

§2754. Coverage for diabetes supplies

All individual health policies and contracts, except accidental injury, specified disease, hospital indemnity, Medicare supplement, long-term care and other limited benefit health insurance policies and contracts, must provide coverage for the medically appropriate and necessary equipment, limited to insulin, oral hypoglycemic agents, monitors, test strips, syringes and lancets, and the out-patient self-management training and educational services used to treat diabetes, if: [PL 1995, c. 592, §2 (NEW).]

1. Certification of medical necessity. The insured's treating physician or a physician who specializes in the treatment of diabetes certifies that the equipment and services are necessary; and [PL 1995, c. 592, §2 (NEW).]

2. Provision of medical services. The diabetes out-patient self-management training and educational services are provided through ambulatory diabetes education facilities authorized by the State's Diabetes Control Project within the Bureau of Health. [PL 1995, c. 592, §2 (NEW).]

SECTION HISTORY

PL 1995, c. 592, §2 (NEW).

The State of Maine claims a copyright in its codified statutes. If you intend to republish this material, we require that you include the following disclaimer in your publication:

All copyrights and other rights to statutory text are reserved by the State of Maine. The text included in this publication reflects changes made through the Second Regular Session of the 131st Maine Legislature and is current through October 15, 2024. The text is subject to change without notice. It is a version that has not been officially certified by the Secretary of State. Refer to the Maine Revised Statutes Annotated and supplements for certified text.

The Office of the Revisor of Statutes also requests that you send us one copy of any statutory publication you may produce. Our goal is not to restrict publishing activity, but to keep track of who is publishing what, to identify any needless duplication and to preserve the State's copyright rights.
