provision of a residential mortgage loan agreement that allows a person to require a borrower to assert any claim or defense in a forum that is less convenient, more costly or more dilatory for the resolution of a dispute than a judicial forum established in this State where the borrower may otherwise properly bring a claim or defense or that limits in any way any claim or defense the borrower may have is unconscionable and void as a matter of law.

J. It is a violation of this section for any person to attempt in bad faith to avoid the application of this section by dividing any loan transaction into separate parts or structuring a residential mortgage loan transaction as an open-end loan for the purpose of evading the provisions of this section when the loan would have been a high-cost mortgage loan if the loan had been structured as a closed-end loan or by engaging in any other subterfuge with the intent of evading any provision of this section.

**7. Exemption for supervised financial organizations and the Maine State Housing Authority.**  
This section does not apply to any supervised financial organization as defined in section 1-301, subsection 38-A or to the Maine State Housing Authority.

### **§8-507. Exemption from the Federal Truth in Lending Act**

**1. Preservation of federal exemption.** As required by the Federal Truth in Lending Act, 15 United States Code, Section 1633 and its implementing regulation, Regulation Z, 12 Code of Federal Regulations, Section 226.29, the administrator may take any action necessary to apply for or to preserve a determination by the Federal Reserve Board or its successor agency that under the laws of this State any class of credit transactions within this State is subject to requirements substantially similar to federal requirements and that there are adequate provisions for enforcement of such requirements.

**2. Application.** This Article does not apply to any class of credit transactions within this State that is subject to the requirements of the Federal Truth in Lending Act, Title I of the federal Consumer Credit Protection Act unless any such class of transactions has first been exempted by a regulation of the Board of Governors of the Federal Reserve Board and that exemption remains in effect.

**§8-508. Authority of administrator**

The administrator, by rule or order, shall prohibit acts or practices in connection with:

**1. Unfair or deceptive mortgage loans.** The making of a residential mortgage loan that the administrator finds unfair, deceptive or designed to evade the provisions of section 8-506; and

**2. Refinancing; abusive lending practices.** The refinancing of a residential mortgage loan that the administrator finds is associated with abusive lending practices or that is otherwise not in the interest of the borrowing public.

Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**§8-509. Credit card and debit card surcharge prohibition**

**1. Surcharge prohibited.** A seller in a sales transaction may not impose a surcharge on a cardholder who elects to use a credit card or debit card in lieu of payment by cash, check or similar means. For purposes of this section, "surcharge" means any means of increasing the regular price to a cardholder that is not imposed on a customer paying by cash, check or similar means. A discount or reduction from the regular price is not a surcharge.

**2. Surcharge permitted for governmental entity.** Notwithstanding subsection 1, a governmental entity may impose a surcharge for payments made with a credit card or debit card for taxes, fines, charges, utility fees, regulatory fees, license or permit fees or the provision of a specific service provided by that governmental entity if the surcharge:

A. Is disclosed clearly to the consumer prior to payment; and

B. Does not exceed the costs associated with providing the credit card or debit card service that are directly incurred by the governmental entity or assessed by an authorized 3rd-party payment service provider for a credit card or debit card transaction. If there is not a cost assessed by an authorized 3rd-party payment service provider for a debit card transaction, the governmental entity may not impose a surcharge associated with a debit card transaction.

A governmental entity shall disclose to the consumer that the surcharge may be avoided if the consumer makes payments by cash, check or other means not a credit card or debit card. A governmental entity is not subject to any liability to the issuer of a credit card or an authorized 3rd-party payment service provider for nonpayment of credit card charges by the consumer. As used in this subsection, "governmental entity" includes, but is not limited to, a county established or governed by Title 30-A, Part 1, a municipality as defined in Title 30-A, section 2001, subsection 8, a quasi-municipal corporation as defined in Title 30-A, section 2604, subsection 3, the Judicial Department as described in Title 4, the University of Maine System, the Maine Community College System and the Maine Maritime Academy.

**§8-510. Disclosure of lists of the names, addresses and account numbers of credit card holders**

**1. Disclosure prohibited.** Except as provided in subsection 2, it is unlawful for a person, business, corporation, partnership, agency, financial institution, credit card registration service or other entity to rent, sell, exchange or otherwise disclose or make available to another person or entity a list containing the names, addresses and account numbers of credit card holders without the express, written permission of the credit card holders.

**2. Exceptions.** The following disclosures of lists containing the names, addresses and account numbers of credit card holders are not prohibited:

A. Disclosure to or from a consumer reporting agency, as defined in Title 10, section 1312, subsection 4, as long as the transfer is for purposes of compliance with and in a manner consistent with the terms of the Fair Credit Reporting Act;

B. Disclosure between a parent corporation and a subsidiary or affiliate of that corporation or between subsidiaries or affiliates of a parent corporation;

C. Disclosure in connection with the sale or pledge, or negotiation of the sale or pledge, of any portion of a business or the assets of a business, as long as the party to whom disclosure is made maintains the confidentiality of the information disclosed;

D. Disclosure in connection with authorization, processing, billing, collection, charge-back, fraud prevention or credit card recovery; and

E. Disclosure pursuant to state or federal law or at the direction of a governmental entity pursuant to law or in response to a court order.

**3. Violation.** A violation of this section constitutes a violation of the Maine Consumer Credit Code and the Maine Unfair Trade Practices Act.

**§8-511. Recurring charges to credit card or charge card accounts**

If a sale of goods, services or insurance is charged to a credit card or charge card account on an annual basis without substantially contemporaneous authorizations by the consumer, the seller shall inform the consumer of the voluntary nature of the charge to the credit card or charge card account and of the steps necessary to prevent this charge at least 30 days prior to the annual charge. The card issuer may provide the notice on behalf of the seller. This section does not apply to insurance subject to notice and cancellation rights pursuant to section 4-204.

**Sec. B-2. 9-A MRSA §1-301, sub-§24-B** is enacted to read:

24-B. "Mortgage loan originator" means an individual who for compensation or gain, or in the expectation of compensation or gain, takes a residential mortgage loan application or offers or negotiates terms of a residential mortgage loan. "Mortgage loan originator" does not include:

A. An individual engaged solely as a loan processor or underwriter except as otherwise provided in section 13-103, subsection 3, paragraph A;

B. A person or entity that only performs real estate brokerage activities and is licensed or registered in accordance with the laws of this State, unless the person or entity is compensated by a lender, a mortgage broker or other mortgage loan originator or by any agent of such lender, mortgage broker or other mortgage loan originator; or

C. A person or entity solely involved in extensions of credit relating to time-share plans, as that term is defined in 11 United States Code, Section 101(53D).

**Sec. B-3. 9-A MRSA §2-302, sub-§1**, as amended by PL 1989, c. 581, §4, is further amended to read:

1. The administrator shall receive and act on all applications for licenses to make supervised loans under this Act. Applications ~~shall~~ must be filed in the manner prescribed by the administrator and ~~shall~~ must contain the information the administrator requires by rule to make an evaluation of the financial responsibility, character and fitness of the applicant. ~~Initial~~ Except as set forth by regulation governing participation in the nationwide mortgage licensing system and registry for mortgage lender licensing, initial applications for a license shall must be accompanied by a \$500 fee. ~~Renewal and renewal applications shall~~ must include a \$200 fee. ~~Licenses shall be~~ Except as set forth by regulation governing participation in the nationwide mortgage licensing system and registry for mortgage lender licensing, licenses are granted for a 2-year period and shall must expire on September 30th. **Sec. B-4. 9-A MRSA §2-302, sub-§1-A**, as amended by PL 2009, c. 243, §1, is repealed.

**Sec. B-5. 9-A MRSA §2-302, sub-§2**, as amended by PL 2005, c. 164, §3, is further amended to read:

2. A license to make supervised loans or a ~~registration certificate~~ as a mortgage loan officer originator may not be issued unless the administrator, upon investigation, finds that the financial responsibility, character and fitness of the applicant, and of the members thereof, if the applicant is a copartnership or association, and of the officers and directors thereof, if the applicant is a corporation, and the character and fitness of the ~~loan officers mortgage loan originators~~ thereof, are such as to warrant belief that the business will be operated honestly and fairly within the purposes of this Act. In determining the financial responsibility of an applicant proposing to engage in making insurance premium loans, the administrator shall consider the liabilities the lender may incur for erroneous cancellation of insurance.

A. Every applicant shall also, at the time of filing such application, file with the administrator, if the administrator so requires, a bond satisfactory to the administrator in an amount not to exceed \$50,000. The terms of the bond must run concurrent with the period of time during which the license will be in effect. The bond must run to the State for the use of the State and of any person or persons who may have a cause of action against the licensee under this Act. The bond must be

conditional that the licensee will faithfully conform to and abide by the provisions of this Act and to all rules lawfully made by the administrator under this Act and will pay to the State and to any such person or persons any and all amounts of money that may become due or owing to the State or to such person or persons from the licensee under and by virtue of this Act during the period for which the bond is given.

B. As used in this section, the term "financial responsibility" means that the applicant has available for the operation of the licensed business net assets of at least \$25,000 and upon issuance of a license, each licensee shall maintain net assets of at least \$25,000 that are either used or readily available for use in the conduct of the business of each office of the licensee in which supervised loans are made.

D. In determining the financial responsibility of a nonprofit organization engaged in the financing of housing for low-income people under a program specifically designed for that purpose, the administrator may waive the requirement of a bond and availability of \$25,000 of net assets, if the applicant submits appropriate additional evidence of financial responsibility.

**Sec. B-6. 9-A MRSA §2-302, sub-§5-A,** as enacted by PL 2005, c. 164, §5, is amended to read:

The registration of a loan officer is valid only when that person is employed or retained and supervised by a licensed supervised lender. When a loan officer ceases to be employed by a licensed supervised lender, the supervised lender shall promptly notify the administrator in writing.~~

**§2-303. Revocation or suspension of license**

**1.** The administrator may file a complaint with the District Court to suspend or revoke a license to make or originate supervised loans ~~or a registration as a loan officer~~ if the administrator finds reason to believe, after investigation or hearing, or both, that:

A. The licensee ~~or registrant~~ has violated this Act or any rule or order made pursuant to this Act; or

B. Facts or conditions exist that would clearly have justified the administrator in refusing to grant a license ~~or registration~~ had these facts or

conditions been known to exist at the time the application for the license ~~or registration~~ was made.

An affirmative finding by the District Court of either cause is sufficient to suspend or revoke the license ~~or registration~~.

**1-A.** The administrator may refuse to renew a license ~~or registration~~, after notice and opportunity for a hearing has been provided to the licensee ~~or registrant~~, for any of the reasons set forth in subsection 1.

**2.** No revocation or suspension of a license ~~or registration~~ impairs or affects the obligation of any preexisting lawful contract between the licensee ~~or registrant~~ and any debtor.

**3.** The administrator may reinstate a license, terminate a suspension or grant a new license ~~or registration~~ to a person whose license ~~or registration~~ has been revoked if no fact or condition then exists that clearly would have justified the administrator in refusing to grant a license ~~or registration~~.

**4.** No revocation, suspension, annulment or withdrawal of a license ~~or registration~~ is lawful unless, prior to the institution of proceedings by the administrator, the administrator gave notice by mail to the licensee ~~or registrant~~ of facts or conduct that warrant the intended action and the licensee ~~or registrant~~ was given an opportunity to show compliance with all lawful requirements for the retention of the license ~~or registration~~.

**Sec. B-8. 9-A MRSA §2-303-A,** as amended by PL 2005, c. 164, §7, is further amended to read:

Section 2-303 applies to all subsequent proceedings.

A license may not be issued unless the administrator, upon investigation, finds that the financial responsibility, character and fitness of the applicant and, where applicable, its partners, officers or directors and the character and fitness of its ~~loan officers~~ mortgage loan originators, warrant belief that the business will be operated honestly and fairly within the purposes of this Title. The administrator may adopt rules requiring that applicants, applicants' partners, officers or directors and employees of applicants satisfy initial and continuing educational requirements. The reasonable costs of meeting such educational requirements are assessed to applicants. Providers of initial and continuing education courses of study shall submit each course to the administrator for approval, and each submission must be accompanied by a \$100 fee. 1. The bureau shall invite participation from representatives of the following groups:

- A. State-chartered banks;
- B. State-chartered credit unions;
- C. Nondepository licensed mortgage lenders;
- D. Federally chartered financial institutions;
- E. Loan servicers;
- F. Attorneys who represent lenders;
- G. Attorneys who represent homeowners;
- H. Nonprofit housing counselors;
- I. Homeowners;

The State Tax Assessor may compromise a tax liability arising under this Title upon the grounds of doubt as to liability or doubt as to collectibility, or both. Upon acceptance by the assessor of an offer in compromise, the liability of the taxpayer in question is conclusively settled and neither the taxpayer nor the assessor may reopen the case except by reason of falsification or concealment of assets by the taxpayer, fraud or mutual mistake of a material fact or if, in the opinion of the assessor, justice requires. The decision of the assessor to reject an offer in compromise is not subject to review under section 151. The assessor's authority to compromise a tax liability pursuant to this

section is separate from and in addition to the assessor's authority to cancel or abate a tax liability pursuant to section 142.

**Sec. 2. 36 MRSA §151**, as amended by PL 2003, c. 242, §1, is repealed and the following enacted in its place:

#### **§151. Review of decisions of State Tax Assessor**

**1. Petition for reconsideration.** A person who is subject to an assessment by the State Tax Assessor or entitled by law to receive notice of a determination of the assessor and who is aggrieved as a result of that action may request in writing, within 60 days after receipt of notice of the assessment or the determination, reconsideration by the assessor of the assessment or the determination. If a person receives notice of an assessment and does not file a petition for reconsideration within the specified time period, a review is not available in Superior Court regardless of whether the taxpayer subsequently makes payment and requests a refund.

**2. Reconsideration by division.** If a petition for reconsideration is filed within the specified time period, the assessor shall reconsider the assessment or the determination as provided in this subsection.

A. Upon receipt by the assessor, all petitions for reconsideration must be forwarded for review and response to the division in the bureau from which the determination issued.

B. Within 90 days of receipt of the petition for reconsideration by the responding division, the division shall approve or deny, in whole or in part, the relief requested. Prior to rendering its decision and during the 90 days, the division may attempt to resolve issues with the petitioner through informal discussion and settlement negotiations with the objective of narrowing the issues for an appeals conference or court review, and may concede or settle individual issues based on the facts and the law, including the hazards of litigation. By mutual consent of the division and the petitioner, the 90 days may be extended for good cause, such as to allow further factual investigation or litigation of an issue by that or another taxpayer pending in court.

C. If the matter between the division and the petitioner is not resolved within the 90-day period, and any extension thereof, the matter must be forwarded to the appeals office.

D. A reconsideration by the division is not an adjudicatory proceeding within the meaning of that term in the Maine Administrative Procedure Act.

**Sec. 3. 36 MRSA §151-B** is enacted to read:

**§151-B. Independent Appeals Office**

**1. Office established.** There is established within the bureau the Independent Appeals Office, referred to in this chapter as "the appeals office."

**2. Composition of appeals office; Chief Appeals Officer.** The appeals office consists of the Chief Appeals Officer hired by the Commissioner of Administrative and Financial Services and other appeals officers and at least one administrative staff person hired by the commissioner or the Chief Appeals Officer. The commissioner shall designate the Chief Appeals Officer, who shall manage the work of the appeals officers, including the designation of an appeals officer to preside over each appeal forwarded to the appeals office under section 151, subsection 2, paragraph C. The Chief Appeals Officer, other appeals officers and staff of the appeals office are employees of the bureau. Each appeals officer must be a citizen of the United States and have substantial knowledge of tax law. The position of Chief Appeals Officer may not exceed the salary range of the former Director of the Appellate Division, unless the commissioner adjusts the other positions within the appeals office so that the total personal services cost of the appeals office does not exceed the total personal services cost of the former Appellate Division.

**3. Appeals.** An appeal of a decision arising from a petition for reconsideration filed pursuant to section 151, subsection 1 must be conducted pursuant to this subsection.

A. If requested by the petitioner in the petition for reconsideration, the appeals office shall hold an appeals conference to receive additional information and to hear arguments regarding the protested assessment or determination. The petitioner shall pay a processing fee of \$100 for each petition that proceeds to an appeals conference, except that this fee is waived if the total amount in controversy is less than \$5,000 or when good cause, as determined by the Chief Appeals Officer, for waiver is shown.

The appeals office shall provide the petitioner with at least 10 working days' notice of the date, time and place of the appeals conference. The appeals conference may be held with fewer than 10 working days' notice if a mutually convenient time and place can be arranged.

B. An appeals officer shall preside over the appeals conference. The appeals officer has all the authority of the assessor with respect to the conduct of proceedings of the appeals conference, including, but not limited to, the power to question any person who testifies and to direct the course of the appeal.

C. If the petitioner does not include a request for an appeals conference in the petition, the appeals

officer shall determine the matter based on written submissions by the petitioner and the division within the bureau making the original determination.

D. Both the petitioner and the responding division may submit the following to the appeals officer whether or not an appeals conference has been requested: written testimony in the form of an affidavit; documentary evidence; and written legal argument or written factual argument, or both. In addition, if an appeals conference is held, both the petitioner and the responding division may present oral testimony or oral legal argument, or both. The appeals officer need not observe the rules of evidence observed by courts, but shall observe the rules of privilege recognized by law. If the appeals officer considers it appropriate, the appeals officer may encourage the petitioner and the responding division to resolve disputed issues through settlement or stipulation. The appeals officer may limit the issues to be heard or vary any procedure adopted for the conduct of the appeals conference if the parties agree to that limitation.

E. Except when otherwise provided by law, the petitioner has the burden of proving, by a preponderance of the evidence, that the assessor has erred in applying or interpreting the relevant law.

F. The appeals officer shall exercise independent judgment. The appeals officer may not have any ex parte communications with any person, including the petitioner, the responding division, the assessor or any other employee of the bureau except those employees in the appeals office; however, the appeals officer may have ex parte communication limited to questions that involve ministerial or administrative matters that do not address the substance of the issues or position taken by the petitioner or the responding division.

G. The appeals officer shall render a decision based upon the evidence and argument presented to the appeals officer by parties to the proceeding. The decision must be in written form and must state findings of fact and conclusions of law. The decision of the appeals officer is deemed the assessor's determination on reconsideration and is not subject to review or revision by the assessor or any employee of the bureau outside of the appeals office. Notice of the final decision or order to the petitioner must be made in accordance with section 111, subsection 2. Notice of the final decision or order must be made to the responding division via the state interoffice mail system.

H. The appeal proceeding, with or without the appeals conference, is not an adjudicatory proceeding within the meaning of that term in the Maine Administrative Procedure Act.

**4. Denial of appeal.** If the requested appeal involves a denial or deemed denial of a refund claim, a refund claim with respect to which a conference has been requested under section 5280 or an assessment that is paid in full or part and the appeals office fails to mail to the petitioner a decision on the appeal within 9 months after the petition for reconsideration was filed, the petitioner may elect but is not obligated to deem the appeal denied. The petitioner elects to deem the appeal denied by filing in Superior Court a petition for review of the deemed denial. The deemed denial constitutes final agency action and is subject to court review as provided in subsection 6. The petitioner may not make the deemed denial election after either the appeals officer's decision has been received by the petitioner or the expiration of 9 years following the filing of the reconsideration petition, whichever occurs first. Notwithstanding any other provision of law, a claim for credit or refund of any tax imposed under this Title is deemed denied 10 years after it was filed if the claim has not previously been allowed or denied as final agency action. A deemed denial constitutes final agency action.

**5. Review by court.** The decision of the appeals officer on the petition for appeal constitutes the assessor's final determination and final agency action, which is subject to review by the Superior Court in accordance with the Maine Administrative Procedure Act, except that Title 5, sections 11006 and 11007 do not apply. Upon petition filed by the taxpayer, the Superior Court shall conduct a de novo hearing and make a de novo determination of the merits of the case. The taxpayer may raise on appeal in Superior Court any facts, arguments or issues that relate to the assessor's decision on the petition for reconsideration, regardless of whether the facts, arguments or issues were raised during the reconsideration proceeding being appealed, as long as the facts, arguments or issues are not barred by any other provision of law. The Superior Court shall make its own determination as to all questions of fact or law, regardless of whether the questions of fact or law were raised during the petition for reconsideration proceeding. The Superior Court shall enter such orders and decrees as the case may require. The burden of proof is on the taxpayer, except as otherwise provided by law.

**6. Report.** Beginning in 2013 and annually thereafter, the Chief Appeals Officer shall prepare and submit a report by January 1st on the activities of the Independent Appeals Office to the Governor, the assessor and the joint standing committee of the Legislature having jurisdiction over taxation matters.

**Sec. 4. 36 MRSA §151-C** is enacted to read:

A person requesting the production of any such document shall pay, at the time the request is made, all direct and indirect costs associated with the redacting of information from which the taxpayer or other interested party may be identified, plus an additional fee of \$100 per request; and

Beginning April 1, 2011, a person may not act as a pharmacy benefits manager in this State without first paying the registration fee required under section 601, subsection 28.

**1. Definitions.** As used in this section, the following terms have the following meanings.

A. "Pharmacy benefits manager" means a person or entity that contracts with a plan sponsor, health care service plan, health maintenance organization or insurer to manage or administer a contract, agreement or arrangement between a carrier or administrator and a pharmacy, as defined in Title 32, section 13702-A, subsection 24, in which the pharmacy agrees to provide services to a health plan enrollee whose plan benefits include incentives for the enrollee to use the services of that pharmacy.

3. Enforcement. The superintendent may enforce this section under sections 220 and 223 and other provisions of this Title.

**Sec. 6. 24-A MRSA §4317, sub-§§4 to 11** is enacted to read:

4. Participation in contracts. A pharmacy benefits manager may not require a pharmacist or pharmacy to participate in one network in order to participate in another network. The pharmacy benefits manager may not exclude an otherwise qualified pharmacist or pharmacy from participation in one network solely because the pharmacist or pharmacy declined to participate in another network managed by the pharmacy benefits manager.

5. Prohibition. The written contract between a carrier and a pharmacy benefits manager may not provide that the pharmacist or pharmacy is responsible for the actions of the insurer or a pharmacy benefits manager.

6. Pharmacy benefits manager duties. All contracts must provide that, when the pharmacy benefits manager receives payment for the services of a pharmacist or pharmacy, the pharmacy benefits manager shall distribute the funds in accordance with the time frames provided in Title 22, section 2699-A.

7. Complaints, grievances and appeals. A pharmacy benefits manager may not terminate the contract of or penalize a pharmacist or pharmacy solely as a result of the pharmacist's or pharmacy's filing of a complaint, grievance or appeal. This subsection is not intended to restrict the pharmacy's and

pharmacy benefits manager's ability to enter into agreements that allow for mutual termination without cause.

8. Denial or limitation of benefits. A pharmacy's benefits manager may not terminate the contract of or penalize a pharmacist or pharmacy for expressing disagreement with a carrier's decision to deny or limit benefits to an enrollee or because the pharmacist or pharmacy assists the enrollee to seek reconsideration of the carrier's decision or because the pharmacist or pharmacy discusses alternative medications.

9. Written notice required. At least 60 days before a pharmacy's benefits manager terminates a pharmacy's or pharmacist's participation in the pharmacy benefits manager's plan or network, the pharmacy benefits manager shall give the pharmacy or pharmacist a written explanation of the reason for the termination, unless the termination is based on:

A. The loss of the pharmacy's license or the pharmacist's license to practice pharmacy or cancellation of professional liability insurance; or

B. A finding of fraud.

At least 60 days before a pharmacy or pharmacist terminates its participation in a pharmacy benefits manager's plan or network, the pharmacy or pharmacist shall give the pharmacy benefits manager a written explanation of the reason for the termination.

10. Audits. Notwithstanding any other provision of law, when an on-site audit of the records of a pharmacy is conducted by a pharmacy benefits manager, the audit must be conducted in accordance with the following criteria.

A. A finding of overpayment or underpayment must be based on the actual overpayment or underpayment and not a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs, unless the projected overpayment or denial is a part of a settlement agreed to by the pharmacy or pharmacist.

B. The auditor may not use extrapolation in calculating recoupments or penalties.

C. Any audit that involves clinical or professional judgment must be conducted by or in consultation with a pharmacist.

D. Each entity conducting an audit shall establish an appeals process under which a pharmacy may appeal an unfavorable preliminary audit report to the entity.

E. This subsection does not apply to any audit, review or investigation that is initiated based on or involves suspected or alleged fraud, willful misrepresentation or abuse.

**11. Audit information and reports.** A preliminary audit report must be delivered to the pharmacy within 60 days after the conclusion of the audit under subsection 10. A pharmacy must be allowed at least 30 days following receipt of the preliminary audit to provide documentation to address any discrepancy found in the audit. A final audit report must be delivered to the pharmacy within 90 days after receipt of the preliminary audit report or final appeal, whichever is later. A charge-back, recoupment or other penalty may not be assessed until the appeal process provided by the pharmacy benefits manager has been exhausted and the final report issued. Except as provided by state or federal law, audit information may not be shared. Auditors may have access only to previous audit reports on a particular pharmacy conducted by that same entity.

H.P. 1168 - L.D. 1583**

**An Act To Provide Oversight  
in Certain Negotiations**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 24-A MRSA §4303, sub-§15** is enacted to read:

**15. Prohibition on "most favored nation" clauses.** Participation agreements between carriers and providers are governed by this subsection.

A. A participation agreement between a carrier and a provider may not include a provision, commonly referred to as a "most favored nation" clause, that:

(1) Prohibits, or grants the carrier an option to prohibit, the provider from entering into a participation agreement with another carrier to provide services at a lower price than the payment specified in the participation agreement;

(2) Requires, or grants the carrier an option to require, the provider to accept a lower payment in the event the provider agrees to provide services to any other carrier at a lower price;

(3) Requires, or grants the carrier an option of, termination or renegotiation of the existing participation agreement in the event the provider agrees to provide services to any other carrier at a lower price; or

(4) Requires the provider to disclose its reimbursement rates from other carriers.

B. The superintendent may grant a waiver to paragraph A on application by either a carrier or a provider. A carrier or provider requesting a waiver for more than one participation agreement must file a separate application for each requested waiver. The superintendent may grant a waiver only after issuing a finding that the inclusion in the participation agreement of a most favored nation clause as described in paragraph A is not anticompetitive. A carrier or provider requesting a waiver may request a hearing on the application for a waiver in accordance with section 229. The findings and decision of the superintendent are final agency actions for the purposes of Title 5, chapter 375, subchapter 7 and, notwithstanding section 236, subsection 2, may be appealed regardless of whether a hearing was held. The superintendent's review under this paragraph is limited to the most favored nation clause, and any decision under this paragraph is for purposes of this subsection only and may not be construed as a finding or decision regarding the legality of the provision under other applicable law.

C. Prior to the issuance of the superintendent's findings and decision on an application for a waiver pursuant to this subsection, any contract, proposal or draft legal instrument submitted to the superintendent in an application for a waiver is not a public record for the purposes of Title 1, chapter 13, except that the name and business address of the parties to an application for a waiver are public information. After the issuance of the superintendent's findings and decision, the superintendent may disclose any information that the superintendent determines is not proprietary information. For the purposes of this paragraph, "proprietary information" means information that is a trade secret or production, commercial or financial information the disclosure of which would

impair the competitive position of the carrier or provider submitting the information and would make available information not otherwise publicly available.

D. A carrier may not discriminate or retaliate against a provider for filing or opposing an application for a waiver under this subsection.

E. A provider may not discriminate or retaliate against a carrier for filing or opposing an application for a waiver under this subsection.

F. For the purposes of this subsection, the factors the superintendent may consider in determining whether to grant a waiver based on a finding that the inclusion of a most favored nation clause as described in paragraph A is not anticompetitive include, but are not limited to:

- (1) Any reduction or limit on competition among carriers or providers;
- (2) The impact on quality and availability of health care services, including the geographic distribution of providers;
- (3) The size of the provider and the type of any specialty;
- (4) The market share of the carrier and the provider;
- (5) The impact on the price and stability of health insurance and health care services to consumers; and
- (6) The impact on reimbursement rates in the provider marketplace.

**Sec. 2. Application.** This Act applies to any contract executed or renewed on or after January 1, 2012.

By January 15, 2013, the Maine Historic Preservation Commission shall review the tax credit provided under Title 36, section 5219-BB and shall make recommendations to the joint standing committee of the Legislature having jurisdiction over taxation matters regarding specific proposals for funding the credit. By January 15, 2013 2015 and every 2 years thereafter, the Maine Historic Preservation Commission shall analyze the use of tax credits provided under Title 36, section 5219-BB as an incentive for rehabilitation of historic structures and economic development, analyze tax and other revenues generated by the rehabilitation to determine in relation to the cost of the credit if they exceed the costs of the credit and report the results of its analysis to the joint standing committee of the Legislature having jurisdiction over taxation matters with recommendations as to whether the credits under Title 36, section

5219-BB should be extended, repealed or amended. The recommendations must include specific proposals for funding the credit after fiscal year 2014-15 and appropriate transition provisions in order that projects in the development or planning states are not adversely affected. The joint standing committee may submit legislation related to the report.

**Sec. 2. 30-A MRSA §4722, sub-§1, ¶DD,** as enacted by PL 2009, c. 361, §4 and affected by §37, is amended to read:

DD. Certify affordable housing projects for the purpose of the income tax credit increase under Title 36, section 5219-BB, subsection 3; administer and enforce the affordability requirements set forth in this paragraph; and perform other functions described in this paragraph and necessary to the powers and duties described in this paragraph.

(1) For purposes of this paragraph, unless the context otherwise indicates, the following terms have the following meanings.

(a) "Affordable housing" means a decent, safe and sanitary dwelling, apartment or other living accommodation for a household whose income does not exceed 60% of the median income for the area as defined by the United States Department of Housing and Urban Development under the United States Housing Act of 1937, Public Law 412, 50 Stat. 888, Section 8, as amended.

(2) An affordable housing project for which the owner of the property received the income tax credit increase under Title 36, section 5219-BB, subsection 3 must remain an affordable housing project for 30 years from the date the affordable housing project is placed in service. If the property does not remain an affordable housing project for 30 years from the date the affordable housing project is placed in service, the owner of the property shall pay to the Maine State Housing Authority for application to the Housing Opportunities for Maine Fund established under section

4853 an amount equal to the income tax credit increase allowed under Title 36, section 5219-BB, subsection 3, plus interest on that amount at the rate of 7% per annum from the date the property is placed in service until the date of payment of all amounts due. The affordability requirements and the repayment obligation in this subparagraph must be set forth in a restrictive covenant executed by the owner of the property and the affordable housing project for the benefit of and enforceable by the Maine State Housing Authority and recorded in the appropriate registry of deeds before the owner of the property claims the income tax credit increase under Title 36, section 5219-BB, subsection 3.

(3) If the repayment obligation in subparagraph (2) is not fully satisfied after written notice is sent by certified mail or registered mail to the owner of the property at the owner's last known address, the Maine State Housing Authority may file a notice of lien in the registry of deeds of the county in which the real property subject to the lien is located. The notice of lien must specify the amount and interest due, the name and last known address of the owner, a description of the property subject to the lien and the Maine State Housing Authority's address and the name and address of its attorney, if any. The Maine State Housing Authority shall send a copy of the notice of lien filed in the registry by certified mail or registered mail to the owner of the property at the owner's last known address and to any person who has a security interest, mortgage, lien, encumbrance or other interest in the property that is properly recorded in the registry of deeds in which the property is located. The lien arises and becomes perfected at the time the notice is filed in the appropriate registry of deeds in accordance with this subparagraph. The lien constitutes a lien on all property with respect to which the owner receives the income tax credit increase under Title 36, ~~Section section~~ 5219-BB, subsection 3 and the proceeds of any disposition of the property that occurs after notice to the owner of the repayment obligation. The lien is prior to any mortgage and security interest, lien, restrictive covenant or other encumbrance recorded, filed or otherwise perfected after the notice of lien is filed in the appropriate registry of deeds. The lien may be enforced by a turnover or sale order in accordance with Title 14, section 3131 or any other manner in which a judgment lien may be enforced under the law. The lien must be in the amount of the income tax credit increase allowed under Title 36, section

5219-BB, subsection 3, plus interest on that amount at the rate of 7% per annum from the date the property is placed in service until the date of payment of all amounts due. Upon receipt of payment of all amounts due under the lien, the Maine State Housing Authority shall execute a discharge lien for filing in the registry or offices in which the notice of lien was filed.

(4) Annually by every August 1st until and including August 1, ~~2013~~ 2023, the Maine State Housing Authority shall review the report issued pursuant to Title 27, section 511, subsection 5, paragraph A to determine the percentage of the total aggregate square feet of completed projects that constitutes new affordable housing, rehabilitated and developed using:

- (a) Either of the income tax credits under Title 36, section 5219-BB, subsection 2; and
- (b) The income tax credit increase under Title 36, section 5219-BB, subsection 3.

If the total aggregate square feet of new affordable housing does not equal or exceed 30% of the total aggregate square feet of rehabilitated and developed completed projects eligible for a credit under Title 36, section 5219-BB, the Maine State Housing Authority and Maine Historic Preservation Commission shall notify the State Tax Assessor of this fact.

**CHAPTER 454**

**H.P. 14 - L.D. 22**

**An Act To Improve the Maine Seed Capital Tax Credit**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 10 MRSA §1100-T, sub-§1**, as amended by PL 1991, c. 854, Pt. A, §7, is further amended to read:

**1. Legislative findings; authorization.** The Legislature finds that the growth of new and existing small businesses in the State results in increased job opportunities for Maine residents, produces more spending in the State and increases municipal tax bases. Businesses that export their products or services out of the State bring capital into the State and help to develop export markets for Maine products. Small new and existing businesses can provide significant economic benefits to the State if they can obtain sufficient seed equity financing to carry them from start-up through the initial development phases of a business. The jobs created by such businesses tend to pay higher wages and offer more benefits than other businesses; however, the per capita level of private venture capital investment in businesses located in the State is substantially below the national average and the average of the other New England states. In order to encourage the increased availability of risk equity

capital to enterprises that have the potential for rapid growth and that bring capital into the State, the authority is authorized to issue certificates of eligibility for the seed capital investment tax credit permitted by Title 36, section 5216-B, subject to the requirements of this section. This program is known as the Maine Seed Capital Tax Credit Program.

**Sec. 2. 10 MRSA §1100-T, sub-§1-A** is enacted to read:

**1-A. Private venture capital fund.** As used in this section, "private venture capital fund" means a professionally managed pool of capital organized for a limited life to make equity or equity-like investments in unrelated private companies using capital derived from multiple limited partners or members at least half of which, measured in dollar commitments, are unaffiliated and unrelated, and includes any venture capital fund licensed by the United States Small Business Administration. The authority may require such information as may be necessary or desirable for determining whether an entity qualifies as a private venture capital fund.

**Sec. 3. 10 MRSA §1100-T, sub-§2, ¶A,** as amended by PL 2003, c. 451, Pt. E, §1, is further amended to read:

A. A For investments made in tax years beginning before January 1, 2012, a tax credit certificate may be issued in an amount not more than 40% of the amount of cash actually invested in an eligible Maine business in any calendar year or in an amount not more than 60% of the amount of cash actually invested in any one calendar year in an eligible Maine business located in a high-unemployment area, as determined by rule by the authority. For investments made in tax years beginning on or after January 1, 2012, a tax credit certificate may be issued to an investor other than a private venture capital fund in an amount not more than 60% of the amount of cash actually invested in an eligible Maine business in any calendar year. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. 4. 10 MRSA §1100-T, sub-§2, ¶H,** as enacted by PL 1987, c. 854, §§2 and 5, is amended to read:

H. The investors qualifying for the credit must ~~collectively~~ each own less than 1/2 of the business.

**Sec. 5. 10 MRSA §1100-T, sub-§2-A,** as amended by PL 2009, c. 470, §3, is further amended to read:

**2-A. Eligibility of private venture capital funds for tax credit certificate.** The authority shall adopt rules in accordance with the Maine Administrative

Procedure Act to implement application of the program to investment in a private venture capital fund. ~~Without limitation, the~~ This subsection does not apply to credits claimed for tax years beginning on or after January 1, 2012. The requirements for eligibility for a tax credit certificate for investment in a private venture capital fund include the following.

A. A For investments made in tax years beginning before January 1, 2012, a tax credit certificate may be issued to an individual who invests in a private venture capital fund in an amount that:

(1) Is not more than 40% of the amount of cash actually invested in or unconditionally committed to a private venture capital fund in any calendar year by the individual or entity, except that with respect to fund investments that are made in eligible businesses that are located in a high unemployment area, as determined by rule of the authority under subsection 2, the tax credit certificate may not be more than 60% of the cash actually invested in or unconditionally committed to a private venture capital fund in any calendar year by the individual or entity; and

(2) Does not exceed 40% of the amount of cash invested by the fund in eligible businesses, except that with respect to fund investments that are made in eligible businesses that are located in a high unemployment area, as determined by rule of the authority under subsection 2, a tax credit certificate may not be more than 60% of the cash invested by the fund in any calendar year in such businesses; provided that the authority may issue tax credit certificates in an amount not to exceed 20% of the amount of cash actually invested in or unconditionally committed to a private venture capital fund in any calendar year if the authority determines that the private venture capital fund is located in this State, is owned and controlled primarily by residents of this State and has designated investing in eligible businesses of this State as a major investment objective. The credit may be revoked to the extent that the private venture capital fund does not make investments eligible for the tax credit in an amount sufficient to qualify for the credits within 3 years after the date of the tax credit certificates. Notwithstanding any revocation pursuant to this subparagraph, each investor remains eligible for tax credit certificates for eligible investments as and when made by the private venture capital fund.

The aggregate amount of credits issued to investors in a fund may not exceed 40% of the amount of cash invested by the fund in eligible businesses,

except that with respect to fund investments in eligible businesses that are located in a high unemployment area, the aggregate amount of tax credits issued to investors in a fund may not exceed 60% of the cash invested by the fund in eligible businesses.

B. As used in this subsection, unless the context otherwise indicates, an "eligible business" means a business located in the State that:

- (1) Is a manufacturer;
- (2) Is engaged in the development or application of advanced technologies;
- (3) Provides a service that is sold or rendered, or is projected to be sold or rendered, predominantly outside of the State;
- (4) Brings capital into the State, as determined by the authority; or
- (5) Is certified as a visual media production company under Title 5, section 13090-L.

C. Aggregate investment eligible for tax credits may not be more than \$5,000,000 for any one business for any one private venture capital fund as of the date of issuance of a tax credit certificate.

D. The investment with respect to which any individual or entity is applying for a tax credit certificate may not be more than an aggregate of \$500,000 in any one eligible business invested in by a private venture capital fund in any 3 consecutive calendar years, except that this paragraph does not limit other investment by any applicant for which that applicant is not applying for a tax credit certificate and except that, if the entity applying for a tax credit certificate is a partnership, limited liability company, S corporation, nontaxable trust or any other entity that is treated as a flow-through entity for tax purposes under the federal Internal Revenue Code, the aggregate limit of \$500,000 or \$200,000, as applicable, applies to each individual partner, member, stockholder, beneficiary or equity owner of the entity and not to the entity itself. This paragraph does not limit other investment by any applicant for which that applicant is not applying for a tax credit certificate.

E. Each business receiving an investment from a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate, must have annual gross sales of \$3,000,000 or less and the operation of the business must be the full-time professional activity of the principal owner, as determined by the authority. The principal owner and principal owner's spouse, if any, are not eligible for a credit for investment in that business or for an investment by

the private venture capital fund in that business. A tax credit certificate may not be issued to a parent, brother, sister or child of a principal owner if the parent, brother, sister or child has any existing ownership interest in that business or for an investment by the private venture capital fund in that business.

F. Each investment received by a business from a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate, must be expended on plant maintenance and construction, equipment, research and development or working capital for the business or on such other business activity as may be approved by the authority.

G. The authority shall establish limits on repayment of the investment by an individual in and the investments made by a private venture capital fund, which investment is used as the basis for the issuance of a tax credit certificate. The investments must be at risk in the private venture capital fund and the business, respectively.

H. The investors in a private venture capital fund are not entitled to the credit for collective ownership in excess of 50% of any business. An investor in a private venture capital fund determined by the authority to be a principal owner of a business and the principal owner's spouse, if any, are not entitled to a credit with respect to investment in that business, nor are the principal owner's parents, siblings or children entitled to a credit if they have any existing ownership interest in the business.

**Sec. 6. 10 MRSA §1100-T, sub-§2-C** is enacted to read:

**2-C. Eligibility of private venture capital funds for refundable tax credit certificate.** This subsection applies to investments by private venture capital funds in eligible businesses made in tax years beginning on or after January 1, 2012. The authority shall adopt routine technical rules as defined in Title 5, chapter 375, subchapter 2-A to implement application of the program to investments in eligible businesses by private venture capital funds. The requirements for eligibility for a tax credit certificate for an investment by a private venture capital fund include the following.

**A.** For investments made in tax years beginning on or after January 1, 2012, a tax credit certificate may be issued to a private venture capital fund in an amount that is not more than 50% of the amount of cash actually invested in an eligible business. The tax credit certificate may be revoked and the credit recaptured pursuant to Title 36, section 5216-B, subsection 5 to the extent that the authority determines that the eligible business for which the tax credit certificate was issued

moves substantially all of its operations and assets outside of the State during the period ending 4 years after an investment, except in the case of an arm's length, fair value acquisition approved by the authority. A private venture capital fund that received the 20% credit certificate under subsection 2-A, paragraph A, subparagraph (2) for an investment is not eligible for a tax credit certificate under this subsection for that investment.

B. As used in this subsection, unless the context otherwise indicates, "eligible business" means a business located in the State that:

- (1) Is a manufacturer;
- (2) Is engaged in the development or application of advanced technologies;
- (3) Provides a service that is sold or rendered, or is projected to be sold or rendered, predominantly outside of the State;
- (4) Brings capital into the State, as determined by the authority; or
- (5) Is certified as a visual media production company under Title 5, section 13090-L.

C. Aggregate investment eligible for tax credit certificates, including investments under this subsection and under subsection 2, may not be more than \$5,000,000 for any one eligible business.

D. The investment with respect to which any entity is applying for a tax credit certificate may not be more than an aggregate of \$500,000 in any one eligible business invested in by a private venture capital fund in any 3 consecutive calendar years, except that this paragraph does not limit other investment by an applicant for which that applicant is not applying for a tax credit certificate and except that, if the entity applying for a tax credit certificate is a partnership, limited liability company, S corporation, nontaxable trust or any other entity that is treated as a flow-through entity for tax purposes under the federal Internal Revenue Code, the aggregate limit of \$500,000 applies to each individual partner, member, stockholder, beneficiary or equity owner of the entity and not to the entity itself. This paragraph does not limit other investment by an applicant for which that applicant is not applying for a tax credit certificate. A private venture capital fund must certify to the authority that it will be in compliance with these limitations. The tax credit certificate issued to a private venture capital fund may be revoked and any credit taken recaptured pursuant to Title 36, section 5216-B, subsection 5 if the fund is not in compliance with this paragraph.

E. An eligible business receiving an investment from a private venture capital fund, which investment is used as the basis for the issuance of a

tax credit certificate, may not have annual gross sales of more than \$3,000,000 and the operation of the business must be the full-time professional activity of the principal owner, as determined by the authority. A tax credit certificate may not be issued to a private venture capital fund if an investor in the fund is a principal owner of the eligible business or a spouse, parent, sibling or child of a principal owner and if the spouse, parent, sibling or child has any existing ownership interest in the business. A private venture capital fund must certify to the authority that it will be in compliance with these limitations. The tax credit certificate issued to a private venture capital fund may be revoked and any credit taken recaptured pursuant to Title 36, section 5216-B, subsection 5 if the fund is not in compliance with this paragraph.

F. An investment received by an eligible business from a private venture capital fund for which the investment is used as the basis for the issuance of a tax credit certificate must be expended on plant maintenance and construction, equipment, research and development or working capital for the business or on such other business activity as may be approved by the authority.

G. The authority shall establish limits on repayment of the investments made by a private venture capital fund for which the investments are used as the basis for the issuance of tax credit certificates. The investments must be at risk in the private venture capital fund and the eligible business, respectively.

H. A private venture capital fund is not entitled to the credit if it owns in excess of 50% of the eligible business, except that, if the private venture capital fund is issued a tax credit certificate and later makes an additional investment that increases its ownership to more than 50%, the existing tax credit certificate remains valid and is not subject to revocation due to the ownership percentage as long as there was no intent to take controlling ownership at the time of the initial qualified investment.

**Sec. 7. 10 MRSA §1100-T, sub-§4**, as amended by PL 2003, c. 451, Pt. E, §5, is further amended to read:

**4. - A. The total amount of private investment received;

2. Each person sentenced to imprisonment who has previously been detained for the conduct for which the sentence is imposed in any state facility or county institution or facility or in any local lockup awaiting trial, during trial, post-trial awaiting sentencing or post-sentencing prior to the date on which the sentence commenced to run either to await transportation to the place of imprisonment specified, or pursuant to court order, and not in execution of any other sentence of confinement, is entitled to receive a day-for-day deduction from the total term of imprisonment required under that sentence. Each person is entitled to receive the same deduction for any such period of detention in any federal, state or county institution, local lockup or similar facility in another jurisdiction, including any detention resulting from being a fugitive from justice, as defined by Title 15, section 201, subsection 4, unless the person has simultaneously been detained for non-Maine conduct. A person who has been simultaneously detained for conduct for which the person is sentenced to a consecutive sentence is not entitled to receive a day-for-day deduction from the consecutive sentence for the period of simultaneous detention except for any period of detention that is longer than the total term of imprisonment required under the prior sentence.

For the purpose of calculating the day-for-day deduction specified by this subsection, a "day" means 24 hours, except that for a person who commits a crime on or after October 15, 2011, who has previously been detained for the conduct for which the person is sentenced to a term of imprisonment of 96 hours or less, for the purposes of calculating the day-for-day deduction specified in this subsection, any portion of a day detained short of 24 hours will also be deducted from the total term of imprisonment required under that sentence.

The total term required under the sentence of imprisonment is reduced by the total deduction of this subsection prior to applying any of the other deductions specified in this section or in Title 30-A, section 1606.

The sheriff or other person upon whom the legal duty is imposed to deliver a sentenced person who has been detained as specified in this subsection shall, within 30 days of delivery, furnish to the custodian a statement showing the length of that detention. In addition, the transporter shall furnish to the attorney for the State the same statement. The custodian shall use the statement furnished to determine the day-for-day deduction to which the person is entitled, if any, unless, within

15 days of its receipt, the attorney for the State furnishes a revised statement to the custodian.

A. For any person who commits a crime on or after August 1, 2004, is subsequently sentenced to a term of imprisonment for that crime and is entitled to receive a day-for-day deduction pursuant to this subsection, up to 2 additional days per calendar month may be credited to that deduction if the person's conduct during that period of detention was such that the credit is determined to be warranted in the discretion of the chief administrative officer of the facility in which the person has previously been detained.

Credits under this paragraph must be calculated as follows for partial calendar months:

Days of partial month	Maximum credit available

The sheriff or other person required to furnish a statement showing the length of detention shall also furnish a statement showing the number of days credited pursuant to this paragraph.

Once any term of commitment to the Department of Corrections or period of probation is completed and if the restitution ordered has not been paid in full, the offender is subject to the provisions of section 1326-F and, in the event of a default, the provisions of section 1329. An offender who has complied with the time and method of payment of monetary compensation determined by the Department of Corrections during the period of probation shall continue to make payments to the Department of Corrections in accordance with that payment schedule unless modified by the court pursuant to section 1328-A or 1329. An offender who has not complied with the time and method of payment of monetary compensation determined by the Department of Corrections during the period of probation must be returned to the court for further disposition pursuant to section 1329. An offender who is unconditionally released and discharged from institutional confinement with the Department of Corrections upon the expiration of the sentence must, upon application of the office of the attorney for the State, be returned to the court for specification by the court of the time and method of payment of monetary compensation, which may be ordered paid to the office of the attorney for the State who prosecuted the case or to the clerk of the court. Prior to the offender's release and discharge, the Department of Corrections shall provide the office of the attorney for the State who prosecuted the case written notice as to the amount of restitution outstanding. An income withholding order

issued pursuant to section 1326-B remains effective and enforceable until the restitution is paid in full, even after an offender is no longer in the custody or under the supervision of the Department of Corrections.

#### An Act To Create the Anson and Madison Water District

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the residents of the towns of Madison and Anson are in immediate need of forming a quasi-

municipal regional entity to supply potable water within those towns; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. Territorial limits; corporate name.**

Pursuant to the Maine Revised Statutes, Title 35-A, section 6403, subsection 1, paragraphs A and B and subject to section 8 of this Act, the territory and the inhabitants of the Town of Madison and the Town of Anson constitute a standard water district under the name "Anson and Madison Water District," referred to in this Act as "the district."

**Sec. 2. Powers; authority; duties.** Except as otherwise expressly provided in this Act, the district has all the powers and authority and is subject to all the requirements and restrictions provided in the Maine Revised Statutes, Title 35-A, chapter 64, and is authorized to perform all acts and to do all things necessary or convenient to carry out the purposes and powers provided in this Act or reasonably implied from those purposes and powers.

**Sec. 3. Authority to take water and locate, construct and maintain dams, reservoirs, pipes, aqueducts and other structures and improvements.** Notwithstanding any provision in the Maine Revised Statutes, Title 35-A, section 6404 to the contrary, the district has the power and authority to take, hold and convey water and to locate facilities as set forth in this section. The district is authorized to take, to hold and to convey within the Town of Madison and the Town of Anson and from any part of those towns water from any surface and groundwater source within the towns, including without limitation the Kennebec River, Wesserunsett Lake, also known as Hayden Lake, and Marshall's Pond. Pursuant to Title 35-A, section 6403, subsection 2, paragraph D, the district is authorized to take, to hold and to convey within the Town of Embden water from Hancock Pond, Sand Pond, Black Hill Pond, Mill Stream and Embden Pond and any of the tributary lakes and streams of those ponds and that stream. The district is authorized to erect, maintain and operate dams, reservoirs, gates, hydrants, standpipes and all other structures and improvements necessary or convenient for accomplishing the purposes of this Act and to lay down, maintain and operate pipes, aqueducts and all other structures and improvements necessary or convenient for accumulating, conducting, discharging, distributing and disbursing water, for forming proper reservoirs for those purposes and for accomplishing the purposes of this Act. Pursuant to Title 35-A, sec-

tion 6403, subsection 2, paragraphs F and G, the district is authorized to supply, furnish or otherwise provide water within the Town of Embden pursuant to contract and to construct, locate, acquire, equip, maintain and operate facilities and all other structures and improvements necessary or convenient for accomplishing those purposes. Pursuant to Title 35-A, section 6403, subsection 2, paragraph F, the district is authorized to lay in or through the streets and highways of the Town of Embden, and to maintain, operate, take up, repair and replace all pipes, aqueducts, fixtures and other structures and improvements within the Town of Embden necessary or convenient for accomplishing the purposes of this section.

**Sec. 4. Trustees; how elected; first board; meetings; officers.** All of the affairs of the district must be managed by a board of trustees composed of 7 members: 4 residents of the Town of Madison and 3 residents of the Town of Anson.

**1. First board; nominations and elections.** Notwithstanding any provision in the Maine Revised Statutes, Title 35-A, section 6410, subsections 1, 2, 3 and 4 to the contrary, the nomination, appointment and election of trustees and the appointment and terms of office of the first board of trustees are authorized by this subsection.

The first board of trustees of the district is appointed. Within 30 days after the effective date of this Act, the trustees of the Madison Water District shall appoint 4 trustees who must be residents of the Town of Madison and the trustees of the Anson Water District shall appoint 3 trustees who must be residents of the Town of Anson.

Each trustee appointed from the Town of Madison to the first board serves an initial term specified in the appointment by the trustees of the Madison Water District as follows: one for a term that expires on November 15th of the year that is one year after the year in which the trustee was appointed, one for a term that expires on November 15th of the year that is 2 years after the year in which the trustee was appointed, one for a term that expires on November 15th of the year that is 3 years after the year in which the trustee was appointed and one for a term that expires on November 15th of the year that is 4 years after the year in which the trustee was appointed. Subsequent trustees are elected by vote of the residents of the Town of Madison to 3-year terms in accordance with subsection 3.

Each trustee appointed from the Town of Anson to the first board serves an initial term specified in the appointment by the trustees of the Anson Water District as follows: one for a term that expires on November 15th of the year that is one year after the year in which the trustee was appointed, one for a term that expires on November 15th of the year that is 2 years after the year in which the trustee was appointed and one for a

term that expires on November 15th of the year that is 3 years after the year in which the trustee was appointed. Subsequent trustees are elected by vote of the residents of the Town of Anson to 3-year terms in accordance with subsection 3.

**2. Organization; conduct of business.** Except as otherwise expressly provided in this Act, the organization and powers of the board of trustees must be in accordance with Title 35-A, chapter 64.

Notwithstanding Title 35-A, section 6410, subsection 4, within 30 days after the effective date of this Act, the trustees shall hold a meeting for the purpose of electing a chair, treasurer and secretary from among them to serve for one year and until their successors are elected and qualified.

A quorum of the board of trustees consists of 4 members, 2 from the Town of Anson and 2 from the Town of Madison.

**3. Terms; eligibility requirements; vacancy.** Notwithstanding any provision in Title 35-A, section 6410, subsections 1, 3 and 4 to the contrary, the terms of trustees, eligibility requirements and filling of vacancies are authorized by this subsection. Except for the first board, trustees from the Town of Madison and the Town of Anson serve 3-year terms. The successor of a trustee who is a resident of the Town of Madison must be a resident of the Town of Madison elected by the inhabitants of the Town of Madison. The successor of a trustee who is a resident of the Town of Anson must be a resident of the Town of Anson elected by the inhabitants of the Town of Anson.

When a trustee ceases to be a resident of the town in which the trustee resided when appointed or elected, the trustee shall vacate the office of trustee and the vacancy must be filled as provided in this subsection. A trustee is eligible for reelection, but a person who is a municipal officer of the Town of Madison or the Town of Anson is not eligible for appointment or for nomination or election as a trustee.

When the term of office of a trustee expires, the trustee's successor is elected by a plurality vote of the voters of the Town of Madison or the Town of Anson, as applicable. For the purpose of election, a special election must be called and held on the date established by the trustees. The election must be called by the trustees of the district in the same manner as town meetings are called and, for this purpose, the trustees are vested with the powers of municipal officers of towns. A vacancy is filled in the same manner for the unexpired term by a special election called by the trustees of the district.

Nominations and elections of trustees are conducted in accordance with the laws relating to municipal elections. All elections must be conducted by secret ballot according to Title 30-A, section 2528.

The trustees shall appoint a registrar of voters for the district, who may also be the registrar of voters for any town within the district, and fix the registrar's salary. It is the registrar's duty to make and keep a complete list of all the registered voters resident in the district. The list prepared by the registrar governs the eligibility of a voter. All warrants issued for elections by the trustees must show that only the voters resident within the Town of Madison or the Town of Anson, as applicable, are entitled to vote.

**Sec. 5. Transfer of assets and liabilities of the Madison Water District and the Anson Water District.** The district, through its trustees, shall acquire, in accordance with this section, all of the plants, properties, assets, franchises, rights and privileges of the Madison Water District and the Anson Water District, including, without limitation, lands, buildings, waters, water rights, springs, wells, reservoirs, tanks, standpipes, mains, pumps, pipes, machinery, fixtures, hydrants, meters, services, tools, equipment, apparatus and appliances used or useful in supplying water for domestic, commercial, industrial and municipal purposes and shall, by appropriate instruments, assume, in accordance with this section, all of the outstanding debts, obligations and liabilities of the Madison Water District and the Anson Water District, including, without limitation, the assumption of any outstanding bonds, notes or other evidences of indebtedness of the Madison Water District and the Anson Water District that are due on or after the date of transfer.

The Madison Water District, a quasi-municipal corporation organized and existing pursuant to Private and Special Law 1913, chapter 121, as amended, and the Anson Water District, a quasi-municipal corporation organized and existing pursuant to Private and Special Law 1915, chapter 200, as amended, shall, through their respective trustees, assign, transfer and convey to the district by appropriate instruments of conveyance all, and not less than all, of their respective plants, properties, assets, franchises, rights and privileges, including, without limitation, lands, buildings, waters, water rights, springs, wells, reservoirs, tanks, standpipes, mains, pumps, pipes, machinery, fixtures, hydrants, meters, services, tools, equipment, apparatus and appliances used or useful in supplying water for domestic, commercial, industrial and municipal purposes, in consideration of the assumption by the district of all of the outstanding debts, obligations and liabilities of the Madison Water District and the Anson Water District, including, without limitation, the assumption of any outstanding bonds, notes or other evidences of indebtedness of the Madison Water District and the Anson Water District that are due on or after the date of transfer.

The transfer by the Madison Water District and the Anson Water District to the district of their respective plants, properties, assets, franchises, rights and

privileges, the assumption by the district of all of the outstanding debts, obligations and liabilities of the Madison Water District and the Anson Water District pursuant to this section and the subsequent use of the plants, properties, assets, franchises, rights and privileges by the district within the limits of the district are subject to the approval of the Public Utilities Commission as may be required by the Maine Revised Statutes, Title 35-A, Part 1.

Promptly after completion of the transfer and assumption of assets and liabilities pursuant to this section, the Madison Water District and the Anson Water District shall each cause to be filed with the Secretary of State a certificate of dissolution certifying the name of that district and that all assets of that district and all debts, obligations and liabilities of that district have been transferred to the Anson and Madison Water District and that is signed by the chair or presiding trustee of that district and by the clerk, secretary or another officer of that district. Upon the respective filing dates of the certificates of dissolution of the Madison Water District and the Anson Water District, the existence of that district ceases.

Upon dissolution of the Madison Water District and the Anson Water District, the trustees of the Anson and Madison Water District shall submit legislation for introduction to the Legislature to repeal the charters of the Madison Water District and the Anson Water District.

**Sec. 6. Emergency clause; referendum; effective date.** In view of the emergency cited in the preamble, this Act takes effect when approved only for the purpose of permitting its submission to the legal voters within the territory described in section 1 of this Act at a referendum called for that purpose and held after May 1, 2011 but within 2 years after the effective date of this Act. Each referendum must be called by the municipal officers of the respective towns and must be held at the regular voting places. The referendum must be called, advertised and conducted according to the law relating to municipal elections. The registrars shall make a complete list of all the eligible voters of the proposed district as described in this Act. The list prepared by the registrars governs the eligibility of a voter. For the purpose of registration of voters, the registrars of voters must be in session the regular workday preceding the referendum. The subject matter of this Act is reduced to the following question:

"Do you favor creating the Anson and Madison Water District and permitting the Anson and Madison Water District to acquire the assets and assume the liabilities of the Madison Water District and the Anson Water District?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion of the same.

The results must be declared by the municipal officers of the Town of Madison and the Town of Anson and due certificate of the results filed by the clerk with the Secretary of State.

This Act takes effect for all other purposes immediately upon its approval by a majority of the legal voters of each town voting at the referendum. Failure to achieve the necessary approval in any referendum does not prohibit subsequent referenda consistent with this section as long as the referenda are held within 2 years after the effective date of this Act.

If after May 1, 2011, referenda on the question specified in this section are held in accordance with this section and a majority of the legal voters of each town voting at the referenda cast votes in favor of the question and due certificate of the results are filed with the Secretary of State, this Act takes effect when approved.

Effective pending referendum.

This compensation is in addition to the compensation payable to them as trustees. The trustees shall make and publish an annual report including a report of the treasurer.

The trustees receive compensation as recommended by them and approved by majority vote of the municipal officers of both the Town of Linneus and

the Town of New Limerick, including compensation for any duties they perform as officers as well as for their duties as trustees. Certification of the vote must be recorded with the Secretary of State and recorded in the bylaws. Their compensation for duties as trustees is on the basis of such specific amount as may be specified in the bylaws, each meeting actually attended and reimbursement for travel and expenses, with the total not to exceed such specific amount as may be specified in the bylaws.

A member of the board of trustees may not be employed for compensation as an employee or in any other capacity by the district.

**Sec. 4. First board.** The first board of trustees of the district is appointed by the municipal officers of both the Town of Linneus and the Town of New Limerick. The terms of the first board are governed by the Maine Revised Statutes, Title 35-A, section 6410, subsection 4.

**Sec. 5. Terms of trustees; vacancies.** After the appointment of the first board of trustees of the district, trustees are appointed to 3-year terms. Vacancies must be filled by municipal appointment for 3-year terms.

**Sec. 6. Town responsibility.** Except for the appointment of the first board of trustees and the initial referendum, the Town of Linneus and the Town of New Limerick are not responsible for any acts of the district.

**Sec. 7. Emergency clause; referendum; effective date.** This Act takes effect when approved only for the purpose of permitting its submission to the legal voters within the territory described in section 1 of this Act at a referendum called for that purpose and held after July 1, 2011 but within 2 years after the effective date of this Act. The referendum must be called by the municipal officers of the respective towns and must be held at the regular voting places. The referendum must be called, advertised and conducted according to the law relating to municipal elections. The registrars shall make a complete list of all the eligible voters of the proposed district as described in this Act. The list prepared by the registrars governs the eligibility of a voter. For the purpose of registration of voters, the registrars of voters must be in session the regular workday preceding the referendum. The subject matter of this Act is reduced to the following question:

"Do you favor creating the Nickerson Lake Sewer District?"

The voters shall indicate by a cross or check mark placed against the word "Yes" or "No" their opinion of the same.

The results must be declared by the municipal officers of the Town of Linneus and the Town of New

Limerick and due certificate of the results filed by the clerks with the Secretary of State.

This Act takes effect for all other purposes immediately upon its approval by a majority of the legal voters of each town voting at the referendum. Failure to achieve the necessary approval in any referendum does not prohibit subsequent referenda consistent with this section as long as the referenda are held within 2 years after the effective date of this Act.

Effective pending referendum.

**CHAPTER 69  
H.P. 1075 - L.D. 1466**

**Resolve, To Direct the Public Utilities Commission To Develop a Plan To Reform Telecommunications Regulation**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** in order to ensure the Public Utilities Commission has adequate time to develop a plan for reforming telecommunications regulation for consideration by the Legislature in the second regular session, it is necessary that this resolve take effect immediately; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preserva-

tion of the public peace, health and safety; now, therefore, be it

**Sec. 1. Regulatory reform plan. Resolved:** That the Public Utilities Commission, referred to in this resolve as "the commission," shall develop a plan to reform telecommunications regulation in the State in accordance with the following.

1. The plan must be consistent with the following legislative findings:

A. A plan for regulatory reform is needed because of the competition that exists in the telecommunications industry, which continues to grow and which the Legislature seeks to promote;

B. Regulatory burdens should be the minimum necessary to protect the public welfare and, to the maximum extent practicable, the regulatory burdens on different modes of providing telecommunications services should be the same;

C. Regulatory reform may not result in any provider being required to submit to a net increase in regulatory burden. This does not preclude reforms that establish options under which a provider may choose for its own benefit to take on new regulatory obligations, such as provider-of-last-resort obligations, or reforms that replace existing regulatory requirements with more appropriate requirements as long as no provider is required to submit to a net increase in regulatory burden; and

D. Regulatory reform may not relieve any provider from complying with wholesale obligations under either state or federal law, including but not limited to those relating to access to network elements, interconnection, inter-carrier compensation, pole attachments, switched access and any other obligations established under the federal Communications Act of 1934, as amended, and must preserve any related rights of any provider under that Act.

2. In developing the plan, the commission shall consider, at a minimum, the following:

A. The extent of existing and anticipated competition for residential and business services;

B. The characteristics of provider-of-last-resort service and the obligations and support mechanisms, if any, that should accompany provider-of-last-resort service;

C. The extent to which any telecommunications provider should be able to choose to be subject to particular regulatory provisions;

D. The implications of federal support mechanisms, preemption of state regulation of certain services and other federal issues;

E. The degree, if any, to which any services, including provider-of-last-resort services, should be subject to cost-of-service regulation;

F. The need for a robust telecommunications infrastructure in the State; and

G. The status of eligible telecommunications carriers.

3. In developing the plan, the commission:

A. Shall seek input from interested parties but is not required to conduct an adjudicatory proceeding; and

B. Shall examine the current regulatory structure in accordance with the findings in subsection 1 and may not presume existing laws and rules are appropriately designed for the current competitive environment.

4. The commission shall submit its plan to the Joint Standing Committee on Energy, Utilities and Technology by December 31, 2011. The plan must describe necessary changes to law, rules or procedures and any other necessary actions to implement the plan. To the maximum extent practicable, the commission shall establish target dates for implementation of the elements of the plan that are no later than 90 days after the adjournment of the Second Regular Session of the 125th Legislature. The commission shall include with the plan a draft of any legislation necessary to implement the plan and, consistent with the requirements of the Maine Revised Statutes, Title 5, chapter 375, changes to rules necessary to implement the plan.

The Joint Standing Committee on Energy, Utilities and Technology may report out a bill to reform telecommunications regulation to the Second Regular Session of the 125th Legislature; and be it further

**Sec. 2. Action on filings. Resolved:** That, consistent with the purposes of this resolve and the findings in section 1, the commission shall seek to process any filings submitted by telephone utilities for exemptions under the Maine Revised Statutes, Title 35-A with as much deliberative speed as possible, within the constraints of existing resources; and be it further

**Sec. 3. Specific regulatory modifications. Resolved:** That the following modifications to telecommunications regulation are made. Except as otherwise may be provided by superseding legislation implementing the plan developed under section 1, the provisions of this section apply between the effective date of this resolve and 90 days after the adjournment of the Second Regular Session of the 125th Legislature. For purposes of this section, "incumbent local exchange carrier" has the same meaning as in the Maine Revised Statutes, Title 35-A, section 9216, subsection 1, paragraph B.

1. The commission may not enforce provisions of any order establishing an alternative form of regulation pursuant to Title 35-A, chapter 91 that prohibit an incumbent local exchange carrier from charging rates for nonresidential service that are below the long-run incremental cost of providing that service or that establish some other minimum price requirement for services to nonresidential customers.

2. The commission may not enforce provisions of any order establishing an alternative form of regulation pursuant to Title 35-A, chapter 91 that impose on an incumbent local exchange carrier multiplier penalties for repeated failures to meet service quality index performance standards with respect to any actions, inactions or other performance of that carrier occurring after July 31, 2010. Nothing in this subsection affects the authority of the commission to impose base penalties for violations of service quality index performance standards or to require continued payment of penalties that have been established for violations that occurred prior to August 1, 2010. The Legislature finds that the provisions of this subsection are appropriate because of extraordinarily compelling and unique circumstances, including but not limited to dramatic changes in the telecommunications market in recent years, the bankruptcy and subsequent emergence from bankruptcy of the largest telecommunications provider in the State and, as reflected in the findings in section 1, the need for regulatory reform of the telecommunications industry. The commission shall include with the plan submitted under section 1, subsection 4 the service quality performance data required to be submitted to the commission by incumbent local exchange carriers affected by this subsection, together with any summary or analysis the commission may develop to assist the Legislature in reviewing whether this subsection has had any effect on service quality performance.

3. The commission may not require any local exchange carrier to prepare or submit pursuant to section 3 of the commission's rule Chapter 140: Utility Service Area and Infrastructure Maps, or pursuant to any similar provision of any successor rule, infrastructure maps:

A. In a format different from or that contain a level of detail that is greater than the maps most recently submitted by that utility pursuant to that rule prior to the effective date of this resolve; or

B. Depicting the infrastructure connecting inter-office facilities to remote terminals and digital loop carriers.

4. The commission may not require any telecommunications carrier, pursuant to the commission's

rule Chapter 200: Telecommunications Carrier Outage Reporting, to submit notices of unscheduled service outages or notices of restorations of service earlier than 7 calendar days following the restoration of service.

5. Notwithstanding Title 35-A, section 708, a reorganization of an incumbent local exchange carrier is not subject to commission approval unless the reorganization results in a merger, sale or transfer of a controlling interest of the incumbent local exchange carrier or any entity that owns more than 50% of the incumbent local exchange carrier. For purposes of this subsection, "controlling interest" has the same meaning as that term is used in the commission's rule Chapter 280: Provision of Competitive Telecommunications Services, Section 12(B).

6. The commission may not enforce its rule Chapter 230: Installation, Maintenance and Ownership of Customer Premises Wire; and be it further

**Sec. 4. Rescinded order. Resolved:** That, notwithstanding any contrary provision of law in effect on the effective date of this resolve, the commission may not regulate interconnected voice over Internet protocol service as a telephone service under the Maine Revised Statutes, Title 35-A unless otherwise directed by law enacted after the effective date of this resolve and any commission order that is inconsistent with this prohibition is void. It is the intent of the Legislature in establishing this prohibition that interconnected voice over Internet protocol service be treated and providers of such service conduct themselves in accordance with those requirements and practices that existed prior to the issuance by the commission of its October 27, 2010 order, in docket number 2008-421, including but not limited to requirements or practices relating to the payment of fees, assessments or other charges, the filing of reports and any other regulatory or procedural matters.

Notwithstanding any limitation that the findings in section 1, subsection 1, paragraph C might impose on the commission as a result of the regulatory effects of this section, the commission may, free of any such limitations, examine and develop recommendations regarding interconnected voice over Internet protocol service when developing its plan pursuant to section 1.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 9, 2011.

**Resolve, To Authorize the State  
To Acquire a Landfill in the  
Town of East Millinocket**

**Emergency preamble. Whereas,** acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the owner of pulp and paper mills in the Town of Millinocket and the Town of East Millinocket has announced the closure of the mills after failing to find buyers for them; and

**Whereas,** this closure would have an immediate negative effect on the economy in the Town of Millinocket, the Town of East Millinocket and the surrounding area, including the loss of approximately 400 jobs; and

**Whereas,** the acquisition of real estate associated with the solid waste disposal facility by donation will not involve the purchase or sale of real estate within the meaning of the Constitution of Maine; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore, be it

**Sec. 1. Acquisition of landfill authorized. Resolved:** That, notwithstanding the Maine Revised Statutes, Title 5, section 1825-B, subsection 1; Title 38, section 1310-X; and Title 38, chapter 24, the following provisions apply.

1. The Executive Department, State Planning Office, referred to in this section as "the office," may acquire, own and cause to be operated an existing Department of Environmental Protection-licensed and generator-owned solid waste disposal facility in the Town of East Millinocket, known as the Dolby Landfill and consisting of 3 separate areas known as "Dolby Landfill Site 1," "Dolby Landfill Site 2" and "Dolby Landfill Site 3," including unused solid waste capacity, expansion potential and the rights and obligations of all related solid waste licenses, together with such related property, if any, and appurtenant rights as may be necessary or desirable for the operation of such property as a commercial landfill, referred to in this resolve collectively as "the disposal facility."

The office may only acquire real estate associated with the disposal facility by donation and may establish the terms and conditions of acquisition by donation and execute and deliver, in the name of and on behalf of the State, all contracts the office determines are necessary or appropriate to effect the acquisition and operation of the disposal facility. Such a donation is conditioned upon the execution of an agreement by a buyer for the acquisition of the pulp and paper mills in the Town of Millinocket and the Town of East Millinocket; the office's endeavoring to identify and implement measures to mitigate the State's closure costs, including the consideration of cost caps on the closure costs, including the consideration of cost caps on the closure of the Dolby Landfill; and the office's having

received from the buyer an acceptable business plan, including employment projections. The office shall undertake all actions the office determines necessary or appropriate to fully perform all obligations established under the contracts.

2. Notwithstanding the Maine Revised Statutes, Title 38, section 1310-U, the municipality in which the disposal facility is located may not regulate the operation or any other aspect of the disposal facility as provided in Title 38, section 2173 or by means of any municipal ordinances, regulations, licenses or permits.

3. If the type of waste permitted to be disposed of at the disposal facility changes, the municipal officers of the Town of East Millinocket and the Town of Millinocket shall establish a joint citizen advisory committee consisting of 7 members, of whom 4 must be from the Town of East Millinocket and 3 must be from the Town of Millinocket. In appointing members to the committee, the municipal officers shall use the Maine Revised Statutes, Title 38, section 2171, subsection 1 as guidance. The committee shall meet as soon as practical following appointment of its members and shall select a chair from among its members. The committee shall establish procedures for the conduct of meetings. The committee may:

- A. Review proposed contracts, site analyses, applications and other documents relating to the expansion, permitting and operation of the disposal facility;
- B. Hold periodic public meetings to solicit the opinions of residents concerning the disposal facility and any permit applications, contracts or other provisions relating to the disposal facility;
- C. Provide the office and the disposal facility operator with suggested contract provisions, permit conditions, plans or procedures the committee considers appropriate; and
- D. Serve as a liaison between the towns and the office and the disposal facility operator to facilitate communications during the development and operation of the disposal facility and provide residents with updated information about the disposal facility, including providing explanations of any technical terms.

4. Nothing in this resolve permits the abrogation of, abrogates or intends to abrogate the sovereign immunity of the State with respect to any agreement authorized under this resolve; and be it further

**Sec. 2. Report. Resolved:** That, by February 15, 2012, the Executive Department, State Planning Office shall submit a report to the Joint Standing Committee on Environment and Natural Resources on actions taken related to the acquisition of the disposal facility authorized under section 1 and a review of the operations related to that disposal facility.

**Whereas,** there is no single answer to addressing Maine's oral health care needs; and

**Whereas,** ongoing challenges to Maine's oral health care needs include reimbursement, geography, personal decisions, workforce issues and many other factors; and

**Whereas,** the Legislature has in recent years sought to address Maine's oral health care needs through changes to the dental workforce and scopes of practice; and

**Whereas,** no comprehensive study has been completed regarding Maine's oral health care needs or the effect of the legislative changes and evaluations of strategies to address the outstanding needs; and

**Whereas,** this resolve directs the Executive Director of the Legislative Council to designate Medical Care Development, Inc. to contract with a qualified consultant to conduct a study of Maine's oral health care needs; now, therefore, be it

**Sec. 1. Oral health care needs; study. Resolved:** That the Executive Director of the Legislative Council shall request Medical Care Development, Inc. to conduct a study, without any cost to the State, pursuant to this resolve. Medical Care Development, Inc. shall solicit funds to pay for the cost of the study. Upon receiving adequate funding, Medical Care Development, Inc. shall contract with a qualified consultant that has sufficient resources and experience to perform a study of the State's oral health care needs that examines the type and geographic distribution of oral health care providers and analyzes barriers to oral health care in the State. The Department of Health and Human Services shall cooperate with Medical Care Development, Inc. by providing assistance in obtaining relevant information and data. In conducting the study, Medical Care Development, Inc. shall invite the input of members of the Joint Standing Committee on Health and Human Services and the Joint Standing Committee on Labor, Commerce, Research and Economic Development and shall seek the advice of statewide organizations representing dentists, dental

1. Existing public and private financial resources for oral health care in the State;
2. Limitations on access to oral health care for citizens of the State;
3. The sustainability of public financing programs for oral health care;
4. The actual and projected dental workforce needs for the State;
5. The effect of recent changes surrounding oral health care in the State, such as the development of a dental school based in the State and the creation of expanded function dental assistants, dental hygienists with public health supervision status and independent practice dental hygienists; and
6. Possible policy models from other states and countries that have been effective in addressing identified workforce shortages; and be it further

**Sec. 2. Funding. Resolved:** That Medical Care Development, Inc. shall seek nonstate funding to fully fund all costs of the study requested in section 1. The Department of Health and Human Services shall assist Medical Care Development, Inc. in seeking non-state funding, including collaborating in seeking any available federal grant funds. **Resolve, To Clarify the  
Expectation for the 2012  
Assessment of Progress on  
Meeting Wind Energy  
Development Goals**

**Sec. 1. Expectations for assessment. Resolved:** That, when the Governor's Office of Energy Independence and Security, referred to in this resolve as "the office," undertakes its 2011 annual assessment of progress on meeting the wind energy development goals pursuant to Public Law 2007, chapter 661, Part A, section 8, as amended by Public Law 2009, chapter

642, Part A, section 9, it shall consider the following specific issues.

1. In its examination of the experiences from the permitting process, the office shall specifically examine:

A. Whether statewide permitting standards should be applied to wind energy development, including, but not limited to, noise standards, visual standards, setback requirements and decommissioning plans;

B. The criteria used during the permitting process to consider the visual impact of an expedited grid-scale wind energy development, the permits issued and any recommended changes to the criteria, including, but not limited to, changes to the criteria that require the primary siting authorities to consider insignificant the visual impacts greater than 8 miles from a scenic resource of state or national significance as defined in the Maine Revised Statutes, Title 35-A, section 3451, subsection 9;

C. The quality of submitted decommissioning plans and recommendations for mechanisms to provide financial assurance for funding the decommissioning; and

D. The time required for completing the permitting process, including the time required for conducting environmental surveys and preparing and submitting the applications and the associated costs.

2. In its examination of the status of this State and each of the other New England states in making progress toward reducing greenhouse gas emissions, the office shall specifically evaluate the accuracy of the estimates generated by state agencies and wind energy developers for greenhouse gas reductions that are a result of wind energy development in this State and make recommendations for a standardized protocol, if necessary.

3. In developing its recommendations regarding the wind energy development goals established in Title 35-A, section 3404, subsection 2, the office shall consider the number of wind turbines necessary to meet the goals, market conditions, development trends, emissions goals, siting policies, cumulative impacts and other factors that may indicate it is necessary to amend the wind energy development goals.

4. In developing its recommendations regarding identification of places within the State's unorganized and deorganized areas for inclusion in the expedited permitting area established pursuant to Title 35-A, chapter 34-A, the office shall also consider whether places should be removed from the expedited permitting area, including, but not limited to, mountain area protection subdistricts, as described by the Department

of Conservation, Maine Land Use Regulation Commission Rule Chapter 10.

Notwithstanding Public Law 2007, chapter 661, Part A, section 8, as amended by Public Law 2009, chapter 642, Part A, section 9, the assessment submitted in 2012 is due February 1, 2012. Following receipt and review of the report, the Joint Standing Committee on Energy, Utilities and Technology may submit a bill to the Second Regular Session of the 125th Legislature; and be it further

**Sec. 2. Additional considerations. Resolved:** That, to the extent resources are available, the office shall include the following in the annual assessment of progress on meeting the wind energy development goals pursuant to Public Law 2007, chapter 661, Part A, section 8, as amended by Public Law 2009, chapter 642, Part A, section 9, in the assessment submitted in 2012:

1. Recommendations for the method by which permitting authorities should consider the cumulative impact on natural resources at the state or regional level, including but not limited to mountain areas and to scenic resources of state or national significance as defined in the Maine Revised Statutes, Title 35-A, section 3451, subsection 9;

2. The economic effects of wind energy development on the tourism industry, to the extent data are available;

3. In collaboration with the Office of the Public Advocate, an evaluation of the costs associated with transmission upgrades for the purpose of transmitting wind energy; and

4. The implications of the intermittency of wind power for regional markets and the grid, including capacity charges, the forward capacity market and electricity price volatility; and be it further

**Sec. 3. Use of existing data and stakeholder input. Resolved:** That, when completing the assessments under sections 1 and 2, the office and the Office of the Public Advocate may draw on existing state data and studies rather than new analyses, including, but not limited to, those developed for the New England Wind Integration Study published by ISO New England in December 2010, the state climate action plan pursuant to the Maine Revised Statutes, Title 38, section 577 and progress evaluation in Title 38, section 578, the State of Maine Comprehensive Energy Plan 2008-2009 and any reports from the Department of Economic and Community Development, as well as on analyses by the Federal Government, nonprofit organizations and other parties. The office and the Office of the Public Advocate may also draw on input from stakeholders and interested parties to complete the assessments; and be it further

**Sec. 4. Health effects. Resolved:** That, to the extent that resources are available, the Department of Health and Human Services, Maine Center for Disease Control and Prevention shall conduct an analysis of the research on health effects from wind turbines, including effects from noise, and provide a report to the Joint Standing Committee on Energy, Utilities and Technology by February 1, 2012. The report must include recommendations for making the information in the report easily accessible to the public.

Thereafter, the parties shall alternately strike names from the list of names submitted, provided that, when the list is reduced to 4 names, the 2nd from the last party to strike shall be entitled to strike 2 names simultaneously, after which the last party to strike shall so strike one name from the then 2 remaining names, such that the then remaining name shall identify the person who shall must then be appointed by the executive director as the neutral arbitrator.

Nothing in this subsection may be construed as preventing the parties, as an alternative to procedures in the preceding paragraph, from jointly agreeing to elect arbitration from either the Federal Mediation and Conciliation Service or the American Arbitration Association, under the procedures, rules and regulations of that association, provided that these procedures, rules and regulations are not inconsistent with subsections paragraphs B and C below.

**H.P. 1177**

**WE**, your Memorialists, the Members of the One Hundred and Twenty-fifth Legislature of the State of Maine now assembled in the First Regular Session, most respectfully present and petition the President of the United States and the United States Congress as follows:

**WHEREAS**, there was an undeclared confrontation in 1839 that lasted until 1842 between the

SELECTED MEMORIALS AND JOINT RESOLUTIONS

United States and Great Britain over the international boundary between British North America, specifically the provinces of Quebec and New Brunswick in Canada, and Maine, referred to as the Aroostook War; and

**WHEREAS**, this confrontation had its origins at the end of the Revolutionary War because the Treaty of Paris of 1783 did not clearly determine the boundary between British North America and the United States and, during the War of 1812, British forces occupied most of eastern Maine, including Washington County, Hancock County and parts of Penobscot County, intending to permanently annex the region into Canada; and

**WHEREAS**, the Treaty of Ghent ended the war in 1814 and reestablished the boundary but left the border ambiguities intact, and when Maine separated from Massachusetts in 1820 as a new state, the status and location of the border emerged as a chief concern, with Massachusetts also retaining some interests in the land as part of the statehood agreement; and

**WHEREAS**, the dispute continued into the next decade as the area became more and more settled and the wealth of the lumber and land became apparent to both sides of the border, and in 1839 the Maine Legislature authorized newly elected Governor John Fairfield to send land agents and militia to the border; and

**WHEREAS**, high tensions and heated rhetoric in New Brunswick led both sides to raise troops and arm them and march them to the disputed border, but eventually negotiations between diplomats from Great Britain and United States Secretary of State Daniel Webster resulted in the Webster-Ashburton Treaty of 1842; and

**WHEREAS**, this dispute involved no actual confrontation between military forces, but 10 to 12 companies of more than a thousand men as well as drafted militia were sent to Aroostook County; and

**WHEREAS**, the men who were the protectors and defenders of the northeastern boundary of the United States and Maine and Massachusetts primarily were volunteers in service to the State of Maine, members of the Maine State Militia, members of a drafted militia and civilian suppliers, support personnel and settlers in the Aroostook Valley; and

**WHEREAS**, as Governor Israel Washburn, who was Governor of Maine during the Civil War, stated long after the dispute was settled, "The Aroostook war . . . forms a chapter in the history of the State which does real honor to its border chivalry"; now, therefore, be it

**RESOLVED:** That We, your Memorialists, respectfully urge and request that the United States Congress award the designation of "Veterans of the United States and the State of Maine" to those who protected and defended the northeastern boundary and who

served between February 5, 1839 and December 31, 1842 and who were willing to risk their lives; and be it further

**RESOLVED:** That suitable copies of this resolution, duly authenticated by the Secretary of State, be transmitted to the Honorable Barack H. Obama, President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and to each Member of the Maine Congressional Delegation.

**BUDGET ADDRESS  
OF  
GOVERNOR PAUL R. LEPAGE  
FEBRUARY 10, 2011**

---

---

President Raye, Speaker Nutting, members of the 125th Legislature, and citizens of Maine, thank you for the invitation to discuss our budget submission for the 2012 / 2013 Biennium.

It takes a great deal of work to prepare a budget – especially for a newly elected Governor. I would like to begin by commending my transition budget team led by Sawin Millett and Tarren Bragdon for all their hard work. Volunteers all, they gave us great ideas and a great head start. I would also like to offer a special thanks to Ryan Low for temporarily joining our budget team.

Ryan's professionalism and dedication to public service is an example for all.

I must also compliment the 125th Legislature for the professional and bipartisan work that went into enacting the Supplemental Budget. Representative Flood, Senator Rosen and the entire Appropriations Committee have my thanks for a job well done. I also want to thank Speaker Nutting, President Raye, Representative Cain and Senator Hobbins for their leadership. I would welcome the same result with my biennial budget.

#### **INTRODUCTION**

Our 2012 / 2013 biennial budget is a jobs bill. It sets us on a path to keeping more money in the private sector and ends the expectation that every available resource should be devoted to funding the operations of state, county and community government.

Our budget includes long-term reforms that will make our state pension system and workforce more affordable. It increases aid to education and allows for transportation investments without adding to our debt burden. And this budget encourages hard work and independence through needed welfare reforms and tax cuts for Maine's small businesses and working families.

#### **REFORM THE BUDGET PROCESS**

Our budget was written without consideration for political interests or special favors. It makes tough choices and puts people first.

But it could have been more comprehensive if we had the time to conduct oversight and make informed decisions about the performance of state programs and agencies.

Our budget is being made available on the 37th day of my term. Given the logistics of drafting and printing the document, all of the major decisions were made

before I was in office a month and before most of my commissioners were confirmed.

Fifty members of the House and five Senators have no prior legislative experience. Collectively you represent well over a third of Maine's population and today is the 14th session day since you took office.

Every committee chair, member of leadership and presiding officer is also new to his or her post.

We should ALL be spending our first year on oversight and decision making. Every agency, program and service ought to start at zero and justify their objectives and practices. And before a budget is drafted, suggestions for improvement should be considered.

Because baseline budgeting and assumed increases are the norm, every biennial budget since 1992 but one has started with a deficit.

There is not a business, municipality, hospital or non-profit that would willingly flirt with insolvency every budget cycle the way state government does. We need to change the process.

Representative Ayotte has sponsored legislation, An Act To Establish a New Method of Determining the State Budget, starting the fiscal biennium in the second regular session of the Legislature. The bill is co-sponsored by President Raye, Representatives Cain and Curtis as well as Senators Rosen and Sherman.

Representative Ayotte's proposal would give all of us the time we need to conduct oversight and work with the agencies to set priorities. I strongly support the bill and would sign it right now if we could pass it by a show of hands.

#### **PUBLIC DEBT**

State government has been paying many of today's bills with tomorrow's revenues. Our indebtedness creates job-killing demands on our private sector and has to be reformed.

One of the most pressing concerns is the \$4.4 billion unfunded liability in our state pension system. Without reform, the payment for our pension liabilities totals \$449 million in the first year of the upcoming biennium. That is 15% of projected General Fund revenue. Within ten years the total annual cost to taxpayers is more than \$700 million.

If you do not think our pension liabilities are a problem, check with a constituent. Tell one of Maine's 653,000 tax filers in your district that her share of the

## BUDGET ADDRESS

unfunded pension liability, paid today, is \$6,500. Let her know that if she wants to finance her obligation we will need \$15,313 over the next 16 years.

Public sector employees have served our state and our communities. They have planned on a public pension to sustain their retirement and we cannot abandon them. But changes are needed so we can finance today's priorities without robbing the private sector of billions of dollars of potential job-creating investment.

Our budget calls for reasonable changes to the retirement system that saves \$524 million over the current biennium, with most of the savings accruing to the General Fund. This budget asks retirees to forgo cost of living increases in the short term and to accept modest increases in the future. This budget also asks retirees for the same shared sacrifice we are asking of our state employees and increases the retirement age to 65 for new and recent hires.

The two-year savings of over half a billion dollars realized by these modest changes is critical to funding today's priorities and sustaining the pension fund going forward.

Over the longer term, these changes reduce our unfunded pension liabilities by \$2.5 billion and reduce our retiree health liability by almost \$1 billion.

Our changes keep almost \$7 billion in Maine's private sector economy through 2028. All things being equal, the pension reforms in this budget save every Maine tax filer \$10,700 over the next 16 years.

Our proposal funds no new bonds, borrowing or deferred payments of any kind over the next two years. If a MaineCare patient goes to a hospital for critical care, we are going to pay the bill immediately.

Much of the additional savings or resources we identify over the biennium will go to repaying our remaining balances to Maine's health care facilities.

We plan to use savings at the Department of Transportation and General Fund dollars rather than borrowing to ensure we make critical infrastructure investments. And we have no plans to borrow in order to finance land acquisition, facility improvements or anything else. If the question is cash or credit, the answer is always the same.

Our total public debt obligation in Maine is \$12.9 billion – only \$500 million of which was actually approved by the voters as required by the Constitution.

## SELECTED ADDRESSES TO THE LEGISLATURE

We owe twice as much in debt as we expect to collect in General Fund revenues over the next two years and our debt as a percentage of state GDP is twice the national average. Our problems will not go away overnight, but sensible reforms, fiscal discipline and time will clean up the state's balance sheet and put more money into the hands of job creators. If we were a private sector company, we would be in bankruptcy.

### EDUCATION

Reforms to our pension liabilities make it possible to increase state aid to local education by \$63 million over the biennium from the state aid provided in FY 2011. In 2013 we will contribute \$914 million to General Purpose Aid to Education.

And it will not be enough. Education funding is never enough because too many resources are diverted before they reach the classroom. We are working on reforms that make the student the most important person in the classroom.

Our budget has no cuts for higher education. Our community colleges and universities have to remain affordable options for our high school graduates and for adults who need to upgrade their skills to remain competitive in a changing job market. We also continue to provide strong support for scholarship programs.

We need to consider additional ways to pay for the cost of higher education as well. While not included in our budget submission, I want to start the discussion about creating Maine Higher Education Savings Bonds.

A new initiative in our budget is a new collaboration between the Kennebec Valley Community College and Good Will-Hinckley to expand opportunities for kids who need a stable, alternative learning environment. The program will provide career training and prepare students for Maine's workforce.

Not every kid has the same needs or goals. Not every student is well served by traditional schools. Our resources need to follow the student to make sure his or her unique needs are being met.

### TAXES

The cost of citizenship and business ownership in Maine is too high. We tax income, property, gas, sales, and pretty much every other traceable transaction in our economy.

As Ronald Reagan said, “If it moves, we tax it. If it keeps moving, regulate it. And, if it stops moving, subsidize it.”

We assess fees on almost every interaction residents have with their government and create disincentives for success and marriage. Every so often a rumor hits the Internet that the government will start taxing emails. And people fear it.

Our budget proposal cuts taxes by \$203 million over the biennium. We include conformity provisions that align Maine’s income tax code to federal provisions, saving state taxpayers money and aggravation.

Our budget eliminates the marriage penalty and increases the personal exemption for all Mainers. Coupled with a higher standard deduction, our changes completely eliminate state tax liability for an additional 15,000 Mainers at our lowest income levels.

And to help create jobs in Maine, we include bonus depreciation for businesses investing in our economy’s future.

We increase the exemption for the death tax to make it easier to pass a family business to the next generation and to reduce the incentive for moving wealth out of Maine.

And we lower the tax rate on families and business success from 8.5% to 7.95%, the lowest top income tax rate in Maine since 1975.

And we need to be clear. Maine’s top tax rate is not just for the rich. For the 2011 tax year, it will take just \$19,950 in taxable income to hit Maine’s top bracket for single filer and \$39,950 for joint filers; 240,000 families in Maine will see a savings as a result of the tax cut we propose.

Our budget also ends indexing of the gas tax in the second year, a levy that is especially hard on working Maine families and gets passed on to virtually every Maine business.

### **WELFARE REFORM**

Maine was built by immigrants. The energy and aspirations of our immigrant ancestors powered our mills, carved out our farmland and built our shipyards. Maine must always be a welcoming place for those who seek an opportunity to advance through hard work and self-reliance.

Despite our heritage, Maine is one of just a few places in the country that offers “welfare-on-day-one,” for legal non-citizens. Our budget saves \$20 million by

eliminating instant eligibility for welfare benefits and sends the message that work and independence are what is expected of everyone in Maine.

Our budget also includes a true five-year time limit on welfare eligibility and incentives to help move people from dependence to self-sustaining employment. Based on ability to pay, we also ask MaineCare recipients to contribute to the cost of the state-sponsored health care coverage.

Unfortunately, we are limited in the reforms we can offer in MaineCare because of the Affordable Care Act out of Washington. Maine’s generosity is being penalized by the federal government.

There are additional savings to be had in MaineCare, but federal mandates force us to look elsewhere.

Our welfare reform also includes mandatory drug testing of program participants convicted of drug offenses. If we are serious about helping people move to independence and work, we must address the barriers caused by addiction. Otherwise, we are spinning our wheels and squandering state resources.

### **STATE WORKFORCE**

Some say, state government is too big to fail, but does not deliver enough value to taxpayers. Big changes are needed, but we are going to be smart about it.

My budget has no mass layoff, no furlough days, no across-the-board cuts and no gimmicks.

There will be continued shared sacrifices for members of our state workforce. But people who work for Maine can expect to earn more next year than they do today.

We start the process of making state government more affordable by maintaining a real hiring freeze. Truly essential positions will be filled, but we will ask every agency to look for efficiencies first.

Our budget also includes a retirement incentive for state workers. Age-eligible employees who leave the workforce before the end of this calendar year will receive a small cash payment and enter the retirement system before cost saving adjustments are made to the program.

My message to state employees is clear. If you start each work day thinking about serving the public, there is a place for you in state government regardless of age. If you come to work to fill in time until you are age-eligible for retirement, we have built in incentives for you to expedite the process.

**BUDGET ADDRESS**

**SELECTED ADDRESSES TO THE LEGISLATURE**

**CONCLUSION**

We have offered a budget free of gimmicks and politics. We have made hard choices that put Maine people first, values work and investment, and makes needed reforms to our state workforce, pension and welfare systems.

I look forward to your review of my proposals and working together to enact and implement a spending and reform plan that moves Maine forward. Thank you.

**STATE OF THE JUDICIARY ADDRESS  
OF  
CHIEF JUSTICE LEIGH INGALLS SAUFLEY  
MARCH 24, 2011**

---

**Progress Amid the Challenges**

Good morning, and thank you President Raye. Good morning Governor LePage, Speaker Nutting, members of the 125th Maine Legislature, members of the Court, colleagues from other Benches, and, as always, my supportive family.

It is an honor to present this report on the State of Maine's Judiciary in 2011. I am pleased to be joined here this morning by members of the Law Court and the Trial Court Leadership of the State of Maine. I want to introduce to you Justice Jon D. Levy of Portland, Justice Ellen A. Gorman of Falmouth, Justice Joseph M. Jabar of Waterville and formerly of the 118th and 119th Maine Legislatures. And the Trial Court Leadership: Chief Justice Thomas E. Humphrey of Sanford, Chief Judge Charles C. LaVerdiere of Wilton and formerly of the 118th, 119th, and 120th Maine Legislatures, and Deputy Chief Judge Robert E. Mullen of Waterville.

Along with Ted Glessner, who many of you know, and my colleagues on the Supreme Judicial Court who were not able to be with us today, this is the group of people who make the day-to-day and year-to-year decisions regarding the administration of justice in Maine. I am grateful to Maine's Governors who have understood how very important it is to have hard-working, ethical, and innovative jurists to guide the Judicial Branch, and I am pleased to hear that Governor LePage has already begun the process of assuring that high quality candidates will be presented to you for confirmation to the Maine Bench.

This is the tenth year that you have offered me the opportunity to update you on the delivery of justice in Maine. I want you to know that I never take this opportunity for granted.

We are all charged with remembering that the very first purpose of Maine's Constitution is "to establish justice." The collegial and collaborative efforts of Maine's separate branches of government have made all the difference in our capacity to establish justice during these last many hard economic years, and your attention to your constituents' justice-related needs means that scarce resources are used for the very best value we can obtain. I thank all of you, every one of you, for caring about access to justice, and for reaching out to us with ideas, concerns, and proposals.

**INTRODUCTION**

I must begin my presentation by reminding us all that the Maine Judicial Branch has been substantially underfunded for decades. A number of assessments have confirmed that the staffing shortages in Maine's justice and legal services are real, including the Reinventing Maine Report and the Report of the Maine Heritage Policy Center. We are fortunate to have an experienced and dedicated work force in the Judicial Branch, with employees whose commitment to public service makes them the unsung heroes of the delivery of justice. But the fact remains that there are too few positions—far fewer positions as compared to other states—to complete the work before us.

However, I am not going to dwell on these challenges today. Nor am I going to spend time today talking about some of the recent and most uplifting aspects of the delivery of justice, such as the improvements in Juvenile Justice, or the new evidence-based practices in criminal law that hold promise for reducing community risk and recidivism through focused interventions, such as mental health courts, drug courts, and improved monitoring capacities.

Instead, I am going to take advantage of this 10th Anniversary of my presentations to you to talk about the nuts and bolts of delivering justice. I will describe the improvements that have been made in the past ten years, and lay out a blueprint for the decade ahead.

I hope that when we are done here this morning, you will agree with me that Maine's Judiciary is moving ahead with a clear vision for the future.

**CONTEXT**

In order to understand our administrative goals for the last decade and the decade to come, some context is necessary.

In 1820, the Maine Constitution established one Court, the Supreme Judicial Court. It was both the trial court and the appellate court for 110 years. Judges rode on horseback throughout the State, presiding wherever a courthouse could be set up, usually over the local tavern.

By 1930, there was need for a full-time trial court, and the statewide Superior Court was created. Just 30 years later, the need had expanded again, leading to the creation of the District Courts in the mid 1960s.

With the establishment of the District Courts, the State of Maine had three State Court systems, with different administrations, and three overlapping judicial cost centers. In 1976, the 107th Maine Legislature took steps to create an administratively efficient court structure. In what was a visionary move, the Legislature consolidated all three components of the state court systems under one single administration, reducing duplication of staff and improving flexibility in the use of judicial resources. [Are there any current Legislators who served in the 107th Legislature here today? Please accept my very belated thanks for your vision.]

It is important to understand that many states have not yet completed that step, leaving state, county, and sometimes even municipal governments to pay for the overlapping costs of the courts.

One critical benefit of modernizing the Maine courts was an increased capacity to move resources in response to changing public needs. The number of newly filed cases varies somewhat from year to year, but the mix, complexity, and nature of cases changes substantially over time. As an example, here is a snapshot of recent changes in caseloads.

- General civil filings increased 48% over the last five years.
  - That includes a 146% increase in the number of mortgage foreclosures,
  - And a 56% increase in debt collection cases.
- In contrast, criminal filings are down approximately 20% over the last five years.
  - Criminal filings, which once represented 50% of the court's nontraffic caseload, are now 44% of the total.
- Divorces and family matters have held fairly steady over that five-year period.
  - But the complexity of those cases has increased over time with new laws and regulations, requiring additional court time and resources.
- Protection from Abuse new filings also remained steady at just over 6,000 cases each year. But as lethality and cycles of violence are better understood, those cases require and deserve more time.
  - The Attorney General's Office reports that there were 24 homicides last year; 37%—more than a third of the homicides—were

classified by the AG as domestic violence related.

These changes in caseloads regularly require that we reallocate judge, clerk, and security resources, and we are able to make the necessary shifts because the court system was consolidated in 1976.

### A DECADE AGO

So, ten years ago when I first spoke to you from this podium, I set out several goals designed to take advantage of the efficient administrative structure of our State Courts, to consolidate further, and to make the system more responsive to the public's changing needs. Among those goals were the following:

First: Secure the courts. At that time, we had no system of entry screening whatsoever.

Second: Take advantage of the single administrative system to balance and improve the allocation of judicial resources to assure that priority cases, including those involving children, violence, and sexual assault, were reached quickly and resolved more promptly.

Third: Consistent with efforts to consolidate and streamline, address the aging and expensive infrastructure of Maine's courthouses.

Fourth: Make better use of technology to reduce staffing needs, improve record keeping, and provide much more prompt public service.

### A DECADE OF ACCOMPLISHMENTS

In the last ten years, we have accomplished many of those goals.

#### 1. Security.

First, regarding security, we have worked consistently, some of you might say stubbornly, to improve safety in our courthouses, and with your help, we have made substantial progress.

- You made it a crime to carry a gun into a courthouse;
- You created ten new entry screening positions; and
- Most important, we have progressed from zero days of entry screening in 2001 to providing screening in approximately 20% of our courthouses on a daily basis.
- The Governor's proposed budget for the Judicial Branch will allow us to fill security vacancies and increase that number to approximately 25%.

But we cannot stop here. In the last several weeks, Judicial Marshals doing entry screening removed three handguns from people entering courthouses. It is only a matter of time until something tragic happens in one of the many courthouses without screeners at the door. We cannot cease our efforts to improve safety in Maine's courthouses.

## **2. Balancing and Reallocation of All Judicial Resources.**

### **a. Judicial Resource Team.**

Second, regarding resource allocations, in 2003, the Judicial Resource Team, led by Justice Levy, created an entirely new approach to case management and scheduling which:

- Set up a regional system of judges from both trial courts working together;
- Focused on eliminating delays, wasted time, and duplicated efforts; and
- Improved case processing speed. Following the implementation of the recommendations, the time it took to complete family cases, for example, where children were waiting for stability, was cut in half. The work of the Judicial Resource Team demonstrated that real improvements were possible, even without additional funding and staff. That was an important lesson.

### **b. Streamlined Dockets.**

In the last several years, we have built on those lessons by further re-engineering specific dockets. The Unified Criminal Docket in Portland, whose design and implementation was led by Justice Gorman, has proven to be a resounding success. It eliminated the antiquated bifurcation of criminal procedures, eliminated redundant work in our clerks' offices, and provided a clear process that the public can understand and participate in meaningfully. Those improvements, assisted greatly by the support of District Attorney Stephanie Anderson, have reduced the staffing resources necessary in our Portland criminal clerks' office, allowing us to shift funding from those three positions into security positions. And by reducing repeated, unproductive appearances, it has also reduced the strain and costs on the District Attorney's office, court-appointed and retained counsel, and local law enforcement.

This improved model for criminal processing is now under way in Bangor, and we are in the planning

stages for improving the criminal docket in York County.

### **3. Consolidate and Improve Infrastructure.**

Third, over the last ten years we set about to streamline the court's infrastructure. I am very proud of our accomplishments here.

Again context is important. In the three decades that followed the creation of the District Courts in the 1960s, the court system built or rented separate, stand-alone District Court facilities even in towns where Superior Court facilities already existed. Those buildings required additional staff, duplicated security, and duplicated technology costs. They made it difficult for judges to assist with overflow dockets in a different building in the same town, and for cases to be managed in a rational fashion. Members of the public with related cases could find themselves going from building to building in the same town in an attempt to resolve their legal issues.

In the last ten years, we have made a concerted effort to eliminate those problems. Wherever District and Superior Courts exist in different facilities in the same town, our goal has been to consolidate the courts into one facility and consolidate the clerks' offices. Those changes alone can substantially reduce the strain on staffing, security, and technology costs. We have accomplished many of these goals:

- The Judicial Branch used to have 41 separate clerks' offices. Today, through consolidations, we have 26 clerks' offices.
- We have consolidated several courthouses, including
  - Houlton, where the separate District and Superior Courts facilities were consolidated into the renovated second floor of the Houlton County building;
  - Bangor, where both trial courts are now consolidated in a single energy-efficient courthouse in that city;
  - Ellsworth, where we merged the Bar Harbor District Court into the Hancock County building;
  - And Lewiston, where we merged the former Livermore Falls District Court into the Lewiston District Courthouse.

- We are in the process of consolidating the two separate courthouses in Dover-Foxcroft into one single floor in the Piscataquis County building.
- With the Governor's help and your support, we will soon consolidate three trial court facilities and court staff from four separate buildings into a single courthouse here in Augusta.
- And in Washington County, we will update and renovate the beautiful, but aging, county building with a consolidated facility for both trial courts.

#### 4. Technology.

Our use of technology has also expanded substantially. Although we do not yet have electronic filing, which is one of our ultimate goals, we have achieved several major steps forward.

- **Fine Payments.** Both criminal fines and traffic tickets can now be paid online, speeding recovery of revenues, and reducing the potential for license suspensions and bench warrants.
- **Domestic Violence Orders and Conditions of Release on Bail.** All domestic violence orders are in electronic format and are available instantaneously to law enforcement officers in the field, as are conditions of release on bail in criminal cases.
- **Centralized Warrant Repository.** This year, we will complete a centralized electronic arrest warrant repository again providing instant electronic access in the field to all pending arrest warrants.
- **The Criminal Records Broker.** With the support and cooperation of the Department of Public Safety, and particularly Commissioner Morris and former Commissioner Jordan, we have also completed the new criminal information electronic broker. This is an electronic system that automatically sweeps data in criminal cases from the court system into the State Bureau of Identification.

What this really means is that the days of piling criminal history data into shoe boxes at the SBI and hoping that they will eventually have sufficient staff to type them into an electronic system are over. All new convictions are immediately placed into the SBI's database and become available for appropriate law enforcement agencies.

Community safety is significantly enhanced by these developments, and they ease staffing burdens, not just for the courts, but for local law enforcement, for Pub-

lic Safety, and for others in the criminal justice system. Some of these improvements will require your help in updating our laws, and we will be working with you to craft appropriate changes.

#### CURRENT STATUS

Looking back over these last ten years, we have worked hard to keep our eye on our goals and move forward, notwithstanding the resource limitations.

Unfortunately, the challenges of understaffing have taken their toll on the public. The bottom line is that the limited number of staff and judges simply cannot do all of the work that is generated. With only 53 trial judges across the State, and with 150,000 new cases pouring into the courts each year, the strain is real. That's 600 new cases every court day, and that doesn't include 130,000 traffic infractions. We have had to set priorities, slow the response to nonpriority cases, and even reduce access at certain times. For example, public hours are currently reduced in the clerks' offices in Rumford, Millinocket, and South Paris.

Here is the current snapshot:

- The Maine Judicial Branch today is an organization of 39 courthouses, down from 43, and 493 General Fund positions, down from 512.
- The total operations budget for the current fiscal year for all of the Judicial Branch is just over \$49 million, with another \$6.8 million that is dedicated to debt service.
- 70% of the Judicial Branch operations budget is people, that is, those 493 positions, approximately 35 of which have remained vacant as a result of funding shortages.
- The remaining 30% of the operations budget, just over \$15 million, is the full year-long budget for all nonpersonnel costs for the statewide court system.

It is one of the leanest judicial budgets in the country.

#### THE NEXT DECADE

Nonetheless, given what we have accomplished in the last ten years, with focus and hard work, I am confident that we will meet our goals for the next decade. As we move ahead, in addition to continued progress in security, technology, and consolidations, we will be focusing on several substantive areas that require attention.

### **Business Litigation**

One of our goals must be to provide better public service for our business communities. There are three areas that need help:

#### **Complex Claims: Business and Consumer Docket.**

First, our fledgling Business and Consumer Docket has suffered substantially with staffing limitations. Three years ago, the Business Docket got off to a great start. Some of the most complex business cases in the system were being resolved in nine or ten months. The benefit to businesses of prompt, predictable justice cannot be overstated. Delays and uncertainty do not support a solid business climate. The Business Docket was designed to avoid those problems, and it did so very well in its first full year.

Unfortunately, staffing shortages devastated that Docket over the past year. Chief Justice Humphrey, who guides the Business Docket, is currently working toward an administrative rejuvenation of the Docket. By moving resources from other areas, we hope in six months to have restored the Docket to solid footing once again.

**Small Claims.** Second, small claims, landlord/tenant, and collection matters have had to take a back seat to urgent matters of violence, sexual assault, and children's needs. I have asked the Trial Court Chiefs to design a new case processing plan for these cases as soon as resources are available.

**Intermediate Claims.** And third, we must simplify and reduce the costs for those civil cases that are too big to be filed as small claims, and not large enough to qualify for the complex Business and Consumer Docket. I regularly hear from businesses and other litigants that our system of justice allows too much expensive discovery and motion practice, and makes it fiscally impossible to assert their claims. The bench and the bar are working together to improve the process for these claims.

#### **Access to Justice**

One last cautionary note for the decade to come. We must all work to improve the availability of legal services for vulnerable Maine people who cannot afford an attorney when they are confronted with urgent legal problems including those involving their children, their homes, or, in the face of domestic violence, their very lives. Imagine the confusion, the fear, and even anger of having to be alone in court at a time like that. And we must not abandon our elderly, who are increasingly vulnerable to economic and physical abuse.

The work that you do, in carefully crafting laws to protect our citizens, will be lost if only those who can afford their own lawyers receive the protection of those laws. We cannot allow the phrase "Access to Justice" to become a hollow promise.

### **VISION**

And so, as we prepare for progress, we must keep our eye on the very specific vision of justice we have set out for Maine. I'm going to take the last few minutes to describe some of our most important goals for the decade ahead.

1. First, our court facilities will be physically accessible to everyone and will be safe from dangerous weapons. The court's infrastructure will be designed to best serve the public while keeping costs at a minimum.

- Multiple courthouses in any community will be consolidated into a single facility.
- The largest courthouses will provide central hubs for jury trials and complex litigation.
- Maine's rural system of justice will be strong and vibrant, without the need for reduced public hours. The rural courthouses will become centers of local innovation with improved video communication and reduced costs to local businesses, litigants, and law enforcement.

2. All cases will be heard promptly, because every case type is a priority for the people involved.

- The Business Docket will be fully staffed and providing prompt justice for businesses and consumers.
- Litigants with small claims and landlord/tenant matters will no longer wait months for hearings.
- Criminal Dockets will be streamlined throughout the State.
- There will be sufficient resources to expand innovative judicial approaches that have been proven to be effective, such as the Adult and Family Drug Treatment Courts, Mental Health Courts, and Domestic Violence Courts.

3. Support for access to justice will be strong and deep.

- Maine lawyers, who are already among the most generous in the country, last year donated more than \$300,000 in cash and more than 20,000 hours

of free legal services. They will be even more engaged in their local communities through the work of the Justice Action Group's Library Collaborative, which connects local libraries, more than 50 of them, with key legal information sources, and with local lawyers, in essence, giving each of those communities its own access to justice center.

4. Jury trials will be readily accessible.

- Costs of litigating smaller civil cases will be reduced.
- Jurors, who now receive only 15¢ per mile and \$10 a day, will be reasonably compensated for their community service.
- Maine lawyers will continue to partner with the Judicial Branch to improve public service in the courts.
  - Did you know that in the past two and a half years, the work of Maine trial lawyers, in injury-related litigation, has recovered over 11 million dollars for Maine's Medicaid accounts?

5. Finally, electronic information systems will substantially improve public service.

- Electronic filing will be available in all case types.
- All financial services will be centralized.
- Central help lines will be available to respond to litigants' questions about schedules and process. Other states have dramatically improved public service through these help lines, and we can do the same with just a few additional resources.

All of these goals are works in progress right now, with many of the foundations for realizing the vision progressing well.

And the good news is that Governor LePage's proposed budget for the Judicial Branch will allow us to fill vacancies and will support the Business Court reorganization, allow improved small business case management, and still protect the priority cases. And that budget provides the funding to assure a consolidated, safe, and energy-efficient courthouse, right here in the State's capital, and renovations in Washington County.

Realistically, it will probably be five years for much of the vision to be realized, and possibly ten years before we have electronic filing in every case type. But hav-

ing spent the last ten years working toward many of these goals, I know that they are reachable if we keep our eyes on the prize. And I can tell you that ten years goes by very fast.

### WHAT YOU CAN DO TO HELP

Albert Einstein once said:

In matters of truth and justice, there is no difference between large and small problems, for issues concerning the treatment of people are all the same.

Here is what you can do to help us assure that Maine people are treated fairly regardless of the nature of their legal disputes, where they live, or their ability to afford lawyers.

- First, support the Governor's budget for the Judicial Branch.
- Second, come to our courthouses, watch justice in action, and give us your feedback. I know that many of you have already taken the time to get into your local courthouses and watch the proceedings. Mary Ann Lynch stands ready to help you make the arrangements.
- And finally, if you find extra money, send it on to us. We promise to make the very best use of every dollar you find.

It is an honor as always to speak to you here today. We are grateful for your support for justice in Maine. I wish you the best in the very challenging days and weeks ahead. Thank you.
