

§1182. Public policy

Any contract or part thereof or practice thereunder in violation of any provision of this chapter shall be deemed against public policy and shall be void and unenforceable. [PL 1975, c. 573 (NEW).]

The Legislature finds that the manufacture, distribution and sale of motor vehicles in the State vitally affects the general economy of the State and the public interest and public welfare; that the manufacturers of motor vehicles whose physical manufacturing facilities are not located within the State and distributors are doing business in the State through their control over and relationship and transactions with their dealers in the State; that the geographical location of the State makes it necessary to ensure the availability of motor vehicles and parts and dependable service for motor vehicles throughout the State to protect and preserve the transportation system, the public safety and welfare and the investments of its residents. The Legislature declares, on the basis of these findings, that it is necessary to regulate and to license motor vehicle manufacturers and distributors and their branches and representatives, motor vehicle dealers and any other person engaged in the business of selling or purchasing vehicles in the State in order to prevent frauds, impositions and other abuses against residents and to protect and preserve the economy, the investments of residents, the public safety and the transportation system of the State. [PL 1997, c. 521, §27 (NEW).]
